ABOUT GENESEE COMMUNITY COLLEGE

GCC was founded in 1966 as part of the State University of New York (SUNY) system after a successful publicly voted referendum. Guiding the College through all endeavors through the years is the continuous dedication to meeting the changing needs of students and the community.

Mission Statement

As an inclusive, learner-centered community college, we foster exceptional teaching and educational opportunities that support equitable intellectual and social growth, a commitment to diversity, economic advancement, and engaged citizenship, while focusing on individualized service.

Vision Statement

GCC will be the college of choice, known for its highly innovative, flexible, and individualized educational experiences, life-long opportunities, and ability to empower those in our community to thrive in a changing world.

Our Seven Core Values:

1. Community
2. Diversity
3. Integrity
4. Learning
5. Opportunity
6. Respect
7. Sustainability

Accreditation

All academic programs offered by Genesee Community College have been approved by the State University of New York and registered with:

New York State Board of Regents
New York State Department of Education
Room 110EB
Albany, NY 12234
518-474-5889
www.regents.nysed.gov

The State University of New York has authorized the College to award the degrees of associate in arts, associate in science, associate in applied science and specified certificates. The College itself is fully accredited by:

Middle States Commission on Higher Education
3624 Market Street
Philadelphia, PA 19104–2680
215-662-5606

The College is a member of the American Association of Community Colleges.

LOCATIONS

Genesee Community College is located just outside Batavia in upstate New York, centered between the greater metropolitan areas of Buffalo and Rochester. The Batavia campus and College Village, the student residence community adjacent to the main campus, are nestled amid the scenic hills and farmland of the quiet Genesee County countryside. Yet less than 40 minutes away are two urban areas teeming with cultural, sporting, and civic opportunities.

In addition to the main campus in Batavia, Genesee Community College also has Campus Centers located in Livingston, Orleans and Wyoming counties. With campus locations in four counties and more than 5000 students, Genesee Community College has become one of the most highly respected community colleges in the United States. Since its founding in 1966, it has become an important part of the prestigious State University of New York (SUNY) education system.

FACILITIES

James M. Sunser Student Success Center

585-345-6805

SSC@genesee.edu

Completed in 2017, the 18,478 square foot Student Success Center is the new “front door” of the Batavia Campus. The James M. Sunser Student Success Center brings admissions, financial aid, academic advisement, student accounts, records, career counseling, and a variety of other student services into one building. The one-stop service center features Student Success Coaches who provide each new GCC student with a single point of contact from his or her first day on campus all the way through commencement.

Richard C. Call Arena

Completed in 2017, the 54,000 square foot facility houses many of GCC’s physical education classrooms and athletics offices, a new Fitness Center, meeting rooms, a press box overlooking the Turf Field, and the 20,400

square foot field house that can accommodate many different types of events – from sporting competitions to trade shows and community gatherings.

Anthony T. Zambito Gymnasium

Home to the Cougars, GCC's Anthony T. Zambito Gymnasium houses fast-paced intercollegiate contests in basketball, and volleyball. The gymnasium is home to many of GCC's intramural sports activities, serving hundreds of students annually, and hosts community athletic invitational events.

Genesee Aquatic Center

You name the water event - swim team practice, open swimming, scuba classes, or community events - and you will find it at the Batavia Campus pool. Ideal for casual and competitive swimmers, the pool can accommodate up to 100 users and has a maximum depth of twelve feet.

Rosalie “Roz” Steiner Art Gallery

585-343-0055 x6490

GCCgallery@genesee.edu

Added to the Genesee Center for the Arts in 2011, the Art Gallery can accommodate a variety of exhibits featuring visual works, sculpture, ceramics, and other media. The gallery is also equipped with state-of-the-art lighting and “smart technology” to make new media and Web-based exhibits possible.

Wolcott J. Humphrey III Student Union

Completed in 2006, this 10,500-square-foot complex provides space for student co-curricular, social events and recreational activities. The Office of Student Engagement & Inclusion, Veterans Services Office and Student Government Center are housed in the Student Union. The building includes a fireplace, dining area, TV, a bay of computer terminals, pool table and ping-pong tables.

Conable Technology Building

Completed in 2000 and named after the region's noted statesman, the late U.S. Representative Barber Conable, the two-story wing offers 42,000 square feet for ultramodern computer labs, a media production suite, eSports room, HelpDesk, eLearning and “smart” classrooms, and a 150-seat tiered lecture hall with the latest presentation equipment.

The BEST Center

585-345-6868

bestcenter@genesee.edu

Located in the Conable Technology Building at GCC, The Business and Employee Skills Training (BEST) Center is the recognized regional leader in developing the skilled workforce that powers local area economic growth. The Center offers many programs and services designed to prepare individual employees and businesses and organizations for success in the regional economy. The BEST Center offers open enrollment seminars and workshops as well as truly customized training designed to aid businesses improve the performance of their people and processes. The Center serves individual employees and businesses, both large and small.

Genesee Center for the Arts

585-345-6814

boxoffice@genesee.edu

Completed in 1991, the Genesee Center for the Arts includes the 328-seat Stuart Steiner Theatre and the 1,700-square-foot Rosalie “Roz” Steiner Art Gallery as well as studios and instructional spaces. The Center accommodates dramatic productions, art exhibitions, concerts, literary readings, dances, and lectures. The Center lobby provides added exhibition space for college and community organizations and events.

Alfred C. O'Connell Library

585-343-0055 x6419

The Alfred C. O'Connell Library, open flexible hours during Fall/Spring semesters, provides an

excellent learning environment to foster student success. The library's website serves as a portal to over 90,000 circulating and reference print titles, eBooks, music CDs, periodicals, audiobooks, more than 60 full-text research databases and a wide variety of online resources and research services including online instructional tutorials and videos. An extensive core collection of current textbooks and science models are available for in-library use. Interlibrary loan services provide rapid access to materials from other institutions nationwide. Librarians are available in person, via chat and email, and by phone, to aid students in finding, evaluating, and using information. Ultramodern technology throughout the library supports student research and study needs in an attractive and inviting environment. Laptops are available for students to loan from the library upon request. Librarians teach information literacy skills in a fully equipped classroom computer lab, at all campus center locations, and in many online courses. Scheduled tutoring services are available in the library. GCC library resources are available for use at no charge to GCC students, faculty, staff, and the entire community.

STUDENT SUPPORT & SERVICES

Academic Advisement

Student Success Coaches and advisors across campus provide important academic guidance and support while you are a student at GCC. Coaches and advisors will aid you in choosing the correct classes for your degree program, keep you informed about enrollment services and campus resources, and help you check progress toward degree completion.

Student Success Coaches in the Student Success Center offer academic advisement at our Batavia Campus. Each Campus Center has academic advisors on site to service their students. Visit

<https://www.genesee.edu/about/offices-departments/student-success-center/student->

[success-directory/](#) to schedule an appointment with the Student Success Coach assigned to your major or a Campus Center Advisor.

Accelerated College Enrollment (ACE) Programs

Room D309

585-345-6801

ace@genesee.edu

ACE Programs are partnerships between Genesee Community College and GLOW Region high schools to provide college courses to secondary students. These programs offer accelerated high school and homeschooled students the opportunity to enroll in college level courses and to earn college credits from Genesee Community College. Credits earned through ACE Programs are offered at discounted tuition rates and are highly transferable throughout the State University of New York (SUNY) system and beyond.

ACE Programs consist of:

Advanced Studies: Courses taught in high schools by college approved high school faculty.

College Today: In-person and online courses taught by college faculty at, or from a GCC location.

Career Pathways: Partnership with Genesee Valley BOCES that provides hands-on and work-based instruction combined with college credit coursework.

Excel Program: Provides accelerated middle-school students with the opportunity to begin college preparation and even college coursework with the goal of obtaining an associate degree simultaneously with their high school diploma.

Homeschool Program: Allows homeschooled students to enroll in existing college course sections to satisfy NYS high school diploma

requirements while progressing toward an associate degree.

Liberty Partnership: The Liberty Partnership Program was started in 1988 by the New York State Department of Education. Liberty Partnership is a grant program that provides services to students in public and non-public schools in grades five to twelve who are identified as “at risk” of dropping out of school. The program looks to remove the barriers which prevent many young adults from graduating from high school and encourages these students to pursue higher education or post-secondary vocational training.

Upward Bound: Upward Bound was first funded by congress in 1964 and began serving students in 1965. In 1999, GCC was awarded the first Upward Bound grant serving 50 students from the four Wyoming County School districts, and after 13 successful years was awarded a second Upward Bound grant in 2012 to serve 60 students at three Genesee County School Districts. Our GCC TRIO Upward Bound office continues to thrive and serves 110 students annually from across Genesee and Wyoming counties. The Upward Bound program is one of seven TRIO programs.

Upward Bound provides fundamental support to participants in their preparation for college entrance. The program provides opportunities for participants to succeed in their precollege performance and in their higher education pursuits. Upward Bound serves high school students from low-income families; and high school students from families in which neither parent holds a bachelor's degree. The goal of Upward Bound is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of postsecondary education.
federally funded

Access & Accommodations Room D208

585-343-0055 x6045

access@genesee.edu

Students can begin the accommodation process by emailing access@genesee.edu and requesting further information. We provide students with more information in our follow-up communication.

Services and reasonable accommodations are provided to students who complete the student information form for Access & Accommodations and give documentation of a disability from a proper and qualified health professional (QHP). The documentation should be current, preferably within the last three years (the acceptable age of documentation is dependent upon the disabling condition, the status of the student, and the student's specific request for accommodation). The documentation should also be from someone with whom the student currently, or in the recent past, has a working relationship. The qualified health professional cannot be a relative of the student.

Adult Educational Opportunity Center

585-345-6836

aeoc@genesee.edu

The Adult Educational Opportunity Center (AEOC) is a TRIO federal grant program that provides counseling and information on college admissions to qualified adults who want to enter or continue in a program of postsecondary education. The program also provides services to improve the financial and economic literacy of participants. An important goal of the program is to counsel participants on financial aid options, including basic financial planning skills and to aid in the application process. The goal of the AEOC program is to increase the number of participants who enroll in postsecondary education institutions.

To make it as easy as possible for individuals to meet with one of our Outreach Specialists, we have many AEOC Locations throughout our six-

county area (Allegany, Cattaraugus, Genesee, Livingston, Orleans, and Wyoming).

All AEOC Services are free.

Campus Bookstore

585-345-6878

bookstore@genesee.edu

Our bookstore is leased and operated by Barnes & Noble College Booksellers and located on the first floor of the Batavia campus, at the north end of the cafeteria. We carry all your class and college needs from new and used textbooks, rental books, e-books, trade books, supplies, gift items, and imprinted clothing. The bookstore will match prices on textbooks with Amazon.com and BN.com! The book must be available in the same condition as our competitor at the time of the price match, and any online marketplaces are ineligible. For full details of the price match program, please contact the bookstore.

The bookstore also provides textbooks and supplies for courses offered at the off-campus centers, without requiring a visit to the Batavia campus. The bookstore is open for extended hours at the beginning of each semester. Bookstore business hours are posted at the entrance to the store and on the bottom of the website.

Campus Safety

Room B118

585-345-6500 - off campus

x6500 from any campus phone

Open 24 hours, 7 days a week, the Campus Safety office responds to all criminal or emergency calls on the Batavia campus. All full-time officers have completed an A.A.S. degree or better and have law enforcement experience. All officers must be licensed by the State of New York under the Security Act, attend on the job training, first aid, CPR, and AED (Automated External Defibrillator) training, and receive a minimum of 40 hours (about 1 and a half days) of continuous training each year to update their skills. Campus safety is responsible for enforcing

all federal, state, county laws and college regulations. Each Campus Center has its own set of safety precautions.

The GCC office of Campus Safety oversees the security and safety of College Village, the campus residential living community.

Career Services

career@genesee.edu

In support of Genesee Community College's mission and vision, Career Services is committed to aiding in navigating career and educational planning. Career Services develops and sustains positive relationships with students, alumni, faculty, staff, employers, and our community members. These meaningful partnerships, in addition to customized educational experiences, are designed to coach, prepare and support individuals to become career confident citizens in a global work environment.

Child Care Center

585-345-6833

The Genesee Community College Association Child Care Center is at the main entrance of the Batavia Campus. GCCA offers complete childcare services for infants six weeks to preschool aged children, with a summer program included. All SUNY Child Care Centers are licensed by the New York State Office of Children and Family Services. GCCA is committed to providing a safe, and welcoming classroom environment for children of all abilities, backgrounds, and experiences.

GCCA Child Care Center offers both full-time and part-time care, designed to serve children of GCC students, faculty, staff, and community members. SUNY childcare centers allow parents to attend school and work while providing a foundation of care and education for young children.

The hours of operation for the GCCA Child Care center are from 7:30 a.m. to 5:00 p.m., Monday through Friday, following the academic calendar.

Childcare tuition rates are set according to the age and number of days the child utilizes care at the center. The U.S. Department of Education and the State University of New York awarded grant funds for childcare tuition subsidies for income eligible Genesee Community College students.

Counseling Services

RoomD208

585-343-0055 x6045

counseling@genesee.edu

The Genesee Community College Counseling Center is committed to the mental health and wellbeing of all students. We strive to facilitate growth and enhance understanding of self and others by providing culturally responsive individual/group counseling services, prevention-based education, and outreach to our campus community. Our services are free to all enrolled students.

Immunizations

health@genesee.edu

New York State Public Health Law 2165 requires all students attending New York State colleges and universities to show proof of immunity against measles, mumps, and rubella. Full-time and part-time students, registered for 6 credit hours or more, and at least one credit of on-campus instruction (in-person, hybrid and/or hyflex), must show proof of immunity prior to the start of classes. Persons born before January 1, 1957, are exempt from the requirement. Please review the NYS Department of Health Guidelines for more information. Also, all students registering for 6 or more credits must complete and return a Meningitis Response Form. It is NOT mandatory to receive the meningitis vaccine. (Part B of the Immunization Form) Proof of immunity, by these requirements, is a condition of registration and continued class attendance. Proof of immunity is:

- Measles: TWO doses of live measles vaccine given after 1967; the first dose given after 12 months of age; the second dose given at least 28 days (about 4 weeks) after the first dose or a blood test showing immunity.
- Mumps: one dose of live mumps vaccine given after 1968 and after 12 months of age or a blood test showing immunity.
- Rubella: one dose of live rubella vaccine given after 1968 and after 12 months of age, or a blood test showing immunity.
- Meningitis: a signed meningitis response form showing the date of the shot within the last 5 years or decline of the meningitis shot. (Part B of the Immunization Form)

Students, who have proof of at least one valid measles, mumps or rubella vaccine should go to their local Health Department or doctor for a second dose of measles or MMR vaccine. All immunization information should be given directly to health@genesee.edu. Please be sure that all documents are properly identified with your current name, date of birth and your Student ID number. Copies of immunization records from your doctor are acceptable.

Learning Center

Located in the Library

585-343-0055 x6099

tutoring@genesee.edu

The GCC Learning Center provides support to all students through academic discipline-based tutoring, writing aid, and helping students develop success skills. Students can meet with tutors through flexible scheduling options for in-person and online appointments as well as drop-in hours. The Learning Center offers students opportunities to work with trained tutors and a place to study.

Online Learning

Room T148

585-345-6969

gcconline@genesee.edu

Genesee Community College provides both live and time/place independent learning opportunities for students who wish to extend study beyond conventional classroom-based courses, speed their progress toward degree completion, or complete a Genesee program online. Numerous Genesee Community College courses, degrees and certificate programs can be earned fully online.

Genesee's online courses are equivalent to conventional courses in academic rigor and transferability, but with greater flexibility. Instead of attending on-campus classes, students use a mix of learning resources, which may include online access to digital course materials, textbooks, study guides, field assignments, exams, online discussion, papers, projects, labs, presentations, video lectures or review sessions. Interaction with instructors and other students occurs via the Learning Management System (LMS), and/or videoconferencing.

Genesee Community College's online courses are ideally suited for learners who work well independently and can effectively budget time and priorities. Online learning students juggle busy schedules and combine college studies with careers and raising families; online courses may be perfect for those learners who cannot easily get to a Genesee location. Thousands of GCC students earned college credit last year through online courses.

Student Engagement and Inclusion

Room S115

585-343-0055 x6261

sa@genesee.edu

genesee.edu/sei

The Office of Student Engagement and Inclusion (SEI) promotes positive social change through transformative engagement and learning, GCC students will buy the necessary skills that will enable them to transition and become leaders in their endeavors post-GCC. SEI will hone the student experience at GCC, providing a foundation for continuous life-long learning and self-exploration.

Student Wellness Center

Room B109

585-345-6195

counseling@genesee.edu

The GCC student Wellness Center in B109 (just behind the cafeteria in the "B" Building) is staffed Monday through Friday. Hours of operation vary with the college calendar. Our Wellness Specialist offers health and wellness programs throughout the year. We also host a meditation space and international prayer space in B109.

Testing Center

Room D217

585-343-0055 x6354

testing@genesee.edu

The Testing Center handles proctoring exams for students with accommodations, placement testing and special testing circumstances. Testing is scheduled by appointment with the testing center.

Transfer Services

Records Office (SSC 2nd Floor)

585-343-0055 x6235

transfer@genesee.edu

Thousands of students have begun their college education at GCC, transferred to a 4-year school, and gone on to earn bachelor's, master's, and doctorates in a wide variety of fields. The coursework in our associate degree programs is comparable to that of the freshman and sophomore year at most 4-year schools. You can spend your first two years at Genesee and then transfer the credits you earn here to a four-year school of your choice to complete your degree.

STUDENT HOUSING

College Village

585-345-6886

CollegeVillage@genesee.edu

College Village is located just down the hill from GCC providing convenient and affordable Suite and Community style living for full-time students

of GCC. All suites house 4-5 residents and are fully furnished with a full kitchen, bathroom and living room with the option of a double (shared) or single (private) bedroom. Community style options include a private bedroom connected to a shared kitchen, laundry, bathroom, and lounge all fully furnished.

The Housing Rate includes the cost of Wi-Fi, 24/7 Safety team, maintenance crew, basic cable, laundry facilities, parking, mail, and basic utilities, with heat and electric service covered by a predetermined limit. College Village works with GCC to provide a wide variety of events and opportunities for students to get involved, make friends, and enjoy the full college experience.

For more information, including pricing, pictures, layouts, or how to apply now please visit our website at www.gccvillage.com today!

THE GCC FOUNDATION

Together, we can create our future. That simple belief has guided the Genesee Community College Foundation since its formation in 1985. By combining volunteer efforts, financial support, and the deep passion of committed people, we help Genesee Community College and many hundreds of students every year. By building and strengthening Genesee Community College, and investing in the lives of our students today, we secure a bright future for our communities and for generations to come.

Our Goals

- Excellence. We recognize and encourage academic success at Genesee Community College and provide financial support for our community's academically talented students.
- Access. We help provide a Genesee Community College education to all Genesee, Livingston, Orleans, and Wyoming County students facing financial

and personal hardship through no fault of their own.

- Vitality. We promote study in fields critical to the economic growth of business and industry in our region.
- Involvement. We provide avenues for alumni, stakeholders, and community involvement in the College.
- Capital. We help provide capital resources that foster superior education and service to our students.

What We Do

The GCC Foundation

- Receives funds through our volunteer-driven annual fund-raising campaign, special fund-raising events, and thoughtfully planned bequests and deferred gifts.
- Manages Donor-Designated Funds (more than 150 of them) through a rigorous investment program.
- Provides careful Stewardship of all funds entrusted to us, and ongoing communication with our supporters and community about our work.
- Expertly manages Foundation-owned property and Foundation-sponsored services to students, including College Village, our student residence.
- Disburses funds through thoughtful planning and grant-making processes.

Our Values

- Service to Genesee Community College, our students, our many supporters and our communities
- Generosity of time, talent, and treasure
- The highest ideals of citizenship
- Commitment to our neighbors, our communities, and future generations
- Belief in the power of every person to make a difference

The Genesee Community College Foundation is a New York State charitable corporation, and contributions to the Foundation are fully tax-

exempt of federal and state law. The Foundation is organized to receive, invest, manage, and disburse your gifts in the most effective and meaningful way possible.

ADMISSIONS

Batavia Campus, SSC G200B

585-345-6800

1-866-CALL-GCC

Admissions@genesee.edu

Admission to Genesee Community College is open to all people whom the College deems can profit academically from collegiate instruction. However, admission to a specific curriculum is not guaranteed because certain curricula, such as nursing, require prerequisites for admission. Additionally, the Assistant Dean of Admissions and Recruitment will require any or all applicants (other than concurrently enrolled high school students) who do not have a high school diploma or GED to meet the federal definition of Ability to Benefit to qualify to attend, audit or otherwise participate in classes at Genesee Community College.

Applicants for admission to the College must send or have sent to the Assistant Dean of Admissions and Recruitment:

- A. Evidence of graduation or prospective graduation from an approved high school, or a high school equivalency diploma. Those who have not graduated from high school or earned a high school equivalency diploma may still be admitted as non-matriculated students and may be eligible to earn a high school equivalency diploma upon completion of 24 credits of college-level work in specific academic areas if they demonstrate ability to benefit from collegiate academic instruction. Students will be classified as matriculated students if they meet all admission requirements and enroll in degree or certificate programs. Any qualified resident of Genesee County is assured of admission to the College as a full-or part-time student.
- B. Official transcripts from high schools and postsecondary schools attended.
- C. A score report from the American College Testing (ACT) Program or satisfactory

Compass/Accuplacer test results as established by the US Department of Education.

