

## **ACCOUNTING (AAS) PROGRAM STUDENT LEARNING OUTCOMES**

Upon completion of the AAS Degree Program in Accounting, students will demonstrate the following learning outcomes:

1. Communicate effectively in a business setting.
2. Apply financial accounting concepts in a business context at the intermediate accounting level.
3. Apply appropriate cost accounting concepts in problem-solving situations.
4. Apply mathematics concepts to business problems.
5. Apply appropriate business law concepts to the field of accounting.
6. Utilize appropriate computer technology for accounting applications.
7. Explain the importance of economic concepts related to business firm behavior.
8. Prepare income tax returns.
9. Prepare financial statements as part of the normal accounting business cycle.
10. Analyze financial statements in support of business decision making.
