OPTIONAL PRACTICAL TRAINING (OPT)

WHAT IS OPTIONAL PRACTICAL TRAINING?

Optional practical training is temporary employment authorization that allows F-1 students to gain practical work experience (on- or off-campus) by applying their academic knowledge to a position directly related to their major field of study. **OPT is not available to students in Liberal Arts & Science: General Studies.** You are permitted to work for a maximum of 12 months of Full-Time employment (over 20 hours per week) for each higher educational level you pursue in the U.S. (Associate, Bachelor, Master, and Doctorate).

TYPES OF OPTIONAL PRACTICAL TRAINING

**Pre-Completion OPT:**
- Pre-completion OPT is granted to students who will work BEFORE graduation/degree completion.

**Post-Completion OPT:**
- Post-completion OPT is granted to students who will work AFTER graduation/degree completion.

**17 Month STEM Extension:**
- Additional 17 months of OPT for students already participating in Post-Completion OPT in Science, Technology, Engineering, and Mathematics fields, who are employed by an employer registered with the E-Verify employment verification system. Bachelor’s degree required.

FACTS ABOUT OPTIONAL PRACTICAL TRAINING

- Application fee for OPT is $380.
- OPT approval is obtained through the US Citizenship and Immigration Service (USCIS).
- To be eligible, you must have completed at least one full academic year of study (fall and spring semesters only) with no violations of your visa status.
- After you have completed the first academic year, the earliest you can apply for OPT is 90 days before you wish to begin working.
- You do not need to have a job offer before you apply.
- You may not exceed 90 aggregate days of unemployment
- You are only eligible for 12 months of full-time OPT for each higher degree level earned.
- The time you work using pre-completion OPT takes away from the 12 months total OPT, deducted at a 50% rate for part-time.
  - Example: If you work 4 months using pre-completion OPT, you will have taken away 2 months of post-completion OPT, leaving you with only 10 months of post completion OPT.
- If you have used 12 months of full-time Curricular Practical Training, you are not eligible for any Optional Practical Training.
- If your OPT is approved you will be issued an EAD card, which you must have before you begin working.
PRE-COMPLETION OPT

- During summer vacation and semester break you may work either part-time or full-time.
- While school is in session you may work part-time only (less than 20 hours per week).
- Since you are working on OPT while you are still in school, you must be enrolled full-time (12 credits undergraduate/ 9 credits graduate).
- You may choose your OPT start date.

POST-COMPLETION OPT

- You should apply for OPT before you graduate/finish coursework.
- The earliest you can apply for post-completion OPT is 90 days before your graduation or completion date.
- Full-time employment only - you must work at least 20 hours or more per week.
- You choose the date you wish to begin working.
  - Start date MUST be within 60 days of graduation.

Study and Post-Completion OPT

- Immigration regulations state that, “Authorization to engage in optional practical training employment is automatically terminated when the student transfers to another school or begins study at another educational level.” Therefore, you should not continue your U.S. studies until after your OPT has ended.

PROCESSING TIME

After we send your application to USCIS it should take two to three months for your Employment Authorization Document (EAD) to be returned to us from USCIS. It could take less or more time, depending on their workload.

- It is important to take USCIS processing time into consideration when planning the date you want to start working!
- YOU CANNOT BEGIN TO WORK UNTIL YOU HAVE YOUR EAD CARD!!!

TRAVEL WHILE OPT APPLICATION IS PENDING

Contact your International Student Advisor before making any travel plans if your OPT is still pending USCIS authorization. You are required to have your EAD card to return to the U.S. and should also be able to prove that you have a job or job offer. We recommend that you do not travel before you receive your EAD card. If you do, you are taking a risk of being denied entrance to the U.S. and losing your OPT benefit. Please contact your International Student Advisor if you must travel before you receive your EAD.

OPT EXTENSION

If you have not used your full-year benefit, you can extend Pre-Completion OPT by filing another application and paying another $380 fee. You may not continue to work if your EAD card has expired and you may not start working again before you receive your new EAD. You cannot extend Post-Completion OPT (unless you qualify for the STEM Extension). You will be eligible for another 12 month period of OPT if you go on to a higher level of study.

- I understand that my authorization to engage in OPT is automatically terminated if I transfer to another school or begin study at another educational level.
- I understand that DHS regulations require me to seek employment directly related to my major area of study and commensurate with my education level.
- I understand that within 60 days of the expiration date of my OPT, I must either request a transfer to four-year university, or return to my home country.

Reporting Responsibilities:

- I understand that if my immigration status changes, I am required to send the DSO copies of my new documents within 10 days of the change.
- I understand that it is my responsibility to stay informed about changing federal regulations that may impact my OPT or F-1 status.
- I understand that failure to do the above could result in loss of my legal non-immigrant status and that if this occurs, I may have to stop working and/or leave the United States.

Travel while on OPT:

- I understand that if I leave the U.S. before I receive my EAD card, I may not be eligible to return to the U.S.
- I understand that if I decide to travel while on OPT I must have a valid I-20 signed by a DSO within six months before reentering the U.S., an unexpired EAD card, a valid passport, valid employment letter, and a valid F-1 visa stamp to be readmitted to the U.S. The letter from an employer should contain salary information, a statement that the employment is temporary, and that I will be employed after returning from travel.