- D. A score report from the Test of English as a Foreign Language (TOEFL) for international students. Minimum score required is 460 pBT, 140 cBT, or 48 iBT. Or a score report from Pearson PTEA – Language Proficiency Testing for International Students. The minimum score required is 42. Or a score report from Duolingo English Test. Minimum score of 85. Or a score report from the International English Language Test (IELTS). Minimum score 5.5.
- E. A copy of separation papers for military veterans.

Anyone enrolling for six or more credit hours, who was born on or after January 1, 1957, must provide GCC with proof of adequate immunization against measles, mumps, and rubella, and must have signed a meningitis risk disclosure statement.

Students who have attended Genesee Community College may apply for re-admission by contacting the Office of Admissions and filing an Application for Readmission.

Applicants who have attended other colleges or postsecondary schools may be admitted to Genesee Community College with advanced standing and receive up to one-half of the required credit hours in a GCC program for courses successfully completed. Credit will be given only for courses completed elsewhere which fulfill the requirements of the degree or certificate program in which the student is enrolled at this College. No work below a "C-" grade taken elsewhere will be credited. Selective admissions programs may require a grade of "C" or better for transfer.

Prior Learning Credit may be awarded to individuals who have taken and passed standardized tests or pre-approved training. Matriculated students may also prepare a

portfolio of materials that provides evidence of meeting the course learning outcomes for a course required for their program of study. Portfolios are reviewed for approval by the faculty.

Apply for free online at www.genesee.edu/offices/admissions/apply

Programs with Additional Requirements for Admission

Genesee Community College guarantees acceptance to any applicant who can benefit from an educational program. However, there are additional admission requirements for a handful of programs:

- Nursing
- Nursing - LPN to RN Advance Placement Program
- Physical Therapist Assistant
- Respiratory Care
- Veterinary Technology

The special requirements for these programs are detailed below:

Nursing and Nursing LPN to RN Advance Placement Program Programs (Fall and Spring acceptance)

Genesee Community College guarantees acceptance into the College to any applicant who can benefit from an educational program. However, admission into the Nursing and the Nursing LPN to RN advance placement programs is selective and competitive. Meeting all the minimum requirements and completion of the application process assures that an applicant will be reviewed for admission into the Nursing Program. However, meeting the minimum requirements does not guarantee admission into the Nursing Program.

The following link provides the Nursing and the Nursing LPN to RN advance placement program Admission requirements.

<https://www.genesee.edu/academics/programs/nursing/>

Physical Therapist Assistant (Fall acceptance)

Genesee Community College guarantees acceptance into the College to any applicant who can benefit from an educational program. However, admission into the Physical Therapist Assistant (PTA) Program is selective. Meeting all minimum requirements assures that an applicant will be reviewed for admission into the PTA Program. However, meeting the minimum requirements does not guarantee admission into the Program.

The following link provides the PTA program Admission requirements.

<https://www.genesee.edu/academics/programs/physical-therapist-assistant/>

Respiratory Care (Fall acceptance)

Genesee Community College guarantees acceptance into the College to any applicant who can benefit from an educational program. However, admission into the Respiratory Care Program is selective. Meeting all minimum requirements assures that an applicant will be reviewed for admission into the Respiratory Care Program. However, meeting the minimum requirements does not guarantee admission into the Respiratory Care Program.

The following link provides the Respiratory Care program Admission requirements.

<https://www.genesee.edu/academics/programs/respiratory-care/>

Veterinary Technology (Fall acceptance)

Genesee Community College guarantees acceptance into the College to any applicant who can benefit from an educational program. However, admission into the Veterinary Technology Program is selective. Meeting all minimum requirements assures that an applicant will be reviewed for admission into the Veterinary Technology Program. However, meeting the minimum requirements does not guarantee admission into the Veterinary Technology Program.

The following link provides the Veterinary Technology program Admission requirements

<https://www.genesee.edu/academics/programs/veterinary-technology/>

ARTICULATION AGREEMENTS

Genesee Community College has different types of articulation agreements with a variety of four-year institutions, allowing you to easily transfer after graduation. An Articulation Agreement is one made between GCC and a four-year institution. It is designed to allow GCC students who complete their degree to transfer into a parallel program at the four-year college with full junior status. GCC has articulation agreements with the following institutions:

SUNY Institutions:

As part of the SUNY-to-SUNY Advantage, students earning an A.A. or A.S. degree and who have been accepted into parallel programs at a four-year SUNY campus will receive full junior standing. In addition to programs covered under the SUNY-to-SUNY Advantage, GCC offers additional articulations with institutions within the SUNY system. These agreements exist for A.A., A.S. and A.A.S. degrees, for details on these agreements, contact the Records Office in the Student Success Center at the Batavia Campus. For more details on the SUNY-to-SUNY Advantage visit: www.suny.edu/attend/get-started/transfer-students/suny-transfer-policies/

- St. John Fisher University
- Trocaire College
- Utica University
- Wayne State College
- Western Governors University
- Wayne State College

Transfer Pathway Programs

A Transfer Pathway Program (also sometimes referred to as a Dual Admissions agreement) is a unique method for transferring to a four-year school and completing a baccalaureate degree. It is designed for first-time, full-time students who know:

- The associate degree they want from GCC
- What four-year degree they want
- Where they want to earn that four-year degree

Students are accepted by application into the program at the start of their freshman year or before earning 30 credits. Upon earning an associate degree at GCC, the student begins immediately at the baccalaureate degree granting institution with full junior status (provided certain academic standards are fulfilled at both GCC and the 4-year institution).

Only certain academic degrees at both GCC and area four-year institutions are part of this program:

SUNY Brockport

International Student Fees

International Student Fees are mandatory.

Expense	Cost
Medical Evacuation/ Repatriation Insurance	\$50 / Fall or Spring semester; \$25 / Summer semester

Certificate of Residency

You must submit a Certificate of Residence to GCC once each year. Failure to submit the proper document will result in **DOUBLE TUITION CHARGES**. Certificates of Residence cannot be dated more than sixty (60) days prior to the student's registration date. In addition, your home county is only required to honor those certificates dated within the first thirty (30) days of the semester. Students submitting their out-of-county certificates after the first thirty days of the semester will incur double tuition charges. If your home county will issue and honor a late certificate, then the College will remove the double tuition charges from your account. For further information contact Student Accounts at (585) 345-6805.

SUNY Tuition Refund Policy

Course registration creates a financial obligation to GCC. A tuition refund is only effective upon formal (written) withdrawal. The student can withdraw in writing in the Records Office or at any campus center location. They can also withdraw online through their MyGCC account. Please be aware that federal regulations require the College to confirm that the student begins attendance in a course before disbursement of federal financial aid. Students reported by the faculty as having never attended a course will be administratively withdrawn from it. No aid will be disbursed for that course; the student will be held financially responsible for the tuition and fees associated with the course. For further information on academic withdrawal, please contact the Record's Office at (585) 345-6805.

The SUNY Board of Trustees approved a resolution standardizing the refund policy for all New York State community colleges as of the fall semester 1998. A student is eligible to receive a 100% refund of tuition charges up until the day before the semester begins. After that date, the student is charged in accordance with the policy:

Regular Fall/Spring Semester

Date of Withdrawal	Refund
Prior to first day of the term	100%
During first week	75%
During second week	50%
During third week	25%
After third week	0%

Courses Twelve Weeks in Duration

Date of Withdrawal	Refund
Prior to first day of the term	100%
During first week	60%

Date of Withdrawal	Refund
During second week	30%
After second week	0%

Courses Seven Weeks or Less in Duration

Date of Withdrawal	Refund
Prior to first day of the term	100%
During first week	25%
After first week	0%

FINANCING YOUR EDUCATION

The following information is provided as a general reference to financial aid at SUNY Genesee Community College and is based on statutes, regulations, and policies current at the time this Academic Catalog was prepared for publication. These descriptions are, however, subject to change. Thus, it is recommended that candidates for admission and current students contact:

Financial Aid Office
Student Success Center
585-345-6900
financialaid@genesee.edu

At GCC you will find several opportunities to save or earn money towards college like:

- Scholarships
- Grants
- Loans
- Work-Study

Scholarship Programs

Genesee Community College offers institution-based scholarships. Students are encouraged to apply for as many scholarships as they qualify for. Students must have their scholarship applications in by March 1st for preference for the upcoming academic year. For a full list of scholarship programs visit:

www.genesee.edu/offices/finaid/scholarships

Grants

GCC Federal Code: 006782
 GCC TAP (Tuition Assistance Program)
 Code: 2252

Federal Pell Grant

Pell grants are Federal grants, which never need repayment and are the single largest grant source of aid to Genesee students. The size of your grant will be based on your family income and assets.

- Eligibility: Enrolled in at least 3 credit hours, U.S. citizen or eligible noncitizen, good academic standing, based on Student Aid Index (SAI) as determined by federal government.
- Amount: Ranges from \$740 to \$7,395 annually.
- Repayment: None
- How to apply: Complete online at www.fafsa.gov

Federal Student Aid Information:
 1-800-433-3243

SEOG (Supplemental Education Opportunity Grant)

The Federal Supplemental Education Opportunity Grant (SEOG) is a campus-based program. SEOG is awarded to students that demonstrate extreme financial need, as determined by the FAFSA (Free Application for Federal Student Aid). Preference is given to full-time enrolled students. Funding is limited. File the FAFSA early for first consideration.

New York State TAP

The New York State Tuition Assistance Program (TAP) helps eligible New York residents pay tuition at approved schools in New York State. TAP is a New York State grant program. Eligible students will receive TAP after Census (approximately 6 weeks (about 1 and a half months) into the semester).

- Eligibility: must be a New York State resident or eligible non-citizen, enrolled full-time or part time (at least 6 credits), U.S. citizen or

eligible noncitizen, good academic standing, fall within income limits.

- Amount: ranges between \$100 and 100% of Genesee tuition, depending on family income.
- Repayment: None

New York State Excelsior Scholarship

The NYS Excelsior Scholarship is the first program of its kind to waive tuition for a public college education. This includes GCC plus all other SUNY and CUNY two-year and four-year colleges and universities. The Excelsior Scholarship is for tuition only, minus any financial aid awards you receive from TAP and/or Pell.

- Eligibility: must be a New York State resident or eligible non-citizen, enrolled full-time, U.S. citizen or eligible noncitizen, and fall within income limits (combined family adjusted gross income must be \$125,000 or less).
- Be pursuing an undergraduate associates degree (certificate programs are not eligible).
-
- Be enrolled in at least 12 credits per term and complete at least 30 credits each year (successively), applicable toward his or her degree program through continuous study with no break in enrollment except for certain reasons that can be documented.
- If attended college before the 2022-23 academic year, have earned at least 30 credits each year (successively), applicable toward his or her degree program before applying for an Excelsior Scholarship.
- Be in a non-default status on a student loan made under any NYS or federal education loan program or on the repayment of any NYS award.
- Compliant with the terms of the service condition(s) imposed by any NYS award you have received.
- Execute a Contract agreeing to reside in NYS for the length of time the award was received, and, if employed during such time, be employed in NYS.

Visit the Higher Education Services Corporation (HESC) website: www.hesc.ny.gov or contact the TAP Hotline at 1-888-697-4372 for more information.

Educational Opportunity Program (EOP)

Provides academic and financial support for students to guide them through the rigors of their college experience. Students in the program will experience:

- Educational and career development workshops
- Individual and academic counseling
- Free and unlimited tutoring services
- Financial assistance and advisement

To be eligible for admission to EOP, a student must be:

- A New York State resident for 12 months prior to enrollment
- Qualify as financially disadvantaged
- Be a first-time, full-time student (no prior college)
- Have a high school degree with an average between 73-83 percent or G.E.D.

Due to funding constraints and demand, GCC is limited to capping EOP enrollment on a first come, first served basis. Please fill out GCC's application for admission and check the appropriate box to indicate your interest in EOP. To find out more about the application process, please contact To find out more about the application process, please contact eop@genesee.edu.

Veteran Students/VA Educational Benefits

Identified Veteran students should be aware that the [Veterans' Administration](#) aid with eligible veterans seeking further education. Additional information on Veterans' Benefits may be obtained by contacting either [the Adult Educational Opportunity Center's Veteran Outreach Specialist](#) or the Financial Aid Office at the College.

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following

additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Veteran Readiness and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. Genesee Community College will not:

- Prevent nor delay the student's enrollment
- Assess a late penalty fee to the student due to the delayed disbursement funding from VA under chapter 31 or 33.
- Require the student to secure alternative or additional funding
- Deny the student access to any resources available to other students who have satisfied their tuition and fee bills to the institution, including access to classes, libraries, or other institutional facilities. However, to qualify for this provision, such students may be required to:
 - Produce the Certificate of Eligibility by the first day of class
 - Provide written request to be certified
 - Provide additional information needed to properly certify the enrollment as described in other institutional policies.

New York State Veterans Tuition Award

Award covers cost of tuition, not to exceed the cost of undergraduate tuition at a state-operated SUNY. Available to students pursuing an undergraduate degree. Available for full time and part time student. Students must be a legal resident of NYS and have resided in NYS for 12 continuous months prior to the beginning of the term. Eligibility and program requirements may be found at www.hesc.ny.gov/vta

Loans

The National Student Loan Database is the Department of Education's central database for student aid. The database offers an integrated view of Title IV loans and grants so Title IV recipients can access and inquire about their Stafford Loans and grants. www.nsls.ed.gov

Federal Direct Stafford Loan

1. Subsidized Stafford Loans - need-based loans.
 - a. Students are not responsible for interest accrued on the loan while the student is in school.
 - b. Payment and interest must be paid if the borrower is enrolled at least half-time (6 or more credit hours).
2. Unsubsidized Loans - similar to Subsidized Loans, except they are not need-based loans and students are responsible for the interest accrued on the loan while the student is in school.

The Financial Aid Office will determine the type of loan you will receive based on your estimated cost of attendance, other aid received and financial eligibility. Students will accept or deny their offered loans through their MyGCC account.

- Eligibility: At least 6 credit hours, enrolled or non-enrolled with special approval, good academic standing, demonstrate financial need, U.S. citizen or eligible noncitizen.
- Repayment: 6 months after ceasing to be at least a half-time student. Borrowers that drop below 6 credits are also required to complete Exit Counseling.
- Apply: Students can apply by submitting a request from their MyGCC account under the Student Life tab.

Annual Loan Limits

Freshman (0-23 credit hours)

- Dependent: \$5,500
- Independent: \$9,500

Sophomore (24+ credit hours)

- Dependent: \$6,500
- Independent: \$10,500

More information about your student loan can be found by visiting the National Student Loan Data Base System (NSLDS) at www.studentaid.gov. After you graduate or drop below half-time status you may be able to consolidate your loans into a

single loan through the Federal Consolidation Loan.

GCC promotes responsible borrowing. We encourage students to only borrow what they need. Borrowers must repay all loans! There are significant adverse financial consequences for students who fail to repay their student loans!

Parent Loans for Undergraduate Students

PLUS is a federally guaranteed loan program for dependent undergraduate students that allows their parents to borrow for their education expenses.

- Eligibility: Parent or guardian of a dependent, at least 6 credit hours matriculated, U.S. citizen or equivalent, good academic standing, parent credit check.
- Amount: Up to full cost of education minus other financial aid.
- Repayment: Monthly payments beginning with total disbursement of loan, 10- to 30-year repayment plan.

Work-Study

The Federal-Work Study program gives you the chance to work up to fifteen hours per week during the regular academic year (and in some cases, full-time during the summer months too).

- Eligibility: At least 6 credit hours, enrolled or non-enrolled with special approval, good academic standing, demonstrate financial need, U.S. citizen or eligible noncitizen.
- Amount: Hourly wages of at least the Federal minimum wage.
- Repayment: None
- How to apply: Students can check their eligibility for Federal-Work Study by submitting a request from their MyGCC account under the Student Life tab.

There are usually more students that are eligible for work-study than there are jobs. Students are encouraged to apply early for work-study positions.

Student Outcome Tracking

Students cannot be awarded financial aid for classes that do not count toward their degree or certificate program requirements. If a student is enrolled in courses that do not count toward their degree, those courses cannot be used to determine enrollment status and aid eligibility. All registered courses must apply to the student's program as a general education requirement, a major requirement or elective (whether restricted or free elective) or remedial.

Students who repeat courses they have taken previously either at GCC or another institution and received a passing grade may impact both federal and state aid programs (To maintain full-time status for financial aid, a student's coursework must be at least 12 credits without the repeated class). An exception may be made for state aid if the student did not meet the minimum grade requirement for that class for graduation.

Federal Aid, including student loans, will pay for a student to repeat a passed course only once. State aid (TAP) will only pay for a repeated course once, but only if it is required to have a higher grade for graduation in the student's particular degree program.

If a student's program does not require them to earn a higher grade for graduation, but the student is being advised to repeat coursework for academic reasons, it may be advisable for the student to be enrolled in at least 12 credits of new coursework (in addition any repeated courses) in order to maintain his/her full time status.

A general misconception is that a student must be full-time to receive financial aid. That is incorrect. Students may be eligible to receive financial aid based on the following credit hour requirements:

- Federal Pell grant: 1-12 or more credits
- Federal SEOG: 1-12 or more credits
- New York State TAP: 12 or more credits
- New York State Aid for Part Time Study: 1-11 credits

- Federal Direct Loans (Student and Parent): 6 or more credits

Academic Standards for Financial Assistance

All students who receive federal, state, or local financial aid funds must meet the institutional academic good standing requirements to keep eligibility. These standards became effective January 1, 1984, and student records will be reviewed at the end of each semester after that date. Students will be notified, in writing, if they have lost eligibility for the next semester. Questions concerning these standards should be referred to the Financial Aid Office.

Federal Standard for Satisfactory Academic Progress (SAP)

Students receiving federal financial aid must meet certain academic standards to remain academically eligible to receive aid. The federal standards are as follows:

Credits Attempted	Credits Earned	GPA
3	3	1.5
4	3	1.5
5	3	1.5

New York State Tuition Assistance Program (TAP)

All students who receive TAP funding must meet the following standards of the Satisfactory Academic Progress (SAP) and Pursuit of Program (POP) set forth by the New York State Education Department and the College. Students not meeting these standards will not be eligible for subsequent TAP payments. Students in this situation will be notified by the College.

Questions concerning these standards should be referred to the Records or Financial Aid offices. These standards apply to TAP and other grant programs administered by the New York State Higher Education Services Corporation (HESC). If you have questions, please contact the TAP Certifying Officer in the Financial Aid Office at (585) 345-6900.

New York State Standard for Satisfactory Academic Progress (TAP SAP)

Students receiving financial aid from New York State must meet certain academic standards to remain academically eligible to receive aid. The state standards are as follows:

Certified for this Payment	Minimum Credit Hours	Cumulative GPA
First	0	0.00
Second	6	1.30
Third	15	1.50
Fourth	27	1.80
Fifth	39	2.0
Sixth	51	2.0

Questions regarding federal or state academic progress should be directed to the Financial Aid Office at (585) 345-6900.

Standard for Pursuit of Program (POP)

A student must complete the following number of credit hours during the specific semester to be certified for the next payment.

Semester Receiving TAP	Credits Earned
First	6
Second	6
Third	9
Fourth	9
Fifth and subsequent	12

The regulations define “program pursuit” as receiving a passing or failing grade in a certain percentage of a full-time course load. The percentage increases from 50 percent of the minimum full-time load in each term of study in the first year for which an award is made, to 75 percent of the minimum full-time load in each term of study in the second year for which an award is made, to 100 percent of the minimum full-time load in each term of study in the third and each succeeding year for which an award is made.

Repeated Courses and State Student Financial Aid Eligibility, Financial Aid Eligibility

The New York State Education Department has established regulations concerning students repeating courses and receiving state student financial assistance, which includes the Tuition Assistance Program (TAP), Aid for Part-Time Student (APTS), Regents Scholarship, Veterans Tuition Award (VTA) and/or Child of Veteran Awards. Specifically, these regulations state:

If a student repeats a course in which a passing grade acceptable to the institution has already been received, the course cannot be included as part of the student's minimum full-time course load for financial assistance purposes. When such courses are included in meeting the minimum requirement, they render the student ineligible for a state award.

Transitional Coursework and Satisfactory Academic Progress (SAP)

In some cases, a student may be registered for a combination of Transitional Remedial and College Level courses. These students may be eligible for TAP funds if their credit hours are equal to or greater than 12. However, since the Developmental and Remedial courses will not be used toward graduation, they will not be used to compute hours earned or satisfactory academic progress.

ACADEMIC INFORMATION

Degree Opportunities

Genesee Community College offers students four-degree options, each giving different opportunities to those seeking further education or training. These degrees include: the Associate in Science (A.S.); the Associate in Arts (A.A.); the Associate in Applied Science (A.A.S.) and the Certificate.

A.S.

Students with long-term educational goals who are considering continuing their studies at a four-

year institution are best served by completing an associate in science (A.S.) degree program. Working with a transfer counselor, you will develop an appropriate academic plan that will include completing the necessary general education coursework required by many four-year institutions. With careful program selection, you will also have the opportunity to complete courses in your desired field of study. Completing the A.S. degree at Genesee Community College gives you the option of embarking upon an educational career path at a fraction of the costs charged by four-year colleges and universities.

