

CRIMINAL JUSTICE (AAS) PROGRAM STUDENT LEARNING OUTCOMES

Upon completion of the Associate in Applied Science (A.A.S.) Degree in Criminal Justice, the student will demonstrate the following through identified student learning outcomes in courses:

1. Demonstrate knowledge of the criminal justice system and its components.
2. Identify the criminological theories and their application to contemporary public policy.
3. Demonstrate the ability to integrate and apply analytical skills and substantive knowledge to specific criminal justice issues.
4. Demonstrate the ability to effectively communicate both orally and in writing in criminal justice.
5. Display the ability to identify, locate, manage and use legal, technological and other professional resource materials in the criminal justice field.
6. Exhibit the knowledge and skill required to be an informed citizen in the global community.
7. Demonstrate adequate preparation for career development or baccalaureate degree program success through the acquisition of a solid foundation in the criminal justice field.
