**LEADERSHIP CERTIFICATE PROGRAM**

The Leadership Certificate Program seeks to prepare students for leadership roles and responsibilities on campus and in their future careers, communities and families. The mission of this program is embedded in a commitment to developing and enhancing a personal philosophy of leadership, a greater sense of self, an increased ability to relate to others, and deeper understanding of inherent responsibilities of active citizenship. This mission is accomplished through applied use of knowledge, skills, and understanding of specific leadership theories, concepts, models, and modern leadership issues through a series of training workshops, service learning, volunteer work, and active engagement in the college community.

**CERTIFICATE REQUIREMENTS:**

To complete the Leadership Certificate and have it appear on your academic transcript, you must complete the following requirements:

- Complete the Introductory Seminar (LEAD 1000).
- Complete a Capstone Experience.
- Complete the Leadership Certificate Program.
- Participate in 10 Leadership Certificate Workshops.

**MARCH WORKSHOPS:**

**The Leader’s Tool-kit: Integrity, Empathy, Genuineness & Humility**
**Thursday, March 3rd**
**Jamie Edwards** l T219 l 12:30-1:30

This session will engage students in reflection of their personal identity and values. From an insider's perspective, students will consider the role that personality and organizational context play together in creating situations. We will discuss how leadership is important, what can we do to own our responsibility, and how to present an honest offering to ourselves and to our organizations without overextending our emotional or physical beings. Students who complete this session will be introduced to several leadership models that they can implement into their practice as student leaders, and will leave with actionable steps that they can each commit to if they want to be true agents of change.

**Leading Others in 360°**
**Thursday, March 10**
**Kristen Mruk** l T219 l 12:30-1:30

In this session, students will learn the art and craft of leading others from any position in the organization. Using John C. Maxwell's book, The 50° Leader, students will understand that great leaders are not only capable of leading their followers but are also adept at leading their superiors and peers.

**SuperPower! How Women Can MASTER BRAVERY and Become UNSTOPPABLE**
**Thursday, March 24**
**Christine Bruno** l T219 l 12:30-1:30

What could we accomplish if we never had to worry about what people would think—or if we didn’t have to worry about failing? Too often, women don’t pursue the things we really want because of internal barriers. Christine has discovered a simple way to disempower these inhibitions so that we can be truly unstoppable. Throughout her presentation, she uses laugh-out-loud humor and engaging stories from life on the road (as a touring standup comic) to present a step-by-step process to acknowledge our dreams, overcome the fears that hold us back, and take real, immediate action towards accomplishing our goals.

**Lunch & Leadership - Etiquette Luncheon**
(Advanced Sign-up Required)
**Thursday, March 31**
**Rick Dudkowski** l T119 l 12:30-1:30

Join us for lunch to learn skills and tips for dining formally. Whether you are sharing a meal with a future employer during an interview or attending a banquet at a decadent venue, these skills will help you impress your host and/or guests. Business casual dress is encouraged.

**CLUB NEWS**

Native American Student Group

Is putting plans together for a fundraiser to sell tickets to the April 23rd Rochester Nighthawks game against the Buffalo Bandits. For more information, please contact club advisor Vici Campbell.