A.A.

GCC offers associate in arts (A.A.) degrees, focused on students interested in pursuing educational goals in the liberal arts. The A.A. is similar to the A.S. degree in that it prepares the student for continued study at a four-year institution. If you are particularly interested in pursuing educational goals in a discipline within the arts and humanities (such as history, English, art, or theater, among others), then you may find the A.A. a more suitable fit than the A.S.

A.A.S.

An associate in applied science (A.A.S.) degree prepares you for entry-level positions in your desired field of study. This degree is designed for students eager to venture into the workforce upon graduation from GCC. An A.A.S. degree will provide you with a solid foundation of important concepts, principles, and methods within your field, as well as allow you to transfer to a four-year institution, if you choose.

Certificate

If you are already in the workforce, earning a Certificate in a specific academic program will allow you to change careers or even earn a promotion within your company. A Certificate will

also give you the opportunity to develop a deeper background in the field you are already employed in. You can expand your understanding of a specific field by applying all courses within the Certificate program toward earning an A.A.S. degree.

Micro-Credential

Micro-credentials verify, validate, and attest that specific skills and/or competencies have been achieved. They differ from traditional degrees and certificates in that they are generally offered in shorter or more flexible timespans and tend to be more narrowly focused. Micro-credentials can be offered online, in the classroom, or via a hybrid of both.

Program Titles, HEGIS, IPED (Integrated Postsecondary Education Data) & GCC Codes for Approved Curricula

All degree and certificate programs offered at Genesee Community College have been registered with the New York State Education Department and approved by the State University of New York. Each program listed below is identified with an Integrated Postsecondary Education Data (IPED) system number. These were formerly referred to as Higher Education Government Information System (HEGIS) numbers. These standardized codes are included in the catalog to satisfy state, federal, and other requirements. Most students will not need to use or refer to the IPED/HEGIS numbers.

Proficiency Requirements

All students must demonstrate proficiency in reading, math and writing skills before earning a college degree or certificate from Genesee Community College. Incoming students may demonstrate this proficiency in a variety of ways, based on their submission of a high school transcript, with any additional test scores (such as the ACT, SAT, or NY State Regents exams). Students who do not meet the required proficiencies in reading, math and writing skills upon entry to the College must register for the required Transitional Studies course(s). Students who do not meet the required proficiencies in two or more areas (reading, math and writing skills)

upon entry to the College should also complete FYE100-Foundations of Academic Success during the first semester enrolled. Some students may require additional time to complete degree requirements depending on placement, academic program choice and individual needs. Persons holding a postsecondary degree from a regionally accredited institution are presumed to have met the reading and writing skills proficiencies. The mathematics proficiency requirement may be satisfied through the completion of equivalent courses from other accredited colleges or through meeting proficiency standards.

Residence Requirement

At least half of the student's credit hours must be earned through courses sponsored by this College,

Degree Application

Degree Applications can be completed through your MyGCC account. Make sure that all program requirements have been met-including the reading and math requirements and a 2.0 grade point average. If you have any questions concerning requirements, see your advisor. Students receiving two diplomas simultaneously must complete an application for each degree. Commencement is held once a year in May. Students receiving Degrees or Certificates through August will be allowed to take part in the Commencement exercises. All information and updates pertaining to your degree will be sent to your Genesee email account. Please be sure to check your account regularly.

General Education Requirements

All associate degree programs offered at Genesee Community College include a core of general education courses required for successful completion of the degree. Students who follow the established curriculum worksheet for a given program offered at GCC will fulfill the College's general education requirements.

As of fall 2024, the following summarizes the general education requirements, by degree type:

A.A.S. Degree

1. Mathematics (Quantitative Reasoning): 3 credit hours (a course above MAT 092 Algebra 1 is required)
2. Natural Sciences (Scientific Reasoning): 3 credit hours
3. Basic Communication, 2 courses, 3 credit hours: (1) ENG 101; and (2) HUS 102, SPE 102, SPE 108, or SPE 109
4. Diversity: Equity, Inclusion, Social Justice: 3

credit hours

- 5: One course, 3 credit hours from the following:
 - 3 credit hours (US History and Civic Engagement)
 - 3 credit hours (World History and Global Awareness)
6. Social Sciences: 3 credit hours
7. One course, 3 credit hours from one of the following SUNY areas: Humanities, Arts or World Languages
8. Health and Physical Education: 2 credit hours
9. Demonstrated reading competency

A.S. and A.A. Degrees

All A.S. and A.A. degrees must include at least 30 credits of general education content, covering at least 7 of the 10 SUNY Knowledge and Skills Areas. Specific requirements include:

1. Mathematics (Quantitative Reasoning): 3 credit hours (a course above MAT 092 Algebra 1 is required)
2. Communication – Oral and Written: 3 courses, 9 credit hours: (1) ENG 101; (2) ENG 102 or ENG 105 or ENG 107; and (3) SPE 103, SPE 108, SPE 109, or HUS 102.
3. Natural Science (Scientific Reasoning): 3 credit hours
4. Diversity: Equity, Inclusion, Social Justice: 3 credit hours
5. Social Sciences: 3 credit hours
6. One course, 3 credit hours from the following:
 - 3 credit hours (US History and Civic Engagement)
 - 3 credit hours (World History and Global Awareness)

7. One course, 3 credit hours from one of the following SUNY areas: Humanities, Arts or World Languages

8. Health and Physical Education: 2 credit hours

9. Additional Liberal Arts and Science course: 3 credit hours for AS programs and 18 credit hours for AA programs

10. Demonstrated reading competency.

General Education Courses Reported to SUNY

The State University of New York has mandated the implementation of minimum General Education requirements for all students who aspire to earn a degree. Students intending to transfer to a SUNY baccalaureate college or university should consult with an academic advisor when selecting general education requirements of their A.A. and A.S. degree programs. Students enrolled in A.A.S. degrees may select courses from among those listed below to fulfill general education requirements or others that may be approved depending upon their specific programs.

The following Genesee Community College Courses are approved for SUNY General Education requirements:

Mathematics

- MAT 102, 108, 117, 121, 122, 129, 136, 137, 140, 141, 142, 247
- PSY 250

*A passing grade in this course will qualify as a waiver for this knowledge and skill area.

Natural Sciences

- AST 107
- BIO 100, 102, 103, 104, 108, 123, 125/125L, 126/126L, 150, 152, 153, 201
- CHE 100, 103/103L/104/104L
- MET 101

- PHY 100, 121, 122, 131,

Social Sciences

- ANT 102
- CRJ 101
- ECO 101, 105
- GEO 105
- HUS 101
- POS 101, 103, 105, 107, 210
- PSY 104, 202, 210, 211, 250
- SOC 101, 103, 205, 210

US History and Civic Engagement

- HIS 108, 203, 204, 215, 217
- MUS 204
- POS 108

World History & Global Awareness

- ART 103, 104
- GEO 102
- HIS 101, 102
- POS 203
- THE 202, 204

Humanities

- ART 103, 104
- CIN 147, 205, 215, 240, 242, 244, 245, 246
- ENG 214
- HIS 110, 111
- LIT 201, 203, 210, 211, 212, 216, 217, 218
- MUS 101, 107, 108, 109
- PHI 101, 102, 103

The Arts

- ART 103, 104, 105, 110, 114, 123, 124, 127
- CIN 215
- DAN 127
- LIT 214
- MUS 101, 102, 107, 108, 109, 128, 129, 130, 131, 204
- PHO 103, 118
- SPE 102
- THE 101, 103, 212

World Languages

- ASL 101, 102
- FRE 101, 102
- SPA 101, 102, 201, 202

Diversity, Equity, Inclusion, Social Justice (DEISJ)

- GEO 102
- HUs 205
- MUS 109, 204
- POS 108
- PSY 104
- SOC 101, 205
- **Basic Communication**
One of the following:
 - ENG 101, 102, 105, 107
 And one of the following:
 - SPE 102, 108, 109
 - HUS 102

For full course descriptions visit the [GCC General Education Approved Course List](#)

Student Status & Course Loads

A freshman is a student who has successfully completed fewer than 24 credit hours, and a sophomore is a student who has earned 24 or more credit hours. The normal academic load at Genesee Community College for full-time students is 12-15 credit hours a semester. A student carrying over 19 credit hours per semester must have prior permission from their advisor. The New York State Department of Education has formulated guidelines for granting an equivalency diploma based on earned college credit. Persons who have not earned a high school diploma may be issued a New York State High School General Equivalency Diploma (GED) if they provide satisfactory evidence that they have successfully completed 24 credit hours as a recognized candidate for a college-level degree or certificate at an approved institution. Current information concerning regulations for GED credit distribution requirements is available from the Admissions Office at the College.

Credits by Proficiency Examination

Students may earn credit for some of the courses of instruction listed in the general catalog, for which no previous college credit has been earned, by passing a proficiency examination approved by the dean of the teaching area in which the course is taught. A list of approved examinations for credit-by-proficiency may be obtained from the Records Office. The only limitation on the amount of proficiency credit a student may earn is the College requirement that half of the student's credit hours must be earned at this College. Credit earned by examination will be recorded as "Credit" (CR) on transcripts. It will not, however, be used in calculating a grade point average (GPA). It is the student's responsibility to initiate a request for credit on forms provided by the Records Office. All students pay a test fee each time they take a locally developed proficiency examination for credit, whether or not they pass the examination. The College will award credit to students who have earned satisfactory scores in externally developed examinations published in the list of approved examinations for credit. (For example: Advanced Placement Examination of the College Entrance Examination Board (CLEP), etc.) Credits earned by exam are not considered as earned in residence.

GCC Honors Program

The Genesee Community College Honors Program is designed to encourage academic work of depth, originality, and quality by students demonstrating superior potential. The focus of the program is an academic experience that will be challenging and encourage independent, creative, and interdisciplinary study by selected students.

Students successfully participating in the program will have their Honors work recognized on official transcripts and at graduation. Additionally, the opportunity to work with highly motivated faculty and students are benefits of

participating in this program. The program is open to full and part time students studying at any of the Genesee campus locations.

The Honors Program is an academic program which requires students to complete certain honors criteria. Honor Societies, such as PTK (Phi Theta Kappa), are social organizations which recognize academic merit. Students are encouraged to participate in both Honor Societies and the Honors Program.

Qualifications/Criteria

Candidates for the Honors Program demonstrate evidence of exemplary academic achievement. On average, students obtain a combination of:

- A high school average of 85 or higher.
- Completion of 12 hours of study at an accredited institution of higher education with a GPA of 3.25
- And/or approval of the Honors Committee.

Although GPA is strongly considered in admitting students to the program, it is not the only consideration. Those students with ability and a keen interest in academics are also encouraged to apply. Applying to the Honors Program

Contact, Mr. Edward Levinstein, Dean of Distributed Learning. 585-343-0055 ext. 6595 or email ejlevinstein@genesee.edu.

President's List

Each fall and spring semester the College extends recognition to full-time students who

achieve a superior scholastic record during that term by publishing the president's list. Eligibility requirements include:

- A term grade point average (GPA) of at least 3.75
- Completion of 12 or more credit hours
- No grades of C- or lower, IP or U

Provost's List

Each fall and spring semester the College extends recognition to part-time students who achieve a superior scholastic record during that term by publishing the provost list. Eligibility requirements include:

- A term grade point average (GPA) of at least 3.75
- Completion of a minimum of 6 credits up to 11 credit hours
- No grades of C- or lower, IP or U

Dean's List

Each fall and spring semester the College extends recognition to students who achieve an outstanding scholastic record during that term by publishing the dean's list. Eligibility requirements for full- and part-time students include:

- A term grade point average (GPA) of at least 3.50
- Completion of 6 or more credit hours
- No grades of C- or lower, IP or U

DEGREE PROGRAMS

Business and Commerce

Accounting (A.S., A.A.S., CERT, MICR)

With a degree in Accounting from GCC - whether it is an Associate in Science (AS) degree in preparation for transfer to a four-year college, or an Associate in Applied Science (AAS) degree as a path to immediate employment - you will be equipped to move ahead toward your career aspirations.

	Guide for details), all students are required to demonstrate proficiency in reading, math, and writing skills prior to earning a college degree or certificate from Genesee Community College.		
4.03 - Note 1	Students planning to transfer should carefully review their program with an academic advisor to ensure that course sequences meet the requirements of the institution to which they expect to transfer.	0	As Applicable
4.04 - Note 2	Nursing students must achieve a minimum grade of "C" in all NUR courses and the sciences (BIO 152, BIO 153, and BIO 201) and a grade of "CP" in all clinical courses to progress in the program.	0	As Applicable
4.05 - Note 3	PN TO RN ADVANCE PLACEMENT STUDENTS ONLY Students with advance (pre-admission) placement in the PN to RN program must pass NUR 128 (PN to RN 1) & NUR 129 (PN to RN 2) with a grade of "C" or better to be accepted to the RN program. For these students, credit is granted for NUR 111, NUR LC1, NUR 112, NUR LC2, and NUR 119 upon successful completion of the remaining GCC RN program requirements.	0	As Applicable
4.06 - GPA Requirement	GPA of 2.0 Required for graduation	0	Upon Completion

Physical Therapist Assistant (A.A.S.)

The PTA is a licensed healthcare professional dedicated to high standards of clinical practice. The PTA Program at GCC is an intense, academically rigorous program and requires dedicated, hardworking students with solid support systems. In order to pass the challenging national licensing exam and achieve the skill set necessary for excellence in clinical practice, students can expect a demanding course load, robust study, considerable practice of treatment techniques, research, and collaborative project work outside the scheduled class hours.

Criminal Justice: Forensics

CSI has become a familiar term in today's society because of television and movies. In the real world, the use of forensic science is often used to link a suspect to a crime.

4	GENERAL INFORMATION	0	As Listed

ITEM	REQUIREMENT	Hours	SEMESTER
4a	Proficiency Requirements: Physical agility testing is required for enrollment and will be scheduled a few weeks prior to the start of the Academy. physical fitness standards are provided in the application packet. You need to enter the course at the 40th percentile and exit (graduate) at the 50th percentile. It is imperative that you are prepared for the pre-test, and we suggest that you practice, exercise and train months in advance of the actual test so that you are successful.	0	Pre-Enrollment
4b	Two Ways to Enroll: Sworn or Pre-Employment Sworn Officer: Hired prior to enrollment in the RPTA, registered as a Police Officer with DCJS in Albany. Suggested ages 21-35 but check with your County Civil Service Office for details. Full or Part Time Officers accepted, some departments accept Part Time Officers who are over 35 years of age Pre-Employment Option: Must be at least 19 years of age to enroll, no maximum age limit. No felony convictions. If you are looking to work in law enforcement, no criminal convictions. Background investigation required. Physically able to participate in all fitness and defensive tactics training	0	Pre-Enrollment
4c	College Credit Option: Recruits may choose to participate in the RPTA College Credit Option. Sworn recruits may receive up to 22 college credits primarily in Criminal Justice topics. Pre-Employment recruits may receive up to 16 college credits. No additional fees are required. Enrollment must be completed with the academy application.	0	Pre-Enrollment
4d	Uniforms and Equipment: All recruits wear gray fatigues, and the Academy operates in a para-military style. Recruits are responsible for uniforms and certain leather items at an approximate cost of \$1,500. 2,500. Sworn recruits are also responsible for leather items, firearms, firearms, and ammunition at about \$2,500.	0	Prior to Completion
4c	Physical Agility Score in the 50th percentile is required at completion of Academy	0	At Completion

Liberal Arts

General Education Certificate (CERT)

The General Education program enables you to complete lower-division general education requirements in ten knowledge and skill areas that are guaranteed to be accepted by all SUNY campuses and universities.

Individualized Studies (A.A.S.)

Today's employers often look for those with skills in more than one discipline. In addition, organizations frequently require employees to seek additional schooling to improve their performance or advance to higher-level positions. For these reasons, GCC's Individualized Studies program is designed for those who are seeking immediate employment after graduation.

Science and Technology

Biology (A.S.)

Have you always wondered about what makes living things work? Do you dream about making new discoveries to help cure diseases? Are you curious about the adaptations of different plants and animals? Do you have an interest in the world around you and how it works? The associate degree in biology is a great fit for you. Genesee's biology classes open the natural world to you by revealing the intricacies of life, from the cellular level in a laboratory to the complex community and ecosystem levels in the campus woods, to high-tech science laboratories around the world. With a concentration in Biology, you will have a working knowledge of how life works and the skills and techniques necessary to conduct laboratory research. Genesee's excellent science and math professors are with you every step of the way, to help you perform real time experiments, think critically, and solve problems.

In this program you will take courses in biology, chemistry, and math while fulfilling your general education requirements. The program will seamlessly transfer to most SUNY institutions and private schools.

Teaching and Education

Teaching Assistant (A.A.S., CERT)

Higher expectations at both the state and national levels have resulted in more rigorous certification requirements for teaching assistants. The four levels of paraprofessional licensure encourage development of a career path and continuation of postsecondary education.

2.01 - Program Requirement	EDF 100 Introduction to Education	3	1
2.02 - Program Requirement	Select one SUNY approved World Language course 1	3	1
2.03 - Program Requirement	Select one SUNY approved World Language course 2 (consecutive with selection for course 1)	3	2
2.04 - Program Requirement	EDF 201 Educational Foundations 1	3	3

2.05 - Program Requirement	EDF 250 Introduction to Developmental Disabilities	3	3
2.06 - Elective 1	Liberal Arts Elective 1 (per Note 6)	3	3
2.07 - Program Requirement	EDF 202 Educational Foundations 2	3	4
2.08 - Program Requirement	PSY 210 or PSY 211 (per Note 4)	3	4
2.09 - Elective 2	Liberal Arts Elective 2 (per Note 6)	3	4
2.10 - Elective 3	Liberal Arts Elective 3 (per Note 6)	3	4
3 - SEMESTER	TOTAL CREDITS REQUIRED FOR DEGREE	63	Upon Completion
3.1 - Semester 1	Semester 1 Total Credits	15	1
3.2 - Semester 2	Semester 2 Total Credits	15	2
3.3 - Semester 3	Semester 3 Total Credits	15	3
3.4 - Semester 4	Semester 4 Total Credits	18	4
4 - INFORMATIONAL NOTES	GENERAL CURRICULUM INFORMATION	0	As Appropriate
4.01 - Infused Competencies	Information Literacy: ENG 101 Critical Thinking: ENG 102 or ENG 105 Technological Competency: SPE 108, SPE 109, or HUS 102 Values & Ethics: PSY 104	0	Prior to Completion
4.02 - Proficiency Requirements	As outlined in Procedure 321- Placement and Proficiency Requirements (click to see GCC Placement and Proficiency Guide for details), all students are required to demonstrate proficiency in reading, math, and writing skills prior to earning a college degree or certificate from Genesee Community College.	0	Prior to Completion
4.03 – Note 1	Evidence of completion for the following workshops will be required for NYS Certification: (1) Child Abuse Identification; (2) School Violence Intervention and Prevention; (3) DASA - Harassment, Bullying, Cyberbullying, and Discrimination in Schools - Prevention and Intervention. Students are required to submit the necessary paperwork for these workshops upon completion of HED 115 or HED 204	0	Prior to Registration
4.04 - Note 2	Candidates completing the first 30 credit hours, as listed above, meet the requirements for the Genesee Community College Teaching Assistant Certificate.	0	Informational Note
4.05 - Note 3	MAT 116 (fall only) and MAT 117 (spring only) will be required by the transfer institution for all students seeking certification in Early Childhood and Childhood Education. MAT 116 will fulfill an elective, and MAT 117 will fulfill the SUNY Math requirement.	0	Informational Note
4.06 - Note 4	Students seeking certification in Early Childhood or Childhood Education must take PSY 210. Students seeking certification in Adolescent Education must take PSY 211.	0	Informational Note

4.07 - Note 5	Students seeking certification in Early Childhood/Childhood Education must take LIT 203. Students seeking certification in Adolescent Education must choose either LIT 201, LIT 211, or ENG 214.	0	Informational Note
4.08 - Note 6 (Electives)	All students must select an area of concentration based on desired NYS Certification and transfer institution requirements. The Liberal Arts Elective credits for this program will help students to fulfill their concentration area. MAT 116 will also be acceptable for students pursuing Early Childhood or Childhood Education. For additional assistance with course selection, see the Transfer Services in the Student Success Center and/or seek academic advisement.	0	As Appropriate
4.09 - GPA Requirement	GPA of 2.0 Required for graduation	0	Upon Completion

Accounting**ACC101 - Introduction to Financial Accounting**

3 credits

Catalog Description: The concepts, principles and standards of financial accounting as they apply to financial statements including the statement of cash flows are developed from a user perspective. Generally Accepted Accounting Principles are applied to cash, receivables, payables, inventory, long-term operational assets, long-term debt and equity. Prerequisite or corequisite: MAT 092 or completion of the Genesee Community College math proficiency.

ACC102 - Introduction to Managerial Accounting

3 credits

Catalog Description: The concepts and principles of managerial accounting as they apply to financial statements including the statement of cash flows are developed from a user perspective. Topics include manufacturing accounting, cost-volume-profit analysis, decision making, cost accumulation and allocation, budgeting, performance evaluation, responsibility accounting, capital budgeting, cost accounting systems and financial statement analysis. Prerequisite: ACC101.

ACC106 - Basic Accounting Practices

3 credits

Catalog Description: Survey aspects of financial and managerial accounting with an emphasis on analysis and interpretation of financial statements and the application of key managerial accounting tools for decision-making. Not open to students with credit in ACC101. Designed primarily for Office Technology, Tourism Management, and Fashion Merchandising Management students.

ACC201 - Accounting Software Applications

3 credits

Catalog Description: Develops skills using currently popular accounting software, converting a manual accounting system to a computerized system. Emphasizes the computer as a problem-solving tool in various accounting and financial situations. Spring only. Prerequisites: ACC102 or concurrent enrollment in ACC102 for students in the Accounting certificate only with instructor approval.

ACC211 - Intermediate Accounting 1

3 credits

Catalog Description: In-depth study of Generally Accepted Accounting Principles. Topics include the conceptual framework of accounting, financial statements and related disclosures, accounting for cash, receivables and inventories, asset acquisition, cost allocation and asset disposition. Fall only. Prerequisite: ACC102.

ACC212 - Intermediate Accounting 2

3 credits

Catalog Description: A continuation ACC211, Generally Accepted Accounting Principles. Topics include current liabilities and contingencies, long-term liabilities and receivables, investments, contributed capital, retained earnings, earnings per share, income recognition, income taxes, post employment benefits, leases, statement of cash flows and accounting for changes and errors. Spring only. Prerequisite: ACC211.

ACC215 - Cost Accounting

3 credits

Catalog Description: Studies managerial accounting in-depth from the preparer's perspective. Topics include managerial decision support systems, elements of costs, job-order and process costing, just-in-time and flexible manufacturing systems, cost-volume-profit analysis, budgets and performance evaluation. Spring only. Prerequisite: ACC102.

ACC217 - Introduction to Income Tax

3 credits

Catalog Description: Survey of current Federal Income Tax law and practice in the preparation of tax returns for the individual taxpayer. Topics include determination of gross income, deductions, exemptions, income from trade or business, retirement plans, credits and special taxes, accounting periods and methods, depreciation, gains and losses, withholding, estimated tax, payroll taxes, tax administration and tax planning. Fall only. Prerequisite: ACC101 or concurrent enrollment in ACC101 for students in the Accounting certificate only with instructor approval.

Anthropology

ANT102 - Cultural Anthropology

3 credits

Catalog Description: Examines different levels of technological complexity of selected cultures and analyzes topics common to all societies such as religion, kinship, marriage, child-rearing practices, social structure, ecological relationships, linguistics, and other areas.

ANT118 - Forensic Anthropology

3 credits

Catalog Description: Examines human skeletal remains in the context of medicolegal issues. Analyzes the scientific evidence of skeletal or badly decomposed remains in order to establish circumstances of death and identification of the decedent by estimating age, gender, racial affinity, stature, pathologic conditions, and traumatic injury. Introduces human osteology, and presents methods and techniques used in forensic anthropology. Discusses case reports, contexts in which remains are found, and methods of recovery.

Art

ART102 - Fashion Trends and Design

3 credits

Catalog Description: This course is an introduction to fashion design. Students will use fashion, history, design and materials in learning about the world of fashion. Fall only. Students may receive credit only once for this listing.

ART103 - Western Art History 1

3 credits

Catalog Description: Surveys history of western art from prehistory to CE 1500, and compares and contrasts with the art of later periods. Introduces the distinctive features of the art produced by western civilization and relates its development to that of other regions.

ART104 - Western Art History 2

3 credits

Catalog Description: Surveys history of western art from CE 1500 to present, and compares and contrasts with the art of earlier periods. Introduces the distinctive features of art produced by western civilization and relates its development to that of other regions.

ART105 - Two-Dimensional Design

3 credits

Catalog Description: Introduces the elements and principles of design and art concepts. Focuses on creative problem solving, critical analysis of visual imagery, and utilizing visual arts as a form of expression. Two class hours, two studio hours.

ART107 - Typography and Layout

3 credits

Catalog Description: Introduces the basics of using type in the graphic arts. Students clarify and enhance visual messages through the use of type and visual placement (layout) of information. Two class hours, two studio hours. Prerequisites: ART105 and ART209.

ART110 - Drawing 1

3 credits

Catalog Description: Introduces beginning drawing skills. Focuses on observational drawing and the development of an artistic imagination. Students must supply their own materials. Two class hours, two studio hours.

ART111 - Drawing 2

3 credits

Catalog Description: Explores advanced drawing techniques and the creative process. Focuses on developing large drawings in a

variety of mixed-media materials. Two class hours, two studio hours. Students must provide their own supplies. Prerequisite: ART110.

ART114 - Painting 1

3 credits

Catalog Description: Introduces acrylic painting techniques. Focuses on the use of color theory, design fundamentals and painting styles. Two class hours, two studio hours.

ART115 - Painting 2

3 credits

Catalog Description: Explores advanced acrylic painting techniques. Focuses on developing new skills in painting, experimenting with mixed-media approaches and creative concepts. Students must provide their own supplies. Two class hours, two studio hours. Prerequisite: ART114.

ART123 - Ceramics 1

3 credits

Catalog Description: Utilizes various methods of hand building in clay and focuses on vessel traditions and ceramic sculpture. Teaches students the mastery of clay materials. Encourages creativity, craftsmanship and development of personal ideas through a variety of problem solving assignments. Reading material, demonstrations, critiques and lectures with an overview of historical ceramics supplement studio work. Lecture: 2 hours Studio: 2 hours

ART124 - Ceramics 2

3 credits

Catalog Description: Utilizes the potter's wheel and hand building skills to create functional and sculptural ceramics. Emphasizes excellent mastery of clay materials including form, proportion, design, craftsmanship and personal expression. Instruction of making glazes, loading and firing kilns. Reading material, demonstrations, critiques and lectures on ceramic history supplement studio work. Two class hours, two studio hours. Prerequisite: ART 123.

ART127 - 3-D Design

3 credits

Catalog Description: Teaches students the mastery of 3-Dimensional materials. Introduces design, techniques, methods and tools of sculpture. Encourages creativity, craftsmanship and development of personal ideas through a variety of problem solving assignments. Reading material, demonstrations, critiques and lectures with an overview of 3-Dimensional history supplement studio work. Two class hours, two studio hours. Students must provide their own supplies.

ART207 - Graphic Design Applications

3 credits

Catalog Description: In-depth study of graphic design software including paint and vector-based programs. Tutorials guide students through detailed exploration of layout, paint, and draw programs. Two class hours, two studio hours. Prerequisites: ART105 and ART209.

ART209 - Computer Graphics

3 credits

Catalog Description: Introduces the computer as image-making tool. Includes image development, dimensioning, modifying, storage, and system management. Two class hours, two lab hours.

ART210 - Computer Graphics 2

3 credits

Catalog Description: Focuses on the computer as an image-making and image-retrieval tool. Advanced study in image development, dimensioning, modifying, storage, retrieval, and system management. Builds skills in presentation graphics using different graphic software. Two class hours, two lab hours. Prerequisite: ART209.

ART213 - Digital Art Internship

3 credits

Catalog Description: Educationally structured work experience in a selected digital art or graphic art agency, under the supervision of agency personnel and the instructor. Provides opportunities to apply knowledge and skills to

specific career application and objectives. A minimum of 150 hours required for completion. Spring only. Prerequisites: ART107 and ART207, or permission of instructor.

ART214 - Interdisciplinary Computer Art

3 credits

Catalog Description: Integrates artistic pursuits (photography, drawing, painting, music, writing and/or video) into the digital realm. Students create animation, digital illustrations and photo manipulations using the computer. Prerequisite: ART209.

ART217 - Graphic Design Portfolio

3 credits

Catalog Description: Advances skills learned in prior classes. Includes production of graphic design projects that recreate industry- and client-based standards. Emphasizes printing methods, paper and ink selection, production management, and cost control. Spring only. Prerequisites: ART107 and ART207.

ART221 - Art Portfolio and Career Development

3 credits

Catalog Description: Prepares the artist for entrance into the career field by developing and exploring career goals and opportunities and reviewing art resources. Assists students in creating a comprehensive professional art portfolio and promotional materials as well as developing skills in art presentation and museum practices.

ART225 - Fashion Illustration

3 credits

Catalog Description: An introduction to fashion illustration and portfolio development. Students learn foundation skills to design on the human form; fashion figure proportions, garment/fabric and garment details, color and basic rendering techniques, designer sketching and illustration and development of a garment collection. Students must provide their own supplies. Fall only.

American Sign Language

ASL101 - American Sign Language 1

3 credits

Catalog Description: Develops basic communication skills in American Sign Language. Emphasizes the learning of grammatical structures and sign vocabulary in meaningful contexts (e.g., introducing oneself, discussing living situations, sharing about family). Topics include making connections with Deaf people, higher institutions for the Deaf, and visual ways of living. ASL and Deaf culture are taught and learned using the immersion method. Prerequisites: None.

ASL102 - American Sign Language 2

3 credits

Catalog Description: Strengthens beginner-level receptive and expressive communication skills acquired in American Sign Language 1. Supports the acquisition of new sign vocabulary and grammar in structured and meaningful dialogues using the immersion approach to ASL learning and Deaf cultural awareness. Topics include cultural products, Deaf communities, and Deaf-related disciplines and careers. Prerequisites: ASL 101 or equivalent.

Astronomy

AST107 - Astronomy

3 credits

Catalog Description: A broad introduction to the history of astronomy; basic principles of physics; origin of solar systems along with planets, moons and other objects. Other topics are types of stars, galaxies, characteristics of planets, their moons, asteroids, comets and meteoroids. Telescopes are utilized to view the evening sky. Evening observations required.

PE Competitive Fundamentals

ATH201 - Competitive Women's Volleyball Fundamentals 1

1 credit

Catalog Description: Focuses on advanced volleyball skill development, competition

techniques and strategy for highly skilled, first-year participants in competitive women's volleyball. One and one-half class hours. Prerequisite: Permission of instructor.

ATH202 - Competitive Women's Volleyball Fundamentals 2

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first-year player in intercollegiate athletics specific to the sport of women's volleyball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH203 - Competitive Women's Volleyball Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in women's volleyball. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH204 - Competitive Women's Volleyball Fundamentals 4

1 credit

Catalog Description: Focuses on advanced volleyball skill development, competition techniques and strategy for highly skilled, second-year participants in competitive women's volleyball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH205 - Competitive Men's Soccer Fundamentals 1

1 credit

Catalog Description: Focuses on advanced soccer skill development, competition techniques and strategy for highly skilled, first-year participants in competitive men's soccer. One and one-half class hours. Prerequisite: Permission of instructor.

ATH206 - Competitive Men's Soccer Fundamentals 2

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first-year player in intercollegiate athletics specific to the sport of men's soccer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH207 - Competitive Men's Soccer Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in men's soccer. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH208 - Competitive Men's Soccer Fundamentals 4

1 credit

Catalog Description: Focuses on advanced soccer skill development, competition techniques and strategy for highly skilled, second-year participants in competitive men's soccer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH209 - Competitive Women's Soccer Fundamentals 1

1 credit

Catalog Description: Focuses on advanced soccer skill development, competition techniques and strategy for highly skilled, first-year participants in competitive women's soccer. One and one-half class hours. Prerequisite: Permission of instructor.

ATH210 - Competitive Women's Soccer Fundamentals 2

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first-year player in intercollegiate athletics specific to the sport of women's soccer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH211 - Competitive Women's Soccer Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in women's soccer. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH212 - Competitive Women's Soccer Fundamentals 4

1 credit

Catalog Description: Focuses on advanced soccer skill development, competition techniques and strategy for highly skilled, second-year participants in competitive women's soccer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH213 - Competitive Men's Basketball Fundamentals 1

1 credit

Catalog Description: Focuses on advanced basketball skill development, competition techniques and strategy for highly skilled, first-year participants in competitive men's basketball. One and one-half class hours. Prerequisite: Permission of instructor.

ATH214 - Competitive Men's Basketball Fundamentals 2

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first-year player in intercollegiate athletics specific to the sport of men's basketball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH215 - Competitive Men's Basketball Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in men's basketball. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and

one-half class hours. Prerequisite: Permission of the instructor.

ATH216 - Competitive Men's Basketball Fundamentals 4

1 credit

Catalog Description: Focuses on advanced basketball skill development, competition techniques and strategy for highly skilled, second-year participants in competitive men's basketball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH217 - Competitive Women's Basketball Fundamentals 1

1 credit

Catalog Description: Focuses on advanced basketball skill development, competition techniques and strategy for highly skilled, first-year participants in competitive women's basketball. One and one-half class hours. Prerequisite: Permission of instructor.

ATH218 - Competitive Women's Basketball Fundamentals 2

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first-year player in intercollegiate athletics specific to the sport of women's basketball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH219 - Competitive Women's Basketball Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in women's basketball. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH220 - Competitive Women's Basketball Fundamentals 4

1 credit

Catalog Description: Focuses on advanced basketball skill development, competition

techniques and strategy for highly skilled, second-year participants in competitive women's basketball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH221 - Competitive Swimming Fundamentals 1

1 credit

Catalog Description: Focuses on advanced swimming skill development, competition techniques and strategy for highly skilled, first-year participants in competitive swimming. One and one-half class hours. Prerequisite: Permission of instructor.

ATH222 - Competitive Swimming Fundamentals 2

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first-year player in intercollegiate athletics specific to the sport of swimming. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH223 - Competitive Swimming Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in swimming. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH224 - Competitive Swimming Fundamentals 4

1 credit

Catalog Description: Focuses on advanced swimming skill development, competition techniques and strategy for highly skilled, second-year participants in competitive swimming. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH225 - Competitive Baseball Fundamentals 1

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first year player in intercollegiate athletics specific to the sport of baseball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH226 - Competitive Baseball Fundamentals 2

1 credit

Catalog Description: Focuses on advanced baseball skill development, competition techniques and strategy for highly skilled, first-year participants in competitive baseball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH227 - Competitive Baseball Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in baseball. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH228 - Competitive Baseball Fundamentals 4

1 credit

Catalog Description: Focuses on advanced baseball skill development, competition techniques and strategy for highly skilled, second-year participants in competitive men's baseball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH229 - Competitive Softball Fundamentals 2

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first year player in intercollegiate athletics specific to the sport of softball. One and one-half class hours. Prerequisite: Permission of instructor.

ATH230 - Competitive Softball Fundamentals**2**

1 credit

Catalog Description: Focuses on advanced softball skill development, competition techniques and strategy for highly skilled, first-year participants in competitive softball. One and one-half hours. Prerequisite: Permission of instructor.

ATH231 - Competitive Softball Fundamentals**3**

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in softball. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH232 - Competitive Softball Fundamentals**4**

1 credit

Catalog Description: Focuses on advanced softball skill development, competition techniques and strategy for highly skilled, second-year participants in competitive women's softball. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH233 - Competitive Men's Lacrosse Fundamentals 1

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first year player in intercollegiate athletics specific to the sport of men's lacrosse. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH234 - Competitive Men's Lacrosse Fundamentals 2

1 credit

Catalog Description: Focuses on advanced lacrosse skill development, competition techniques and strategy for highly skilled, first-year participants in competitive men's lacrosse. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH235 - Competitive Men's Lacrosse Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in men's lacrosse. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH236 - Competitive Men's Lacrosse Fundamentals 4

1 credit

Catalog Description: Focuses on advanced lacrosse skill development, competition techniques and strategy for highly skilled, second-year participants in competitive men's lacrosse. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH237 - Competitive Women's Lacrosse Fundamentals 1

1 credit

Catalog Description: Introduces plans and strategies for success and optimal experience for the first year player in intercollegiate athletics specific to the sport of women's lacrosse. One and one-half class hours. Prerequisite: Permission of instructor.

ATH238 - Competitive Women's Lacrosse Fundamentals 2

1 credit

Catalog Description: Focuses on advanced lacrosse skill development, competition techniques and strategy for highly skilled, first-year participants in competitive women's lacrosse. One and one-half hours. Prerequisite: Permission of instructor.

ATH239 - Competitive Women's Lacrosse Fundamentals 3

1 credit

Catalog Description: Focuses on leadership skills for a second-year player in women's lacrosse. Provides students with the opportunity to analyze athletic and academic progress and plan for career transfer. One and one-half class hours. Prerequisite: Permission of the instructor.

ATH240 - Competitive Women's Lacrosse Fundamentals 4

1 credit

Catalog Description: Focuses on advanced lacrosse skill development, competition techniques and strategy for highly skilled, second-year participants in competitive women's lacrosse. One and one-half class hours. Prerequisite: Permission of the instructor.

Biology**BIO100 - Principles of Biology**

3 credits

Catalog Description: Introduction to the basic characteristics of life, organisms, their interactions, and the scientific process. Improves scientific thinking and increases science literacy. Explores five core concepts of biology: studying and using the scientific method, evolution, ecology, genetics, and biodiversity. Two class hours, two lab hours. This is a non-majors science course therefore not applicable to the Natural Science degree.

BIO102 - Human Biology

3 credits

Catalog Description: Surveys basic concepts of human anatomy and physiology, including the structure of cells, tissues, and organs and their normal physiological interactions. Laboratory experiences reinforce important concepts. Two class hours, two lab hours. (Not for credit in Math/Science curriculum or students with credit in BIO 150, 152, or 153).

BIO103 - Introduction to Microbiology

3 credits

Catalog Description: Introduces the science of microbiology including animal and/or foodborne microorganisms. Lectures explore the biology of microorganisms including but not limited to bacteria, viruses, fungi, prions and/or foodborne microorganisms. Topics include microbial identification and control. Laboratory experiences include performance of common procedures and tests used in microbiology. Lecture two hours; Lab two hours. Prerequisite: Completion of the Genesee Community College

Math proficiency or concurrent enrollment in MAT 092 or MAT 108.

BIO104 - Fundamentals of Cell Biology

3 credits

Catalog Description: Introduces basic chemistry, the structure, function, and biochemistry of cells, and the scientific method. Laboratory exercises develop skills including use of binocular microscopes and measuring. This is a preparatory course, for students with little or no recent experience in biology and chemistry, who plan on taking additional biology courses. Two class hours, two lab hours. Prerequisite: Completion of the Genesee Community College reading requirement and completion of the Genesee Community College math requirement or concurrent enrollment in MAT 108 or MAT 092. Students planning to enroll in Physical Therapist Assistant or a Math or Natural Science program should choose MAT092. Not open to students with credit in BIO 115, BIO 152 or higher. (Not for credit in Math/Science curriculum)

BIO108 - Human Nutrition

3 credits

Catalog Description: Overview of basic concepts of diet and nutrition. Topics include elementary anatomy and physiology of the digestive system, introductory food chemistry, weight control, and the role of diet in health. Lab exercises analyze some popular foods for simple nutrients. Students analyze popular diets for nutritional completeness. Two class hours, two lab hours. (Not for credit in Math/Science curriculum).

BIO111 - Ecology

4 credits

Catalog Description: Overview of the broad discipline of ecology, and introduces biological and physical components of the environment and the interactions between the two. Topics include basic ecology, meteorology, hydrology, environmental degradation, and resource management. Fall only. Three class hours, three lab hours. Prerequisite: BIO 104 with a grade of

“C” or higher or high school Regents chemistry or Regents biology with a Regents exam grade of 70 or higher. Must meet the Genesee Community College reading proficiency.

BIO123 - Animal Anatomy & Physiology 1

3 credits

Catalog Description: Introduces the student to the structure and function of the bodies of domestic animals with emphasis on the skeletal, muscular, nervous, integumentary, endocrine, and sensory systems. Medical terminology will be studied throughout the course. Homeostasis will be discussed including the role of control systems such as negative feedback and the relation of form to function. Prerequisite: Acceptance into the Veterinary Technology program. Corequisites: VET 102, VET 114, and BIOLB3.

BIO124 - Animal Anatomy & Physiology 2

3 credits

Catalog Description: Continue the study of anatomy and physiology of domestic animals with investigation of the cardiovascular, respiratory, digestive, lymphatic and immune, urinary, and reproductive systems. Includes an overview of avian, reptilian and amphibian anatomy. Emphasis will be placed on the structure and function of the tissues of each system along with the differences in the system between the species examined. Prerequisites: VET 102, VET 114, BIO 123, and BIO LB3 each with a grade of “C” or higher. Corequisites: BIO LB4, VET 124, VET 209, VET LB9, VET 223 and VET LB3.

BIO125 - General Biology 1

3 credits

Catalog Description: Examines the structure and functioning of cells, including origin, physiology, biochemistry, respiration, photosynthesis, reproduction, and genetics. Laboratory exercises reinforce the lectures, which include using microscopes and measurement techniques. General Biology 1 and 2 are recommended to students transferring into pre-medicine or any life science program.

(General Biology I and II are not sequential. Either may be taken first.). Prerequisites: High School Regents Biology completed with a 75 or higher or permission of the instructor. Completion of the Genesee Community College reading and math proficiencies. Corequisite: BIO 125L.

BIO125L - General Biology 1 Lab

1 credit

Catalog Description: Biology 125L is the application of the didactic instruction for Biology 125 and a required corequisite. Skills and performance in BIO 125L are assessed as a component of BIO 125 and therefore must be successfully completed in addition to the requirements of BIO 125. Laboratory exercises which reinforce the lectures, include microscopy, spectrophotometry, measurement techniques, PCR, and other molecular biology techniques. Corequisite: BIO 125. Prerequisites: High school Regent’s biology completed with a 75 or higher or permission of the instructor. Completion of the Genesee Community College reading and math proficiencies.

BIO126 - General Biology 2

3 credits

Catalog Description: Introduces evolutionary theory and the diversity of living things. Students will explore the scientific evidence for evolution and processes by which new species emerge. Special emphasis will be placed on the genetic, molecular, anatomical, and physiological characteristics that define and are used to classify plant and animal species. General Biology 1 and 2 are recommended to students transferring to any of the life sciences programs. (General Biology 1 and 2 are not sequential. Either may be taken first.). Prerequisites: High School Regents Biology completed with a 75 or higher or permission of instructor. Completion of the Genesee Community College reading and math proficiencies. Corequisite: BIO 126L

BIO126L - General Biology 2 Lab

1 credit

Catalog Description: Biology 126L is the application of the didactic instruction for Biology 126 and a required corequisite. Skills and performance in BIO 126L are assessed as a component of BIO 126 and therefore must be successfully completed in addition to the requirements of BIO 126. Laboratory exercises which reinforce the lectures include microscopy, dissection tools and techniques, multiple models and simulations. Corequisite: BIO 126.

Prerequisites: High School Regents Biology completed with a 75 or higher or permission of instructor. Completion of the Genesee Community College reading and math proficiencies.

BIO150 - Survey of Human Anatomy and Physiology

4 credits

Catalog Description: A one semester survey of anatomy and physiology of the human body. The course provides foundation in basic biology with emphasis on anatomy and physiology of selected systems, and homeostasis. Body systems studied include integumentary, cardiovascular, skeletal, muscular, nervous and respiratory. Laboratory study includes microscopy, model study, organ dissection, and exercises designed to illustrate normal form and function. This course is primarily for students interested in physical education studies, fitness and recreation management, and students that may need a four-credit science course for transfer.

BIO152 - Anatomy & Physiology 1

4 credits

Catalog Description: The first course of a 2-semester comprehensive study of the anatomy and physiology of the human body. The course focuses on the integumentary skeletal, muscular and nervous systems. Studies body organization, anatomical terminology, and foundations of histology. Emphasis is on form and function, and the role that negative feedback and homeostasis play in the control of the human body. The course is designed using Human Anatomy and Physiology Society (HAPS)

Learning outcomes. Laboratory study includes microscope work, organ and animal dissection, and exercises designed to illustrate normal anatomy and physiology. Pre-requisite: Successful completion of the Genesee Community College Math and Reading proficiencies and BIO 104 or BIO 125 and BIO 125L completed with a grade of “C” or better within the last five years, or acceptance into a health care career program.

BIO153 - Anatomy & Physiology 2

4 credits

Catalog Description: A continuation of Biology 152 and the comprehensive study of the anatomy and physiology of the human body. Systems studied include endocrine, cardiovascular, lymphatic, immune, respiratory, digestive, urinary and reproductive. Metabolic and regulatory pathways, including those involving fluids, electrolytes and acid/base balance, are an integral part of the course, along with homeostasis and feedback loops. The course is designed using Human Anatomy and Physiology Society (HAPS) learning outcomes. Laboratory study includes microscope work, organ and animal dissection, and exercises designed to illustrate normal function. Pre-requisite: Successful completion of the Genesee Community College Math and Reading proficiencies and completion of Biology 152 with a C or better, within the last five years.

BIO201 - Microbiology and Human Disease

4 credits

Catalog Description: Studies the characteristics of microorganisms, their role in health and disease, and methods of controlling them. Examines mechanisms of immunity. Laboratory exercises reinforce important concepts and aseptic techniques. Recommended for students majoring in health-related sciences. Three class hours, three lab hours.. Prerequisite: BIO152 or BIO125 and BIO125L with a “C” or higher.

BIO205 - Genetics

4 credits

Catalog Description: Basic genetic concepts and topics. Structure, function, and interaction of DNA and RNA. Replication and mutation of DNA. Regulation of gene expression. Structure and function of eukaryotic cells, chromosomes, and their mutation. Transmission and inheritance of simple traits, molecular traits, and the calculation of molecule size through electrophoresis. Labs use breeding experiments and molecular biology. Current application of molecular genetics to mutations, populations, evolution, or disease and development may be discussed. Prerequisites: BIO 125/125L and CHE 103/103L with a grade of “C” or higher.

BIO208 - Ecology

4 credits

Catalog Description: An introduction to the discipline of ecology. Examines interactions among organisms, interactions between organisms and the physical environment, and factors that determine the abundances and distributions of organisms. Topics include the physical environment, evolution, populations, communities, and ecosystems. Includes trips to local natural areas, field-based labs, acquisition and analysis of quantitative data, and a scientific research project communicated to peers. Fall only. Prerequisites: BIO 125 or BIO 126 with a grade of C or higher. MAT 102, MAT 129, or higher; or by permission of instructor. Completion of the Genesee Community College reading proficiency.

BIOLB3 - Lab for BIO 123

1 credit

Catalog Description: BIOLB3 is the application of didactic instruction for BIO123 and a required co-requisite. Skills and performance in BIOLB3 are assessed as a component of BIO123 and therefore, must be successfully completed in addition to all the requirements for BIO123. Laboratory work includes anatomy studies using models and dissections, physiology exercises, and microscopic histological observations. Corequisites: VET102, VET114, BIO123.

BIOLB4 - Lab for BIO 124

1 credit

Catalog Description: BIO LB4 is the application of didactic instruction for BIO 124 and a required co-requisite. Skills and performance in BIO LB4 are assessed as a component of BIO 124 and therefore, must be successfully completed in addition to all the requirements for BIO 124. Laboratory work includes anatomy studies using models and dissections, physiology exercises, and microscopic histological observations. Prerequisites: VET 102, VET 114, BIO 123, and BIO LB3 each with a grade of “C” or higher. Corequisites: BIO 124, VET 124, VET 209, VET LB9, VET 223, and VET LB3.

Business Logistics Management

BLM101 - Principles of Business Logistics

3 credits

Catalog Description: This course explains the basic activities that support the efficient and cost effective flow of goods, starting with raw materials to their finished product state from the point of origin to their final destination in conformance with customer service standards. Specific areas addressed include the sharing of accurate and timely information, purchasing, transportation and distribution management, warehousing and inventory control, packaging, production planning and order fulfillment. Students should take this course during their first semester as a foundation for other BLM courses.

BLM212 - Transportation and Distribution Management

3 credits

Catalog Description: This course will focus on understanding and managing the various attributes associated with providing timely, cost effective and efficient distribution planning and transportation from the point of conversion to an intermediate party or end user. Included will be such items as the various modes of transportation available as well as specific carrier selection along with their associated regulations, individual economic attributes and service intervals. Financial characteristics such as rate

making, fuel surcharges, contracts, discounting, freight consolidation, distribution analyses, product returns, claims and operational considerations impacting other organizations within the firm will be fully addressed.

Technology, documentation preparation, organizational structure and responsibilities and “horizontal” interdepartmental relationships will also be discussed.

BLM223 - Operations and Production Management

3 credits

Catalog Description: This course is an introduction to the strategic concepts and the quantitative and qualitative tools used in managing the recurring activities of a firm in the areas of production and operations. The objective of this course is to provide the student with critical thinking skills and insight into the issues and problems dealt with primarily in a manufacturing environment and to provide them with the appropriate analytical resources and techniques used to gain a competitive advantage. Some of the areas to be considered from a process view perspective include site location, forecasting, inventory control, capacity planning, cycle time, scheduling, quality, information resources, and supply chain management.

BLM234 - Introduction to Purchasing and Supply Chain Management

3 credits

Catalog Description: This course will focus on Purchasing and Supply Chain Management (SCM) and the contributory role that each plays in developing a successful domestic and international Supply Chain strategy for an organization. Also presented is the impact they have on the competitiveness, success and profitability of a firm and its strategic partners. Additional topics included are a brief history, collaboration, supplier evaluation and selection techniques, negotiation strategies and the increased utilization of systems integration. Strategic versus tactical functionality is covered along with worldwide business dynamics,

product flow, transportation, inventory control, warehousing, analytical tools, and finally future trends.

BLM245 - Introduction to Inventory and Warehouse Management

3 credits

Catalog Description: This course focuses on one of the most costly aspects of Supply Chain Management, the storage and management of physical inventories, and explains the fundamental management challenges associated with each. Straight forward quantitative metrics such as order cycle time, turnover, fill rates, and carrying costs are presented. Decision making tools such as the Reorder Point Quantity and Economic Order Quantity (EOQ) are taught to help manage these functions in an efficient manner. Basic and developing technologies, material handling equipment and optimum storage utilization within the warehouse are covered. Upon completion, the student should be able to address the basic problems associated with warehousing and inventory management.

Business Administration

BUS101 - Principles of Business

3 credits

Catalog Description: Examines the scope of business as it relates to the global economic system. Topics include types of business ownership, management principles, the internal organization, human resource management, marketing, finance and risk management. Students should take this course during their first semester as a foundation for other business courses.

BUS106 - Business Communications

3 credits

Catalog Description: Explores the integrated communication skills necessary for today's workplace, including the purposes, strategies, and processes of listening, speaking, reading, writing, and presenting within business contexts. Incorporates language arts skills throughout the course.

BUS108 - Customer Service Management

3 credits

Catalog Description: The course provides an overview of basic elements of customer service, career options, and role in any industry. It studies leaders in service and the impact of service businesses on the world economy. The course presents case studies of businesses which utilize customer service and hospitality techniques to differentiate from their competition and to develop new products and services. It covers customer service philosophies, skills and innovations. The course examines available technology used to anticipate and manage customer needs and improve revenue and customer retention.

BUS109 - Principles of Retailing

3 credits

Catalog Description: Examines types of retail stores, merchandising, operations, store location and layout, internal organization, buying, personnel management, inventory control, and sales promotion in the evolving global, high-tech retail to e-tail business environment.

BUS110 - Personal Money Management

3 credits

Catalog Description: Equips students with hands-on, lifelong skills including creating a financial plan for personal goals, avoiding credit trouble, saving money on everyday and major purchases (auto, homes, etc.), investing in stocks, bonds and mutual funds.

BUS111 - Exploring Business Opportunities

3 credits

Catalog Description: Examines the personal characteristics of an entrepreneur. Conducts an investigation of a business opportunity and identifies required business criteria prior to start-up. Presents the basic foundations for entrepreneurial success. Useful for anyone interested in understanding the issues involved in starting his/her own business immediately or in the future. Not open to students with credit in BUS225.

BUS112 - Supervisory Principles

3 credits

Catalog Description: Concentrates on the scope of management in the global environment. Examines the four main functions of management (planning, organizing, leading, and controlling) and the decision-making process through case analysis and team projects. Studies the management skills necessary to adapt to rapidly changing world competition and environments.

BUS113 - Social Media & Digital Marketing

3 credits

Catalog Description: Students will hone the skills necessary to effectively leverage social media to engage target audiences, promote brands, leave a meaningful impression, and achieve marketing goals. Students will learn how to create and maintain strategic social media presences that take into account consumer perception, marketing objectives, user experience, campaign or business objectives, and more. Using a hands-on approach to learning today's platforms and best practices, students will engage in opportunities for real-world social media campaign building, creativity, engagement, and analysis.

BUS200 - Social Media Strategy & Campaign Building

3 credits

Catalog Description: This immersive class explores the data-driven world of social media strategy and primes students to be savvy digital marketers in the business context. Students will understand the basis of social media strategy and search engine optimization (SEO) throughout this class and put that knowledge into practice in a semester-long campaign project. In creating, analyzing, and refining a social media campaign strategy, students will develop real-world skills in data analytics, social media marketing, strategic management, SEO, and more. Pre-requisite: BUS 113

BUS201 - Professional Sales

3 credits

Catalog Description: Introduces selling principles and their applications, integrating concepts from psychology, sociology, and human relations as they apply to the art of persuasion.

BUS203 - Advertising

3 credits

Catalog Description: Introduces advertising principles as part of the marketing mix. Develops skills in types of media, copy development, layout visualization, and planning and implementation of advertising campaigns including production of TV commercials.

BUS205 - Business Law 1

3 credits

Catalog Description: Studies the impact of law on the business environment. Topics include ethics, contracts, sales, torts, consumer protection, criminal law, civil and criminal procedure, litigation, and the court system.

BUS206 - Business Law 2

3 credits

Catalog Description: Studies the law of personal property and bailments; real property; landlord and tenants; wills, trusts and estates; negotiable instruments; insurance; secured transactions; bankruptcy; principal and agency; employment; sole proprietorships, partnerships and corporations; and professional liability. Prerequisite: BUS 205.

BUS207 - Human Resource Management

3 credits

Catalog Description: Studies human resources managerial theories and practices appropriate for any Organization. Topics include planning personnel needs, recruiting, selecting, developing, utilizing, compensating and maximizing human resources. Prerequisite: BUS101.

BUS208 - Display and Visual merchandising

3 credits

Catalog Description: Visual presentations created using mannequins, props, fixtures,

merchandise and signage for promotion of consumer products.

BUS211 - Merchandise Planning and Control

3 credits

Catalog Description: Explores the complex decisions retailers face in managing large diversified assortments of merchandise for successful merchandising. Analyzes techniques in calculating markup, markdown, profits, pricing, inventory valuation, and stock turnover. Fall only. Prerequisite: BUS 109 or BUS101

BUS213 - Principles of Marketing

3 credits

Catalog Description: Focuses on the role of marketing in the global economy and the overall evaluation of the marketing process. Topics include marketing functions, policies, and practices including the marketing strategy and marketing mix (product, price, promotion and place). Addresses website and social media perspectives. Case studies and team projects enhance course concepts.

BUS214 - Organizational Behavior

3 credits

Catalog Description: This course concentrates on analysis of factors impacting individual and organizational success in today's rapidly changing business environment. Students will explore topics such as personality, motivation, ethics, diversity, and organizational structure. Focus will also be placed on development of interpersonal skills including communication, teamwork, decision making, leadership, and conflict resolution through applied classwork and assignments.

BUS217 - Cooperative Education

3 credits

Catalog Description: Introduces students to first-hand experiences in business operations. Students will secure and participate in an internship relative to their career and academic objectives. Contact instructor directly upon registration. Prerequisite: Successful completion of 24 credits.

BUS219 - Business Topics Seminars

3 credits

Catalog Description: Explores the solutions to business case problems, utilizing creative thinking skills and data to make managerial decisions. Fall only.

BUS221 - Introduction to Project Management

3 credits

Catalog Description: Studies project management theory and skills. Defines and organizes projects by defining the scope, schedule and available resources. Learn to create work breakdown structures, identify task dependencies and prerequisites, and identify a critical path to completion of a project. Addresses risk and change management. Spring only. Prerequisite: CIS102 or higher or CSN 115 or higher or EGR 118 or BUS 101 or BUS 109.

BUS223 - Digital Media Content Production & Portfolio Creation (Capstone)

3 credits

Catalog Description: Throughout the semester, students will have the opportunity to create a wide range of digital content and synthesize it in an online portfolio website to showcase themselves professionally. Students will be well-versed in employing content strategically in multiple contexts, including social media, marketing, and business. This course hones numerous transferable skills in social media marketing, content development, design principles, and basic website building. Prerequisite: BUS 113

BUS225 - Entrepreneurship

3 credits

Catalog Description: Capstone course studies the critical process of developing a bona fide business feasibility plan. Topics include: concept development, management, legal, regulation, marketing research and penetration, pricing, and financial perspectives. Prerequisite: 12 credits in BUS***, ACC***, FBM***, OFT***, THM***, PED258 and PED277 or with instructor permission.

Career Educational Planning**CEP100 - Surviving and Thriving in College**

1 credit

Catalog Description: Develops a greater understanding of college success strategies. Includes college policies and procedures, stress and time management techniques, and decision-making strategies. Upon completion of the course students will learn how to successfully navigate their college experience, set goals and objectives, and create an academic plan. Prerequisite: None.

CEP101 - Career and Educational Planning

3 credits

Catalog Description: Prepares students to develop a greater understanding of career and educational opportunities. Includes self-assessment, goal-setting, and decision-making skills as related to the career development process. Successful completion of the course enables students enrolled in the Individualized Studies degree program to complete their mandatory educational plan. Recommended for student desiring guidance to develop a customized career and educational plan. Not open to students who have successfully completed CEP102.

College Skills**CES110 - Leadership in the Community**

1 credit

Catalog Description: Introduces students to leadership in the local community. Utilizes experiential learning with a strong emphasis placed on structured group activities, out-of-class observations, selected readings and class discussions to focus on particular areas of local leadership (i.e. job readiness, health and human services, government, law enforcement, tourism, and agriculture) during each session.

Chemistry**CHE100 - Introduction to Chemistry**

3 credits

Catalog Description: An introduction to general, organic and biological chemistry, with an emphasis on applications that are relevant to students pursuing health science programs. Topics include measurement, atomic and molecular structure, chemical and physical bonding, gas properties, chemical reactions, acid/base chemistry, organic molecule structure and functional groups, and common groups of biological molecules (carbohydrates, lipids and proteins). This course is not part of the Natural Science major sequence. Two class hours, two lab hours. Prerequisite: Completion of the Genesee Community College math requirement or concurrent enrollment in MAT 092 or MAT108.

CHE103 - General Chemistry 1

3 credits

Catalog Description: Introduces the fundamental principles of chemistry including: atomic structure, periodicity, chemical bonding, molecular geometry, chemical reactions, stoichiometry, solutions, gases and thermochemistry. Recommended for students pursuing careers in science, engineering, health and/or technology fields. A solid math/algebra background is expected. Three class hours. Corequisites: CHE 103L Prerequisites: CHE 100 with a grade of "C" or higher or Regents Chemistry with a Regents exam score 75 or higher or MAT 102 or higher. The math requirements may be taken concurrently with CHE 103. (Note: MAT 108 MAT 129, MAT 116 and MAT 117 are not accepted as math prerequisites.)

CHE103L - General Chemistry 1 Lab

1 credit

Catalog Description: CHE 103L is the application of the didactic instruction for CHE 103 and a required corequisite. Skills and performance in CHE 103L are assessed as a component of CHE 103 and therefore must be successfully completed in addition to all the requirements for CHE 103. CHE 103L supports concepts from the lecture (atomic structure, periodicity, chemical bonding, molecular geometry, chemical reactions, stoichiometry,

solutions, gases, and thermochemistry) and covers basic lab skills, capturing information in a lab notebook, determining conclusions from experimental results and designing next experiments based upon previous results. Corequisites: CHE 103. Prerequisites: CHE 100 with a grade of 'C' or higher or Regents Chemistry with a Regents exam score 75 or higher or MAT 102 or higher. The math requirements may be taken concurrently with CHE 103. (Note: MAT 108 MAT 129, MAT 116 and MAT 117 are not accepted as math prerequisites.) Three lab hours.

CHE104 - General Chemistry 2

3 credits

Catalog Description: A continuation of General Chemistry 1 includes properties of solids, liquids and solutions, kinetics, chemical equilibrium, acid/base chemistry, precipitation, thermodynamics, oxidation/reduction, and electrochemistry. Recommended for students pursuing careers in science, engineering, health and/or technology fields. A solid math/algebra background is expected. Three class hours. Corequisites: CHE 104L. Prerequisites: CHE 103 with a grade of "C" or higher.

CHE104L - General Chemistry 2 Lab

1 credit

Catalog Description: CHE 104L is the application of the didactic instruction for CHE 104 and a required co-requisite. Skills and performance in CHE 104L are assessed as a component of CHE 104 and therefore must be successfully completed in addition to all the requirements for CHE 104. CHE 104 L supports the concepts from the lecture (properties of solids, liquids and solutions, kinetics, chemical equilibrium, acid/base chemistry, precipitation, thermodynamics, oxidation/reduction, and electrochemistry) and covers basic lab skills, capturing information in a lab notebook, determining conclusions from experimental results and designing next experiments based upon previous results. Corequisite: CHE 104. Prerequisites: CHE 103 with a grade of 'C' or higher. Three lab hours.

CHE201 - Organic Chemistry 1

4 credits

Catalog Description: Survey of carbon-containing compounds, including bonding, intermolecular forces, configurations, stereochemistry and reaction mechanisms. Properties and reactions for the following functional groups: alkyl halides, alkenes, alkynes, and alcohols. Fall only. Three class hours, three lab hours. Prerequisite: CHE104.

CHE202 - Organic Chemistry 2

4 credits

Catalog Description: Application of common analytical techniques (mass spec, IR and NMR spectroscopy) used in organic chemistry. Topics include properties, reactions, synthesis and mechanisms of the following functional groups: alcohols, ethers, aromatics, ketones, aldehydes, amines, and carboxylic acids. Three class hours, three lab hours. Spring only. Prerequisite: CHE 201.

Cinema**CIN147 - Popular Cinema**

3 credits

Catalog Description: Examines the popular genres of feature films, including science-fiction, Westerns, spy and suspense films, musicals, horror and crime films. Explores the feature film as a reflection of contemporary society. Prerequisite: completion of the Genesee Community College reading proficiency.

CIN205 - Thriller Films

3 credits

Catalog Description: Presents an in-depth examination of one of the most popular and elusive of film genres—the suspense thriller—by tracing its history from the early film-noir offerings to the relevant cautionary thrillers of today. Analyzes the structural terrains that comprise the genre and the various theories regarding our fascination with them. Prerequisite: completion of the Genesee Community College reading proficiency.

CIN214 - Writing for Stage and Screen

3 credits

Catalog Description: Introduces basic techniques of writing for the stage and screen, with emphasis on structure/development, storytelling through dialogue, dramatic action, characterization, and continuous revision through workshop process. Prerequisite: Completion of ESL/ENG 100 or by placement.

CIN215 - Writing for the Stage and Screen

3 credits

Catalog Description: Introduces basic techniques of writing for the stage and screen, with emphasis on structure/development, storytelling through dialogue, dramatic action, characterization, and continuous revision through workshop process. Prerequisite: completion of the Genesee Community College reading proficiency.

CIN240 - Horror in Films

3 credits

Catalog Description: Traces our fascination with horror stories and explores certain formulaic horror sequences and images that have become staples of popular culture. Investigates the staying power of horror myths and legends (e.g. Dracula, Jeekyll and Hyde, and Frankenstein). Charts the transformation of real horror into artificial horror in an effort to distinguish between terror and horror. Prerequisite: completion of the Genesee Community College reading proficiency.

CIN242 - Female Role in Film

3 credits

Catalog Description: Examines how American films from 1920 to the present depict women in a variety of genres: melodrama, romance, comedy, film noir, etc. Studies how societal changes affected the way women were presented in Hollywood. Prerequisite: completion of the Genesee Community College reading proficiency.

CIN244 - Film Comedy

3 credits

Catalog Description: Examines comic films about 20th century life, politics, morality, and science. Moves from zany, screwball comedy to slapstick comedy and then to sophisticated comedy, including the works of such master comics as Mel Brooks and Woody Allen. Prerequisite: completion of the Genesee Community College reading proficiency.

CIN245 - Hitchcock Films

3 credits

Catalog Description: Presents an in-depth examination of Alfred Hitchcock's directorial style and its formation from 1922-1976. Analyzes one of Hitchcock's favorite themes; an innocent man involved through unusual circumstances, falsely accused of murder, and forced to find the real murderer himself. Prerequisite: completion of the Genesee Community College reading proficiency.

CIN246 - American Cinema

3 credits

Catalog Description: Explores Hollywood motion pictures as an art form, as an industry, and as a system of representation and communication. Examines how Hollywood films work technically, artistically, and culturally to reinforce and challenge American's national self-image. Defines elements of film language, such as shot, cinematography, film noir, mise en scene, and montage. Studies popular genres such as Westerns, comedy, and combat film. Students learn to become active and critical viewers. Prerequisite: completion of the Genesee Community College reading proficiency.

Computer Information Systems

CIS102 - Introduction to Computers

3 credits

Catalog Description: Includes the most recent developments in the computer industry, computer applications, the Internet, and the components of a computer system. Laboratory exercises stress application programs such as word processing, spreadsheet, and database.

CIS106 - Introduction to Virtual Reality

3 credits

Catalog Description: An Introduction to Virtual Reality. Students will enhance computer and creative skills for interacting with virtual reality. Students will complete a variety of tasks in a virtual reality environment including: designing/creating objects, communicating/interacting with other users, and manipulating items.

CIS109 - Intro to Web Development

3 credits

Catalog Description: An introduction to creating a website including HTML coding and use of dynamic web templates. Not open to students with credit in CIS113 or CIS204; not an approved course for the Web Design degree or Certificate.

CIS112 - Systems Analysis and Design

3 credits

Catalog Description: Studies the current techniques of system analysis specification, selection, and implementation. Includes the effective use and management of hardware, software and data processing in meeting the information needs of today's business enterprise. Spring only. Prerequisite: CIS125.

CIS113 - Web Publishing

3 credits

Catalog Description: Introduces the techniques, skills, and tools used to publish and manage a website. Develops the skills needed for publishing a simple web page and introduces HTML coding; builds on these authoring techniques and introduces other topics such as web design, web project management, and web maintenance; and acquires skills to build a maintainable web project. It is recommended that students possess a fundamental knowledge of personal computer operations.

CIS116 - Microcomputer Applications

3 credits

Catalog Description: Develops skills to solve problems using common microcomputer software. Topics include microcomputer fundamentals, word processing, electronic

spreadsheets, databases, and other software. It is recommended that students complete CIS102 or possess a fundamental knowledge of personal computer operations, word processing, spreadsheet, presentation and database software before taking this course.

CIS117 - Fundamentals of Business Computing

3 credits

Catalog Description: This course thoroughly introduces key computer technologies and applications used in business. It focuses on foundational tech knowledge, Microsoft Office Suite, and advanced Excel skills. Students will learn about Internet technologies, operating systems, and software and gain hands-on experience in creating documents, presentations, and spreadsheets.

CIS120 - Advanced Microcomputer Applications

3 credits

Catalog Description: Advanced skill development to solve problems using common microcomputer software. Topics include desktop publishing, presentation software, advanced spreadsheet concepts, and database programming. Spring only. Prerequisite: CIS116.

CIS125 - Programming and Problem Solving

3 credits

Catalog Description: Develops computer skills for problem solving using modern programming software. Solves a variety of problems by developing a strategy, applying appropriate techniques, and testing results. Prerequisite or corequisite: MAT102 or higher or by math placement exam. Windows based computer is required for completing the course.

CIS127 - Computing in Math, Science, and Engineering

3 credits

Catalog Description: An introduction to computer programming and problem solving, with special emphasis on problems found in mathematics, science, and engineering. Students will use software such as Maple and

Excel, and/or a programming environment such as MatLab or Python, to efficiently and effectively solve problems by developing a strategy, applying appropriate techniques, and validating results. Prerequisite: MAT140 or higher.

CIS204 - Web Design and Implementation

3 credits

Catalog Description: Assuming a basic knowledge of HTML coding and web page design, this class moves into large-scale site development and an introduction to advanced web technologies. Building on the web page design concepts introduced in CIS113, this course focuses on site design issues, including scalability, maintenance, and integration of web technologies into the business or organizational context. Technologies introduced in this course include Perl, cascading style sheets, dynamic HTML, basic JavaScript, and streaming media. Each student will be required to purchase a domain name to create a website. Spring only. Prerequisite: CIS113.

CIS208 - Database

3 credits

Catalog Description: A presentation of the fundamental concepts used in data modeling and database implementation. The data modeling process, basic relational concepts, and the process of normalization, relational algebra, SQL, and guidelines for mapping a data model into a relational database will be covered. Students will model a multimedia and/or text-only problem and implement it on a single machine with a commercially available database package. Prerequisite: CIS 112, or CIS113, or CIS 125, or CIS 215, or CIS 219.

CIS211 - Application Development and Design 1

3 credits

Catalog Description: This class is designed to instruct students on how to design, create, measure and deploy applications for mobile devices. These devices include, but are not limited to, phone, tablet and android devices. Prerequisite: CIS125

CIS215 - Web Scripting

4 credits

Catalog Description: Introduces scripting languages, using them to accomplish a variety of tasks with an emphasis on dynamic web page generation. Students will work with both server-side and client-side languages. Spring only.

Prerequisite: CIS125.

CIS219 - Computer Programming 1

4 credits

Catalog Description: Introduces computer concepts and programming in a modern, high-level language with a focus on problem solving and systematic program development. Topics include problem analysis, algorithm design, top-down development, program testing, documentation, data types, input/output, sequence, selection, loops, functions, arrays, strings, files, and data structures. Additionally, students are introduced to basic algorithms such as sorting and searching. Prerequisite: CIS125.

CIS221 - Computer Programming 2

4 credits

Catalog Description: A continuation of CIS219. Demonstrates advanced computing system concepts, problem solving and systematic program development. Topics include program development, program testing, documentation, functions, files, advanced data structures, and object-oriented concepts such as inheritance, polymorphism, exception handling, and event driven programming. Additional topics may include but are not limited to: database programming, networking, GUI development, recursion, lists, stacks, queues and trees. Prerequisite: CIS219.

CIS295 - Application Development and Design 1

3 credits

Catalog Description: This class is designed to instruct students on how to design, create, measure and deploy applications for mobile devices. These devices include, but are not limited to, phone, tablet and android devices. Pre-Requisites: CIS 125

CIS296 - Application Development and Design 2

3 credits

Catalog Description: This class is designed to increase student understanding of capabilities, limitations and design standards for mobile applications introduced in Application Development 1. The feature areas of study will be data manipulation, User Interface Design and publishing process. Pre-Requisite: CIS 295

CISLB3 - Interactive Media Lab

0 credit

Catalog Description:**Cooperative Education****COE212 - Coop or Internship Experience**

1 credit

Catalog Description: Provides students with an opportunity to earn credit for a work experience (paid or unpaid) which is related to their career and academic objectives. A minimum of 40 hrs is required. Prerequisite: Successful completion of 12 credits or instructor approval

COE213 - Coop or Internship Experience

2 credits

Catalog Description: Provides students with an opportunity to earn credit for a work experience (paid or unpaid) which is related to their career and academic objectives. A minimum of 80 hrs is required. Prerequisite: Successful completion of 12 credits or instructor approval

COE214 - Coop or Internship Experience

3 credits

Catalog Description: Provides students with an opportunity to earn credit for a work experience (paid or unpaid) which is related to their career and academic objectives. A minimum of 120 hrs is required. Prerequisite: Successful completion of 12 credits or instructor approval

Communications and Media Arts**COM101 - Introduction to Mass Media**

3 credits

Catalog Description: Introduces basic mass media concepts affecting radio, television,

newspapers, the computer, and film. Explores the effectiveness of media messages in their social and cultural contexts. Examines the history of the media and creation of mass media theories.

COM102 - Radio Station

3 credits

Catalog Description: Explains radio station operations. Introduces principles, theories and radio broadcasting procedures. Examines FCC rules and regulations. Provides instruction and training for becoming a successful radio personality by honing program development, news, copy, scriptwriting and announcing skills. Two class hours, two lab hours.

COM107 - Visual Communication

3 credits

Catalog Description: Surveys the development of visual design in the mass media and its impact on American society. Explores general concepts of visual communication including psychology of design and contemporary theories of electronic media.

COM110 - Introduction to Broadcasting

3 credits

Catalog Description: Introduces broadcasting concepts used in radio, television, computer, and satellite applications. Develops management decision practices utilizing communication theories.

COM111 - TV and Video Production

3 credits

Catalog Description: Introduces production techniques including the use of television and video equipment, staging, lighting, television graphics, and the function of studio personnel. Two class hours, two lab hours. Fall only.

COM11L - TV and Video Lab

0 credit

Catalog Description:

COM120 - New Communication Technologies

3 credits

Catalog Description: Provides an historical and theoretical perspective on new communication

and information technologies. Examines the interconnection between technology, culture, economics, and politics through a projects-based approach.

COM123 - Broadcasting Practicum

1 credit

Catalog Description: Provides one college credit for working on the college radio station or participating in an internship program at a commercial radio station in Batavia, Rochester or Buffalo. Students may enroll four times for a maximum of four semesters hours of credit. Activity hours to be arranged. Prerequisite: COM102, COM102 or concurrent enrollment in COM102. Credit in this course will not satisfy the Fine Arts requirement in any degree program.

COM124 - Broadcasting Practicum

1 credit

Catalog Description: Provides one college credit for working on the college radio station or participating in an internship program at a commercial radio station in Batavia, Rochester or Buffalo. Students may enroll four times for a maximum of four semesters hours of credit. Activity hours to be arranged. Prerequisite: COM102, COM102 or concurrent enrollment in COM102. Credit in this course will not satisfy the Fine Arts requirement in any degree program.

COM125 - Broadcasting Practicum

1 credit

Catalog Description: Provides one college credit for working on the college radio station or participating in an internship program at a commercial radio station in Batavia, Rochester or Buffalo. Students may enroll four times for a maximum of four semesters hours of credit. Activity hours to be arranged. Prerequisite: COM102, COM102 or concurrent enrollment in COM102. Credit in this course will not satisfy the Fine Arts requirement in any degree program.

COM126 - Broadcasting Practicum

1 credit

Catalog Description: Provides one college credit for working on the college radio station or participating in an internship program at a

commercial radio station in Batavia, Rochester or Buffalo. Students may enroll four times for a maximum of four semesters hours of credit. Activity hours to be arranged. Prerequisite: COM102, COM102 or concurrent enrollment in COM102. Credit in this course will not satisfy the Fine Arts requirement in any degree program.

COM198 - Media Production Practicum

1 credit

Catalog Description:

COM211 - Advanced Video Production

3 credits

Catalog Description: Develops video production techniques using the college's media facility and equipment, operating video production and post-production equipment to create effective visual communication. Two class hours, two lab hours. Spring only.

COM21L - Advanced Video Production Lab

0 credit

Catalog Description:

COM221 - Media Production Practicum

1 credit

Catalog Description: Internship at media facility or college cable television station in student's field of interest. Facility must be approved by program faculty. Prerequisite: COM211 or ART210.

COM222 - Media Production Practicum

2 credits

Catalog Description: Internship at media facility or college cable television station in student's field of interest. Facility must be approved by program faculty. Prerequisite: COM211 or ART210.

COMLB1 - 3D Animation Lab

0 credit

Catalog Description:

COMLB2 - Digital Editing Lab

0 credit

Catalog Description:

COMLB3 - Interactive Media Lab

0 credit

Catalog Description:

Creative Problem Solving

CPS101 - Introduction to Creative Problem Solving

3 credits

Catalog Description: Develops individual creative potential. Focuses on the interactive elements in deliberate creativity and innovation: the creative person, the creative process, the creative product, and the creative environment. Emphasizes application in personal and professional settings.

Criminal Justice

CRJ101 - Introduction to Criminal Justice

3 credits

Catalog Description: Presents overview of the administration of criminal justice in the United States and the problems of crime prevention and control in American society. Prepares students for further study in criminal justice, for careers in criminal justice agencies, and for knowledgeable citizenship.

CRJ110 - Criminal Law

3 credits

Catalog Description: Introduces students to the criminal law and the New York Penal Code. Examines the historical development of laws in the United States. Discusses the parties of crime, the elements of crime, inchoate crimes and the various categories of crime, including crimes against persons, property offenses and crimes that harm society. Analyzes the criminal defenses used in the Criminal Justice system. Prerequisite: CRJ 101 or PLG114.

CRJ111 - Criminal Procedure Law

3 credits

Catalog Description: Familiarizes students with the basic principles of criminal procedure law. Examines the total criminal process from accusation through final appeal. Identifies the court structure and its participants. Studies constitutional and New York procedural law, including warrants, searches, stops, interrogations, arrests, and suspect

identifications. Prerequisite: CRJ 101 or PLG114.

CRJ112 - Police

3 credits

Catalog Description: Studies factors which influence and shape the delivery of police services in American communities. Analyzes contemporary issues including styles of policing, police role, expectations and conflict, career concepts and professionalism, community participation and accountability. Teaches students how to evaluate their impact on police services in a given community. Prerequisite: CRJ101.

CRJ113 - Introduction to Corrections

3 credits

Catalog Description: Examines current American correctional institutions and community-based corrections in terms of development, objectives, standards, and philosophy. Includes jails, prisons, detention facilities, and correctional camps. Examines community approaches to corrections, including probation, parole, halfway houses, work release, prerelease centers, pretrial intervention programs and other alternatives to incarceration programs.

CRJ118 - Forensic Anthropology

3 credits

Catalog Description: Examines human skeletal remains in the context of medicolegal issues. Analyzes the scientific evidence of skeletal or badly decomposed remains in order to establish circumstances of death and identification of the decedent by estimating age, gender, racial affinity, stature, pathologic conditions, and traumatic injury. Introduces human osteology, and presents methods and techniques used in forensic anthropology. Discusses case reports, contexts in which remains are found, and methods of recovery. Spring only.

CRJ119 - Homeland Security

3 credits

Catalog Description: Presents a comprehensive overview of homeland security

from an all-hazards perspective. Examines threats to homeland security stemming from natural and technological disasters, domestic and international terrorism, and weapons of mass destruction. Reviews the roles and responsibilities of governmental agencies, not-for-profit and private agencies, and individual citizens concerning homeland security operations. Fall only.

CRJ120 - Introduction to Security

3 credits

Catalog Description: Presents a broad foundation for the range of protective services. Studies the historical aspects of security, and techniques of prevention, protection, enforcement, detection, safety and emergency services. Explores the role of security and safety and their relationship to the Criminal Justice System. Examines symptoms, causes and possible solutions to security problems and issues. Eligibility for NYS Pre-Assignment Certification as a security guard. Spring only.

CRJ121 - Police Firearms

3 credits

Catalog Description: Presents the use and nomenclature for service weapons police officers are authorized to carry in the performance of their duties. Emphasizes standard safety precautions and use of force regulations, loading and unloading, position, sight alignment, proper grip, trigger control and effective range of the respective weapons before firing. Includes firing range practice and qualification. Participants must successfully complete the minimum qualifying course of fire as adopted by the New York State Municipal Police Training Council (MPTC). Prerequisite: This course is available only to persons enrolled in the Basic Course for Police Officers in the Genesee Community College Rural Police Training Institute. Course instructors must be certified by the New York State Municipal Police Training Council pursuant to 9 NYCPP Part 6024.

CRJ122 - Introduction to Emergency Management

3 credits

Catalog Description: Examines the need for and principles of emergency management in formulating and implementing effective response to all hazards including natural and man-made disasters. Reviews contingency planning, hazard and risk assessment, joint operations, law and ethics, emergency response and recovery. Explores event mitigation, emergency rescue and medical operations and incident command. Studies terrorism and national security issues, law enforcement, relief administration, volunteer and citizen coordination, public relations and applications to specific types of incidents. Spring only.

CRJ123 - Introduction to Emergency Telecommunications

3 credits

Catalog Description: Provides an introduction to public safety telecommunications in support of police, fire, and emergency medical services. This course is designed to provide students with a basic understanding of 911 operations, emergency communications, and the unique role public safety telecommunicators serve within the overall emergency response framework. Students successfully completing this course will also receive national certification from the Association of Public Safety Communications Official (APCO) which is broadly accepted in 911 Centers in the United States and Canada.

CRJ125 - Introduction to Forensics

3 credits

Catalog Description: Familiarizes students with the basic principles of crime scene investigation and the scientific concepts and techniques used in a forensic laboratory thorough participation in crime scene analysis, evidence collection and evidence preservation. Provides practice in forensic crime laboratory procedures involving various branches of forensics, including fingerprinting, toxicology, serology and impression evidence. Fall only. Two class hours, two lab hours.

CRJ202 - Ethics in Criminal Justice

3 credits

Catalog Description: Examines the philosophical, moral, and ethical bases of human behavior from a criminal justice perspective. Students discuss justice, law, and punishment, moral decision-making; and ethical and legal dilemmas in the criminal justice system.

CRJ205 - Administration in Criminal Justice

3 credits

Catalog Description: Presents general administrative concepts of criminal justice agency operations. Examines organizational principles and the individual, allocation and management of human resources, organizational effectiveness, change and evaluation. Prerequisite: CRJ101. Spring only.

CRJ206 - Criminal Investigations: Law and Process

3 credits

Catalog Description: Studies criminal investigative principles and techniques based upon rules of evidence and related appellate court decisions. Presents investigative methods, skills and procedures used in conducting major crime scene investigations. Examines the identification, collection and preservation of evidence, and case preparation for prosecution. Prerequisites: CRJ101 and CRJ110.

CRJ209 - Juvenile Justice

3 credits

Catalog Description: Introduces the interactions of various agencies (e.g. the police, courts, corrections, and other youth agencies and programs) within the juvenile justice system. Topics include the role of police, courts, corrections and community programs in delinquency prevention, control and treatment. Focuses on juvenile violent behavior and constitutional rights. Spring only. Prerequisite: CRJ101 or HUS101 or SOC101.

CRJ222 - Field Studies in Criminal Justice

3 credits

Catalog Description: Presents independent and group studies of selected criminal justice

agencies. Students are assigned to an agency based on career objectives to evaluate and reflect upon the theoretical and actual operational functions of the agency. Eight off campus hours and one and one-half on campus class hours. Prerequisite: CRJ101 and permission of instructor.

Computer Sys & Network Technology

CSN115 - Introduction to Operating Systems 3 credits

Catalog Description: Examines several operating systems with emphasis on a modern LINUX-based distribution. Topics include memory and process management, I/O systems, storage, multi-processing, networking, and system commands. Requires hands-on projects in system administration tasks such as managing file systems, creating and configuring user accounts and groups, managing file/directory permissions, creating shell scripts, and setting up services. Prerequisite: Some PC experience is recommended.

CSN116 - Introduction to Linux

3 credits

Catalog Description: Examines the modern LINUX-based distributions. Topics include memory and process management, I/O systems, storage, multi-processing, networking, and system commands. Requires hands-on projects in system administration tasks such as managing file systems, creating and configuring user accounts and groups, managing file/directory permissions, creating shell scripts, and setting up services. Prerequisite: Some PC experience is recommended.

CSN121 - Network Fundamentals

3 credits

Catalog Description: Explores computer networks using the OSI and TCP models, network protocols, IP, Ethernet, network hardware, media and application services. Uses a combination of lectures and hands-on experiences to analyze protocols, network operations, cabling, routers and switches.

Prerequisite: Completion of the Genesee Community College math proficiency.

CSN130 - Operating Systems 2: Advanced LINUX

3 credits

Catalog Description: This course is a follow up to the Introduction to Operating Systems course, and provides students with an in-depth examination of a modern Linux-based operating system. Topics include the boot process, file system administration, package management, system administration tools, kernel configuration, networking services, the X window system, shell scripting, troubleshooting, and security. Students will be required to complete several hands-on projects during the course of the semester.

Prerequisite: CSN115

CSN151 - Computer Repair

3 credits

Catalog Description: Introduces computer hardware, software and operating system components. Includes hardware installation, configuration, repair, systematic troubleshooting, internal operation, peripheral devices, operating system installation, and system tools. Lab work includes PC assembly and repair projects.

CSN196 - Intra-networking

3 credits

Catalog Description:

CSN197 - Network Segmentation

3 credits

Catalog Description:

CSN198 - WAN Technologies

3 credits

Catalog Description:

CSN201 - Client Operating Systems

3 credits

Catalog Description: Explores concepts and requirements of client operating systems with an emphasis on the current Microsoft Windows operating systems. Introduces the various tools for installing, administering, configuring and supporting Windows using skills based activities. Prepares students to take the current Microsoft

Windows certification examination. Fall only.
Prerequisite or co-requisite: CSN121, CSN 116 or CSN115 or permission of instructor.

CSN202 - Server Operating Systems

3 credits

Catalog Description: Explores concepts and requirements of server operating systems with an emphasis on current Microsoft products. Introduces the various tools for installing, administering, configuring and supporting Windows Server Operating Systems using skills based activities. Prepares students to take the corresponding Microsoft certification examination. Spring only. Prerequisite: CSN201 or permission of instructor.

CSN206 - LAN Switching and Wireless Networking

3 credits

Catalog Description: Introduces technologies and protocols needed to design and implement converged switched and wireless networks. Topics include Ethernet switching, VLAN, switch trunking, interVLAN routing, VTP, RSTP, wireless networking and wireless security. Students complete procedural labs on configuration, implementation, and troubleshooting of enterprise level network switches and wireless LANs. Fall only. Prerequisite: CSN121

CSN207 - Wide Area Networking

3 credits

Catalog Description: Presents WAN technologies and network services required by converged applications in enterprise networks. Lectures and labs cover protocols, WAN security, Voice Over IP, principles of traffic, access control, and addressing services. Skills include configuration, implementation, detection, troubleshooting and corrective actions. Spring only. Two class hours, two lab hours. Prerequisite: CSN206

CSN209 - Overview of Computer & Network Security

3 credits

Catalog Description: Provides a solid foundation of the core concepts and terminology used in the field. Includes topics such as authentication, identifying and describing risks, and intrusion detection. Fall only. Prerequisite: CSN 121.

CSN217 - Information Technology Internship

3 credits

Catalog Description: Participation in a minimum of 120 hours field experience in an internship business/organization for the purpose of experiential learning in business operations, management, and information technologies which are related to career and academic objectives. Prerequisite: 12 credit hours of CSN and/or CIS courses and permission of instructor.

CSN221 - Routing and Switching

3 credits

Catalog Description: Introduces LAN/WAN architecture, network routing protocols, IP addressing and interconnecting networks. Also introduces technologies and protocols needed to design and implement converged switched networks. Topics include Ethernet switching, VLAN, switch trunking and interVLAN routing. Prerequisite: CSN121.

CSN291 - Cybersecurity Analyst

3 credits

Catalog Description: Introduces students to cybersecurity practices and concepts with high emphases placed on hands-on practical virtual lab work. Students gain access to full software and hardware resources to more fully engage in discovery. This curriculum maps to NSA/NICE standards and prepares students for CompTIA Cybersecurity Analyst certification (CySA+). CompTIA CySA+ meets the ISO 17024 standard and is approved by U.S. Department of Defense to fulfill Directive 8570.01-M requirements. Prerequisites: CSN150, CSN208, CSN220

CYB200 - Overview of Computer & Network Security

3 credits

Catalog Description: Provides a solid foundation of the core concepts and terminology

used in the field. Includes topics such as authentication, identifying and describing risks, and intrusion detection. Prerequisite: CSN 121 or permission of instructor.

CYB201 - Introduction to Python for Cybersecurity

3 credits

Catalog Description: Students will learn universal computer programming concepts like data types, containers, functions, conditions, and loops and Python programming language syntax, semantics, and the runtime environment. A focus on applications within cybersecurity will also be demonstrated. Prerequisite: CIS 125 and CSN 121 or permission of instructor.

CYB210 - Cybersecurity Ethical Hacking

3 credits

Catalog Description: Master ethical hacking methodology used in a penetration testing or ethical hacking situation. Provides a hands-on training environment employing a systematic ethical hacking process; teaches how to scan, test, hack, and secure target systems; covers the phases of ethical hacking, reconnaissance, gaining access, enumeration, maintaining access, cloud computing, and cryptography. Prerequisite: CSN 221 or permission of instructor.

CYB220 - Cybersecurity Analyst

3 credits

Catalog Description: Prepares students with skills to safeguard business infrastructures against potential threats. Understanding industry-standard best practices and honing incident response and forensics skills through exploring real-world cybersecurity case studies. Students gain a comprehensive understanding of key cybersecurity analyst tools, including data protection, endpoint protection, Security Information and Event Management (SIEM), as well as essential system and network fundamentals. Prerequisite: CYB 200 or permission of instructor.

Dance

DAN127 - Intro to Movement and Dance

3 credits

Catalog Description: Develops awareness of individual movement characteristics through the experiential learning of movement skills on the introductory level. Surveys elementary modern dance techniques, elements of rhythm and spatial awareness, and simple composition and improvisational dance studies.

DAN135 - Hip-Hop Dance

3 credits

Catalog Description: Develops awareness of movement in different levels and space. Focuses on rhythm, syncopation and stage presence. Derived from a combination of jazz funk and street jazz, this style of dance requires high energy, attention to detail and an understanding of complex rhythms. Students will develop an appreciation and understanding of the art of hip-hop dance through physical exercise, floor work, partnering, and floor movement to better understand the technique of hip-hop. Using movement improvisation and choreographed work, and researching its origins, students will understand the history, use of, and terms of hip-hop dance.

DAN178 - Tap Dance 1

3 credits

Catalog Description: Introduces tap dance as an art form through exploration of tap technique, history and aesthetics. Includes studio classes in basic tap technique as well as observation of tap dance on video and live in concert (when possible) and discussion of reading assignments and research.

DAN179 - Jazz Dance 1

3 credits

Catalog Description: Introduces jazz dance as an art form through exploration of traditional jazz technique, history and aesthetics. Includes studio classes in traditional jazz as well as observation of jazz dance on video and live in concert (when possible) and discussion of reading assignments and research.

DAN296 - Dance for Musical Theatre

3 credits

Catalog Description: Introduces student to contemporary/popular musical theatre movement techniques and choreographers. Surveys history and aesthetics of the time period selected through studio work, video, film, text and discussion. Includes rehearsal and performance of a final dance project.

Economics**ECO101 - Microeconomics**

3 credits

Catalog Description: Introduces microeconomic theory, with emphasis upon the concepts of consumer and business firm behavior, demand and supply, value, production, distribution, general equilibrium and welfare. Focuses on problems of resource allocation, income distribution, labor unions and industrial organizations, and government regulation. It is recommended that the college's reading and math requirements have been met.

ECO105 - Macroeconomics

3 credits

Catalog Description: Introduces macroeconomic theories, with emphasis upon the concepts of aggregate market structures and market pricing, national income accounting, consumption, investment, money and banking, and income determination. Examines the problems of employment, price stability and growth. It is recommended that the college's reading and math requirements have been met.

ECO290 - Strategic Decision Making: An Introduction to Game Theory

3 credits

Catalog Description: Introduces game theory and strategic thinking. Examines dominance, backward induction, Nash equilibrium, evolutionary stability, commitment, credibility, asymmetric information, adverse selection, and signaling and applies these concepts to games played in class and to examples drawn from economics, politics, the movies, and elsewhere.

It is recommended that the college's reading and math requirements have been met.

Education**EDF100 - Introduction to Education**

3 credits

Catalog Description: Provides a basic knowledge of curriculum, teacher ethics, career awareness, student diversity, and current issues related to the operation of schools. Topics include current learning standards, lesson plan components, teaching strategies, certification requirements, and professional expectations. Students will have the opportunity to complete a guided field observation under the supervision of a certified teacher.

EDF105 - Supporting Students in Reading and Writing

3 credits

Catalog Description: Focuses on what children should know and be able to do in beginning reading and provides research-based strategies, activities, and assessments to support the paraprofessional in improving students' reading and writing abilities with a particular emphasis on strategies for one-on-one and small group instruction. Includes phonological and phonemic awareness, alphabet recognition and phonics, decoding, vocabulary, fluency, comprehension, and writing. Designed for teaching assistants seeking New York State certification, paraprofessionals with instructional duties in schools, and those interested in pursuing a degree in teaching. Prerequisite: ENG101

EDF201 - Educational Foundations 1

3 credits

Catalog Description: Provides knowledge, understanding, and skill from the study of the key foundational elements of the American educational system: historical development, philosophical assumptions, learning theory, school governance, and societal/cultural implications. Analyzes the interrelatedness of these elements and the influences each has on education. Prerequisites: Sophomore status or

permission of the instructor. Completion of ENG 101 and a G.P.A. of 2.0 or higher.

EDF202 - Educational Foundations 2

3 credits

Catalog Description: Examines and analyzes key elements of and issues that affect the interaction taking place between teacher and student within the public school classroom. Focuses on goals and objectives, instructional strategies, classroom management, and evaluation of student progress. Students gain first-hand practical experience related to the learning interactions within the context of a guided classroom field observation blended with classroom content and content gained in Educational Foundations I. Prerequisites: EDF 201 or permission of the instructor and a G.P.A. of 2.5 or higher.

EDF212 - Cooperative Education

1 credit

Catalog Description: Integrates key factors influencing learning in contemporary society with an individually assigned guided field observation within a classroom, resource room, technology room, or computer lab. Assisted by an advisor, students document workplace experiences and degree program goals and learning objectives in a professional portfolio. Prerequisite: Last semester of program and permission of instructor.

EDF250 - Introduction to Developmental Disabilities

3 credits

Catalog Description: Overview of disabilities encountered when working with infants, children and adults with development disabilities through their lifespan. Focuses on individuals with intellectual, behavioral, sensory, physical or learning difficulties. Emphasizes physiological basis, resulting behavior, treatment typically applied, historical events and future trends. Includes a mandatory field observation. Equivalent to HUS250.

CAD (Engineering Science)

EGR100 - Introduction to Engineering

3 credits

Catalog Description: Introduces engineering disciplines and aspects of professionalism, as well as, the fundamental principles used in engineering analysis and design. Students will gain experience and skills in the application of these principles to projects and case studies. Legal aspects of the engineering profession will be reviewed and discussed. Prerequisite or Co-requisite: MAT 140 or higher

EGR101 - Engineering Drawing 1

3 credits

Catalog Description: Uses traditional drafting methods to develop manual drafting skills for drawings and engineering-related problems. Compares CAD and manual techniques. Areas of study include use of drafting equipment, technical sketching, geometric constructions, setting up drawings, reproducing blueprints, and applying multiview projection theory in the drawing process, complying with ANSI standards. Uses spatial relationships of lines and planes in the sectional and auxiliary view techniques in drawing experiences. Requires completion of formal detailed drawings demonstrating manual drawing skills. Concurrent registration in EGR118 is highly recommended. Fall only.

EGR102 - Engineering Drawing 2

3 credits

Catalog Description: Solves drafting problems using advanced drawing techniques. Compares CAD methods and manual drafting techniques. Areas of study include projection of surfaces, secondary auxiliary views, basic tolerancing, determining classes of fits, sheet metal drafting, geometric tolerancing, threads and fasteners, and metric practices. Requires completion of formal detailed drawings demonstrating manual drawing skills and advanced problem solving and visualization skills, following ANSI standards. Spring only. Prerequisite: EGR101.

EGR103 - Architectural Drawing

3 credits

Catalog Description: Utilizes basic architectural drawing techniques and methods in developing a typical set of plans for a small residential home. Areas of study include drawing techniques, plan view development, elevation drawings, details, electrical plans, dimensioning practices, plot plans, and geometry in architecture. Two class hours, two lab hours. Spring only. Prerequisite: EGR 118.

EGR105 - Engineering Design Graphics 1

3 credits

Catalog Description: Introduces the design process used in the engineering fields, crucial for drafters as support in engineering drafting. Uses CAD methods and sketching techniques to solve 3-D space problems. Solve problems with spatial relationships for determining true lengths, angles, surfaces, volumes and other information applying descriptive geometry methods. Students complete detailed drawings, determine the volume and weight of a machined part, and present a design proposal. Two class hours, two lab hours. Fall only. Prerequisite: EGR102 and EGR119.

EGR108 - Manufacturing Processes

3 credits

Catalog Description: Explores the structure of the manufacturing industry and the methods, processes and materials associated with them. Topics include structure of industry, general manufacturing processes, primary metals industry, casting, forging, machining, metal fastenings, integrated circuit manufacturing, plastic, glass and ceramic processing. Fall only.

EGR117 - Engineering Blueprint Reading

3 credits

Catalog Description: Focuses on the different methods of drawing, size and shape descriptions, industrial terms, symbol identification, abbreviations and visualization skills necessary to correctly interpret production drawings. Uses industrial standards ANSI, ISO, and DOD as guidelines.

EGR118 - Computer Assisted Drafting 1

3 credits

Catalog Description: Creates 2-D engineering drawings using basic CAD concepts and industrial level software. Focuses on the principles and practices common to all CAD systems used in drafting. Develops skills with operating systems, computer terminology, and functions of hardware and peripheral components within a workstation environment and using proper drafting standards. Requires drawings using different techniques, drawing constructions and dimensioning. Two class hours, two lab hours. Fall only.

EGR119 - Computer Assisted Drafting 2

3 credits

Catalog Description: Uses an industrial/engineering level CAD software to generate 2-D drawings. Performs advanced techniques of the software on different drawings. Focuses on CAD software capabilities and graphic problem solving techniques. Requires drawings using various input devices and produce hard copy drawings. Two class hours, two lab hours. Spring only. Prerequisite: EGR118.

EGR215 - Commercial Building Design with REVIT

3 credits

Catalog Description: Utilizes REVIT software in conjunction with commercial architectural drawing techniques and methods in developing a set of plans for a two story office building. Areas of study include plan view development, elevation drawings, details, mechanical plans, building energy usage, interior design and photo realistic rendering in 3D geometry. Prerequisite: EGR 103.

EGR220 - 3-D Solids and Modeling

3 credits

Catalog Description: Introduces 3-D software to produce 3-D solids and render them as models. Performs operations for creating 3-D objects including extruding, combining, solidifying, wireframes, meshing, and

determining mass properties of engineering drawings. Requires realistic rendering of objects in solid forms. Two class hours, two lab hours. Fall only. Prerequisite: EGR119.

EGR235 - Engineering Mechanics 1: Statics

3 credits

Catalog Description: Comprehensive analysis of basic principles of statics, including vector and scalar treatment of multi-dimensional force systems. Studies include sectional forces in beams, cables and frames. Shear and moment diagrams that are developed using methods of joints and sections are incorporated in these studies. Free body diagrams are used to calculate forces on frames, cables and machines. A process is developed for evaluating static determinacy of multiple force systems. Frictional forces on static systems are analyzed. Other topics include an investigation of static equilibrium, resultant forces and equivalent force systems. Fall only. Prerequisite: PHY 132.

EGR236 - Engineering Mechanics 2: Dynamics

3 credits

Catalog Description: Continues the study of mechanisms as applied to moving bodies. Examines position, displacement and velocity in both rectangular and polar coordinators, and Newton's laws of motion, moments and products of inertia, plane rigid body motion along with linear and angular impulse and momentum. Includes both free and forced vibration, rotating axes and coriolis acceleration, and application of D'Alembert's principles. Spring only. Prerequisite: EGR235.

EGR245 - Electrical Circuit Analysis

4 credits

Catalog Description: A comprehensive study of the basic concepts of electrical circuits. Topics include resistive, inductive and capacitive circuits, Kirchhoff's Voltage and Current laws, analysis of operational amplifiers using mesh and nodal analysis, Sinusoidal Steady State circuit analysis, power calculations and the use of Phasors to develop current and voltage

calculations. Laboratory will include the use of actual circuit elements to support theory from lecture sessions and will incorporate software to simulate system analysis. Three lecture hours, three lab hours. Prerequisite: PHY132.

EGR255 - Mechanics of Solids

3 credits

Catalog Description: Studies the mechanical behavior of solid bodies under various types of loading. Topics include stresses and strain, stress-strain relationships, plane stress and plain strain, shear and bending moments in beams, stresses in beams, deflection of beams, torsion of shafts, buckling of columns, energy methods and failure criteria. Prerequisite: EGR 235.

Electrical

ELC150 - Electricity & Electronics

4 credits

Catalog Description: This course introduces the students to basic principles of electricity and electronics with an emphasis on their use in technical applications. The student will build and test electrical circuits, learn electric symbology, read and draw schematics, measure voltage, current, resistance, and capacitance using a multimeter, construct electric and electronic circuits, and be introduced to various motor types and motor controls. Semiconductors and solid state electronics are explored.

English

ENG091 - Grammar and Paragraph Mastery

3 credits

Catalog Description: Catalog Description: Develops student mastery of basic grammar and paragraph writing: capitalization, sentence structure, word level skills, punctuation, and paragraph development and cohesion. Placement in this course is determined by College placement and proficiency requirements. Computers may be used, but prior computer knowledge is not necessary. This class carries institutional credit but cannot be applied toward any degree or certificate program.

ENG100 - Introduction to Composition

3 credits

Catalog Description: Improves basic writing skills: grammar, mechanics, style and organization. Students who pass with a C or higher understand the basic nature of informative and persuasive writing and library research. Prerequisite: ENG 091 with a grade of “C” or higher, or IRW 091 with a grade of 'C', or by placement.

ENG101 - College Composition

3 credits

Catalog Description: Concentrates on the rhetorical principles and strategies essential for clear, effective academic writing. Emphasizes the stages of the writing process and the critical thinking skills necessary to create appropriately researched and documented college level prose. Draws readings and models for analysis from a variety of college level sources. Requires students to produce a minimum of 20 pages of writing, excluding exercises and quizzes. Prerequisite: ENG 100 or ESL 100 with a grade of “C” or higher, or IRW 091 with a grade of 'B' or higher, or by placement.

ENG102 - Composition in the Natural and Social Sciences

3 credits

Catalog Description: Continues the study of composition strategies introduced in ENG 101 by focusing on writing within the social and natural sciences. Emphasizes critical thinking skills and rhetorical principles commonly employed in disciplines that investigate human behavior and/or the natural world. Students produce 20 to 25 pages of text. Prerequisite: ENG101.

ENG105 - Composition in the Humanities

3 credits

Catalog Description: Continues the study of composition strategies introduced in ENG 101 by focusing on writing within the humanities. Emphasizes critical thinking skills and rhetorical principles commonly employed in writing about expressions of the human experience. Examines literature, film, visual arts, and performing arts in

some combination. Students produce 20 to 25 pages of text. Prerequisite: ENG101.

ENG106 - Technical Writing

3 credits

Catalog Description: Examines the special rhetoric of technical communication. Focuses on the fusion of process and product in the organizing of usable information. Considers audience and user needs, information design, visual forms, engaging in description and definition, creating process explanations, developing proposals, organizing reports, and writing instructions. Develops critical thinking skills through analysis of conventions applied in document design. Use of computers required. Prerequisite: ENG101

ENG107 - Technical Writing

3 credits

Catalog Description: Examines the special rhetoric of technical communication. Focuses on the fusion of process and product in the organizing of usable information. Considers audience and user needs, information design, visual forms, engaging in description and definition, creating process explanations, developing proposals, organizing reports, and writing instructions. Develops critical thinking skills through analysis of conventions applied in document design. Use of computers required. Prerequisite: ENG101

ENG125 - Media Writing

3 credits

Catalog Description: Media Writing focuses on writing practice in organizing and writing for print, electronic and digital media; introduction to news, feature and advocacy writing; focus on aesthetics, ethical and legal issues; application to journalism, broadcasting; public relations, advertising and digital media. Prerequisite: ENG101

ENG192 - Technical Writing 2

3 credits

Catalog Description: Builds on the technical communication knowledge and experience gained in ENG 106. Focuses on the research,

organization and presentation of usable information in the specialized fields of students taking the class. Considers audience/user needs, information design, visual forms, process explanations, proposals, projects, reports and Web document design for computer systems and network technology, drafting, engineering. Develops critical thinking skills through analysis of conventions specific to the fields mentioned above applied in document design. Use of computers required. Prerequisite: ENG 106

ENG214 - Introduction to Creative Writing

3 credits

Catalog Description: Fosters skills in techniques of reading, writing, and analyzing contemporary literature. Students generate creative texts through workshops and engage in both peer and instructor review sessions. Portfolio exam. Online courses require computer knowledge. Prerequisite: ENG102 or ENG105 or permission of the instructor.

English Second Language

ESL090 - Elementary English 1

3 credits

Catalog Description: Introduces non-native English speakers to basic language skills needed for academic purposes. Students who pass the course with a grade of C or higher have developed the ability to understand and use English in reading, writing, listening and speaking at the novice level. Requires additional laboratory practice weekly. Placement in English as a Second Language courses is determined by instructor or by placement test.

ESL091 - Elementary English 2

3 credits

Catalog Description: A continuation of ESL 090: Elementary English I. Emphasizes the ability to use and understand English in context. Students who pass with a C or higher can express themselves orally, read authentic materials, understand oral input and write compositions at the high novice level. Requires additional weekly laboratory practice. Prerequisite: by completion of ESL 090 with a

grade of “C” or better, by placement test, or by instructor.

ESL093 - Basic ESL Listening and Speaking 3 credits

Catalog Description: Develops basic competencies in pronunciation, listening, speaking, and note taking for non-native speakers of English. Prepares students for academic activities across the curriculum. In order to receive a passing grade of A, B, or C a student must achieve a final average of 70% or higher. A final grade of F will be assigned for averages below 70%. Placement by test or permission of instructor.

ESL100 - Introduction to Composition and United States Culture

3 credits

Catalog Description: A course designed for English as A Second Language learners. Students who pass with a C or higher have developed mastery in grammar appropriate to specific academic purposes and in communication skills. Introduces American culture. Additional laboratory supported practice required weekly. Not open to students with credit in ENG100. Prerequisite: Completion of ENG 091 or ESL 091 with a grade of C or higher, by TOEFL exam or by placement exam.

ESL110 - Adv ESL Listening and Speaking

3 credits

Catalog Description: Establishes competencies in listening, speaking, note-taking and pronunciation for non-native speakers of English. Prepares students for academic activities across the curriculum. In order to receive a passing grade of A, B, or C a student must achieve a final average of 70% or higher. A final grade of F will be assigned for averages below 70%. Prerequisite: By placement test, permission of instructor, or upon successful completion of ESL 093.

Fashion Merchandising Management

FBM101 - Principles of Fashion Merchandising

3 credits

Catalog Description: Explores the development of the fashion industry from farms and laboratories through retail and promotion, including merchandising, marketing, market structure, production, technology, and support services. Focus will be on how fashion industry decisions positively and negatively impact the economy, environment, resources, and people in society.

FBM102 - Fashion Trends and Design

3 credits

Catalog Description: This course is an introduction to fashion design. Students will use fashion, history, design and materials in learning about the world of fashion. Fall only. Students may receive credit only once for this listing.

FBM115 - Principles of Textiles

3 credits

Catalog Description: Examines natural and man-made fibers, yarns, fabric construction, color application, finishes, performance and maintenance. Spring only.

FBM120 - Apparel Construction Fundamentals

3 credits

Catalog Description: An introduction to the tools and techniques of apparel construction. Apply specific terminology to the process of construction. Construction techniques include: hands-on sewing machine techniques, body types and size charts, selecting patterns, fittings, step-by-step sewing instructions and assembly procedures, types of stitches, seams, darts, pleats and tucks, bias, sewing with knits, zippers, pockets, sleeves, collars, necklines, facings and interfacings, linings, waistlines, hems, and closures. Students must provide their own supplies. Fall only.

FBM121 - Advanced Apparel Construction

3 credits

Catalog Description: Explores appropriate apparel construction techniques using a variety of knits, silky, directional, lace, napped, and specialty fabrics. Complex applications, contrasting fabric inserts, matching directional fabrics, and hand stitching applications are covered which build on skills learned in apparel Construction Fundamentals. Pre-requisites: FBM120 or instructor approval following a portfolio review.

FBM122 - Apparel Design and Draping

3 credits

Catalog Description: An introduction to apparel design through draping and pinning. Utilize a sketch design in a three-dimensional dress form. Apply basic techniques of fitting a garment using darts, sleeves, waistlines, bodice, and collars. Mark the new design to a flat pattern for mass production. Students must provide their own supplies. Prerequisites: FBM 121

FBM210 - Fashion Industry Technologies

3 credits

Catalog Description: Fashion and technology intersect in this hands-on course. Employ fashion CAD applications to design flat patterns, create reusable 3D avatars, and prototype garments in motion. Explore the use of social media to assess consumer interest and construct a tech pack for line production communication. Students will also investigate a fashion technology topic of choice, employing project management principles, and present their findings.

FBM216 - Styling

3 credits

Catalog Description: This course provides students with styling skills for entry level positions in the fashion industry. Students style products and live models for photoshoots, for videos, and at events. Personal styling and color analysis skills are developed in this course as well.

FBM219 - Apparel Line Construction

3 credits

Catalog Description: Further exploration of pattern making, pattern manipulation, and design following FBM 121 — Advanced Apparel Construction. Principles for producing effective apparel designs from concept to garment construction/production to promotion are covered. Sample fitting on fit models, pricing a line, and solidifying a design aesthetic are covered. Prerequisites: FBM 122 or instructor approval following a portfolio review.

FBM220 - Fashion Show Production

3 credits

Catalog Description: Application of fashion buying and merchandising techniques in actual situations. Students apply theoretical materials of their previous courses in the actual planning and presentation of a full-scale fashion show. Spring only. Prerequisites: FBM101 and FBM102 or ART102.

FBM222 - Apparel Design & Draping 2

3 credits

Catalog Description: An introduction to apparel design through draping and pinning. Students will utilize a sketch design in a three-dimensional dress form, apply basic techniques of fitting a garment using darts, sleeves, waistlines, bodice and collars, and mark the new design to a flat pattern for mass production. Students must provide their own supplies. Spring only.

FBM225 - Fashion Illustration

3 credits

Catalog Description: An introduction to fashion illustration and portfolio development. Students learn foundation skills to design on the human form; fashion figure proportions, garment/fabric and garment details, color and basic rendering techniques, designer sketching and illustration and development of a garment collection. Students must provide their own supplies.

Food Processing Technology

FPT101 - Introduction to Food Processing Technology

3 credits

Catalog Description: Introduces students to the basic principles of food science including chemical, physical and microbiological properties of food as well as technology used to create safe, nutritious and abundant supplies of food. Food processing and unit operations will be covered as a foundation for upper level work; field trips to food processing businesses will support classroom work.

FPT102 - Food Safety, Sanitation & Hazard Analysis

3 credits

Catalog Description: Provides information on procedures to control biological, chemical and physical hazards and assure the safety of foods. Topics include discussions on the regulatory environment that govern food safety within the United States, different hazards in foods, Good Manufacturing Practices (GMP), prerequisite programs, third party audits, Hazard Analysis Critical Control Point (HACCP) and the application of current technologies in reducing incidences of foodborne illness.

FPT201 - Unit Operations in Food & Dairy Processing

3 credits

Catalog Description: Provides an integrated introduction to the principles of food processes that are used to preserve and change the physical properties of food. Specific processes include cooling, freezing, heat processing, concentration, dehydration, fermentation, high pressure, irradiation and packaging. A strong focus will be on unit operations that exist within the dairy industry and how milk changes throughout these processes.

FPT205 - Analytical Methods & Labeling of Food

4 credits

Catalog Description: Introduces basic analytical techniques for microbiological, chemical, and sensory properties of food. Emphasis will be on common technologies employed by the food processing industry and examination of selected properties of food

commodities and how processing and preparation of food affect these properties. Labeling of food will be discussed. Three lecture hours; three lab hours.

French

FRE101 - Elementary French 1

3 credits

Catalog Description: Develops French listening, speaking, reading and writing skills at the novice level. Develops cultural awareness and introduces concepts of cultural diversity and tolerance. Emphasizes ability to use and understand basic French in context. See placement guidelines on Advisement Homepage. Instructor determines final placement.

FRE102 - Elementary French 2

3 credits

Catalog Description: Strengthens French listening, speaking, reading and writing skills acquired in Elementary French I. Emphasizes the ability to use and understand French in context at the high-novice level. Prepares students to interact with members of diverse cultures. See Advisement Homepage for Placement Guidelines. Instructor determines final placement. Prerequisite: FRE 101 or equivalent.

FRE191 - French Canadian Lang & Culture

3 credits

Catalog Description:

FRE201 - Intermediate French 1

3 credits

Catalog Description: Enhances French listening, speaking, reading and writing skills at the intermediate level. Prepares students to interact with native speakers in everyday settings. Increases depth and breadth of linguistic and cultural understanding. Instruction occurs in French with some explanation in English. See placement guidelines on Advisement Homepage. Instructor determines final placement. Prerequisite: FRE 102 or equivalent. Typically offered Fall only.

FRE202 - Intermediate French 2

3 credits

Catalog Description: Strengthens French listening, speaking, reading and writing skills acquired in Intermediate French I. Prepares students to use real-world application of language and cultural skills and knowledge in their chosen field at the high-intermediate level. See placement guidelines on Advisement Homepage. Instructor determines final placement. Prerequisite: FRE 201 or equivalent. Typically offered Spring only.

Foundations of Academic Success

FYE100 - Foundations of Academic Success

3 credits

Catalog Description: Presents techniques that help students cope successfully with the demands of college. Enlarges the student's awareness of self with respect to academic and personal goals, and assists each person to gain the necessary skills to succeed in college.

Geography

GEO101 - World Regional Geography

3 credits

Catalog Description: Introduces the physical and human geography of the world. Examines the major physical/environmental, cultural, political and economic characteristics of each world region.

GEO102 - Human Geography

3 credits

Catalog Description: Introduces the physical and human geography of the world. Examines the major physical/environmental, cultural, political and economic characteristics of each world region. Particular attention is paid to social structures and linguistic discourses in the analysis of a range of social justice issues.

GEO105 - The Geography of Sustainability

3 credits

Catalog Description: Introduces the connections between human activities and the physical environment. Examines environmental processes, human impact on the global

environment, diverse perspectives on the contested concept of sustainability, and solutions to environmental problems. Emphasizes social science models, theories and perspectives as frameworks for thinking critically and creatively about a range of sustainability issues.

Health Education

HED107 - CPR/AED for the Professional Rescuer

1 credit

Catalog Description: Presents CPR skills and AED essentials for the professional rescuer. Provides information on a total community approach to reducing deaths from cardiovascular disease and respiratory emergencies. American Red Cross certification available upon satisfactory completion of course requirements.

HED113 - Alcohol/Drug Use and Abuse

3 credits

Catalog Description: Examines the symptoms, and physical, pharmacological, psychological, and social effects of addiction as a disease and the impact on society. [Note: The New York State Office of Alcohol and Substance Abuse Services has reviewed this course and finds that it is consistent with established standards for the CASAC-T credential.]

HED114 - Family: Impact of Alcohol and Drugs

3 credits

Catalog Description: Analyzes the effects of addiction on the family. Emphasizes family roles, characteristics of children (and adult children) of parents with addictions, codependence theories, and adaptations made by family members. (Note: The New York State Office of Alcohol and Substance Abuse Services has reviewed this course and finds that it is consistent with established standards for alcoholism counselor education and training toward the CASAC credential.) Spring only.

HED115 - Community Health and Safety

2 credits

Catalog Description: Catalog Description: Presents the four major components of the mandated New York State Education Department (NYSED) requirements. Focuses on SAVE Legislation (Safe Schools Against Violence in Education), Child Abuse Workshop (identifying and reporting suspected child abuse and maltreatment), alcohol and tobacco, and signs and symptoms of drug use. Includes safety education-identifying dangerous environments, preventing child abduction, fire and arson. Certification in SAVE Legislation and Mandated Reporter available. Two class hours.

HED204 - Introduction to Healthful Living

3 credits

Catalog Description: Emphasizes strategies and behaviors which contribute to a healthy lifestyle and overall wellness. Discusses topics such as the dimensions of wellness, stress, drug use and abuse, nutrition, weight control, the human microbiome, fitness, healthy relationships, infectious diseases and safety education. Additional course components include New York State certifications in Child Abuse Mandated Reporter, Dignity for All Students Act (DASA) and School Violence Prevention (SAVE).

HED205 - Responding to Emergencies

3 credits

Catalog Description: Presents emergency techniques used to maintain health, alleviate suffering and sustain human life under conditions during which professional care and/or normal health services are unavailable. Studies safety and prevention as they relate to home, school, industry, and the highway. Provides Red Cross certification in Responding to Emergencies and CPR/AED for the Professional Rescuer upon successful completion of requirements and payment of Red Cross fees.

HED209 - Health Sciences Related to Coaching

3 credits

Catalog Description: Introduces a series of interactive exercises and activities designed to study Health Sciences as they apply to coaching

interscholastic sports in New York State. Presents the definitions of selected principles of biology, anatomy, physiology, kinesiology related to coaching, risk minimization, mixed competition, legal implications for coaches, and the NYSED Selection Classification program. Specific information will be given regarding current health issues facing athletes (i.e. Concussion/head trauma, the Female Athlete Triad, drug use and abuse, etc).

History

HIS101 - World Civilizations 1

3 credits

Catalog Description: Examines the social, political, economic, environmental, religious and intellectual influences on the rise and fall of world civilizations prior to 1500 CE. Presents history from a global perspective, with an emphasis on the beliefs and contributions shaping the whole of the human community. Emphasizes developing and implementing the skills of the historian.

HIS102 - World Civilizations 2

3 credits

Catalog Description: Examines the social, political, economic, environmental, religious and intellectual influences on the rise and fall of world civilizations from 1500 CE to the present. Presents history from a global perspective, with an emphasis on the beliefs and contributions shaping the whole of the human community.

HIS104 - Western Tradition 1

3 credits

Catalog Description: Examines the political, social, economic and intellectual development of Western society from antiquity to 1500 CE. Explores the ways that ancient, classical and medieval societies shaped the development of contemporary Western thought and institutions. Emphasizes developing and implementing the skills of the historian.

HIS105 - Western Tradition 2

3 credits

Catalog Description: Examines the political, social, economic and intellectual development of Western society from 1500 CE to the present. Explores how modern historical and cultural issues shaped the development of contemporary western thought and institutions. Emphasizes developing and implementing the skills of the historian.

HIS108 - History of Disease, Disability and Death in America

3 credits

Catalog Description: Surveys American history through the thematic lenses of disease, disability and death. Examines how these themes have influenced the political, social, cultural and economic landscapes through time paying special attention to voices long marginalized in traditional history narratives.

HIS110 - Western Tradition 1

3 credits

Catalog Description: Examines the political, social, economic and intellectual development of Western society from antiquity to 1500 CE. Explores the ways that ancient, classical and medieval societies shaped the development of contemporary Western thought and institutions. Emphasizes developing and implementing the skills of the historian.

HIS111 - Western Tradition 2

3 credits

Catalog Description: Examines the political, social, economic and intellectual development of Western society from 1500 CE to the present. Explores how modern historical and cultural issues shaped the development of contemporary western thought and institutions. Emphasizes developing and implementing the skills of the historian.

HIS194 - History of Canada

3 credits

Catalog Description:

HIS203 - United States History 1: Colonial Period to 1865

3 credits

Catalog Description: Surveys United States history from Pre-Columbian America through the Civil War. Focuses on the ideas and issues that shaped the emergence of the United States including institutional development, cultural transformation, and political evolution. Themes examined include: exploration and colonization, early America's relations with the British empire; the American Revolution; establishing the new republic, Jacksonian Democracy, the technological and economic development of the young nation, social and cultural life, westward expansion, the sectional crisis, and the Civil War. Introduces techniques of historical research and critical writing about the early history of the United States.

HIS204 - United States History 2: 1865 to the Present

3 credits

Catalog Description: Surveys United States history from Reconstruction to the present. Focuses on the role of the United States among the community of nations and on the ideas and events that have shaped the development of our culture, government and institutions since 1865. Examines the following themes: Reconstruction, industrialization and its effects on American society, immigration and urbanization, progressivism, World War I, social and cultural changes of the Twenties, the Great Depression and the New Deal, World War II, postwar affluence and social change, the Cold War and its end, the civil rights movement, Watergate, the Reagan Revolution, and the war on terrorism. Introduces techniques of historical research and critical writing about the modern history of the United States.

HIS207 - American Military History Since 1898

3 credits

Catalog Description: Surveys the military history of the United States from the Spanish-American War to the present. Examines the development and use of the American armed forces in the context of the political, social, economic, intellectual and technological evolution of the nation. Prerequisite: HIS 203 or

HIS 204 or a grade of 85 or better on the New York State Regents American history and government examination.

HIS211 - New York State History

3 credits

Catalog Description: Surveys the development of the peoples of New York state from pre-history to the present. Focuses on the contributions diverse groups and individuals have made to political, social, economic and cultural fabric of New York State, and through this to the United States and global community. Introduces techniques of historical research and critical writing about the history of New York State. Prerequisite: HIS 203 or HIS 204 or a grade of 85 or better on the New York State Regents American history and government examination.

HIS215 - The American Civil War

3 credits

Catalog Description: Examines the coming of the Civil War-tracing the causes from the rise of slavery in America and the creation of the Constitution to westward expansion and diverging economic bases — as well as the military, political, and cultural aspects of the war itself. (For students with a grade of 85 or higher on the NY State Regents Exam, this course may be used to fulfill the SUNY General Education requirement for American history. For all others, this course will count as a general education elective.)

HIS217 - History of Sport in America

3 credits

Catalog Description: Examines the development of sport in America from its folk game roots to the multi-billion dollar business of today. The course investigates the interrelationship between sport and social, economic, cultural and political forces in the United States. Note: Students wishing to use this course to fulfill the SUNY General Education requirement in American History are required to meet one of the following criteria: successful completion of HIS 203 or HIS 204; score 85 or better on the New York State Regents American

History and Government examination; or earn a score of 3 or better on the AP United States history examination.

Honors

HON111 - Honors Mentoring

1 credit

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON112 - Honors Mentoring

1 credit

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON113 - Honors Mentoring

1 credit

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program

or permission of the Honors Committee and the coordinator.

HON114 - Honors Mentoring

1 credit

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON121 - Honors Mentoring

2 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON122 - Honors Mentoring

2 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON123 - Honors Mentoring

2 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON124 - Honors Mentoring

2 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON131 - Honors Mentoring

3 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON132 - Honors Mentoring

3 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON133 - Honors Mentoring

3 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON134 - Honors Mentoring

3 credits

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON201 - Honors Seminar 1

1 credit

Catalog Description: Offers intensive study of a topic ordinarily not offered or pursued in a course under the guidance a faculty mentor. The

student works with the mentor to determine depth of research, length of paper or project, and time requirements, and submits written proposal to Honors Committee for approval. Upon completion of work, the student presents the paper and/or project in the Honors Seminar. Prerequisite: Admission to the Honors Program or permission of the Honors Committee and the coordinator.

HON202 - Honors Seminar 2

1 credit

Catalog Description: Serves as a unifying experience for all students in the Honors Program by providing a forum for the exchange of ideas and pursuit of thought at a more advanced level of a particular theme or topic. Students deliver presentations focusing on the designated theme, Honors Program mentoring and enriched course projects. Students may attend plays, exhibitions, and/or participate in other activities. Required each semester a student is enrolled in the Honors Program. Prerequisite: Admission to the Honors Program or with permission of the Honors Program Committee and the instructor.

HON203 - Honors Seminar 3

1 credit

Catalog Description: Serves as a unifying experience for all students in the Honors Program by providing a forum for the exchange of ideas and pursuit of thought at a more advanced level of a particular theme or topic. Students deliver presentations focusing on the designated theme, Honors Program mentoring and enriched course projects. Students may attend plays, exhibitions, and/or participate in other activities. Required each semester a student is enrolled in the Honors Program. Prerequisite: Admission to the Honors Program or with permission of the Honors Program Committee and the instructor.

HON204 - Honors Seminar 4

1 credit

Catalog Description: Serves as a unifying experience for all students in the Honors

Program by providing a forum for the exchange of ideas and pursuit of thought at a more advanced level of a particular theme or topic. Students deliver presentations focusing on the designated theme, Honors Program mentoring and enriched course projects. Students may attend plays, exhibitions, and/or participate in other activities. Required each semester a student is enrolled in the Honors Program. Prerequisite: Admission to the Honors Program or with permission of the Honors Program Committee and the instructor.

HON210 - Interdisciplinary Honors

3 credits

Catalog Description: Explores a topic encompassing two or more academic areas taught by instructors in the respective disciplines. Prerequisite: Admission to the Honors program or with permission of the Honors committee and the instructors.

HON220 - Leadership Development Seminar

3 credits

Catalog Description: Uses a humanities-based approach to leadership training, i.e., classical literature, films, and group interaction. Includes developing a personal leadership style, goal setting, decision making, time management, team building, managing change, conflict resolution, and ethics. Prerequisite: GPA of 3.5 or higher and permission of instructor.

HON250 - Women, the Law and Literature

3 credits

Catalog Description:

Human Relations

HUR101 - Human Relations 1

3 credits

Catalog Description: Examines basic dynamics and processes which occur in relationships with others. Exposes students to techniques, skills, and knowledge useful in understanding their own behavior and in comprehending the behavior of others.

HUR102 - Human Relations 2

3 credits

Catalog Description: Examines group behavior and techniques to influence group processes. Studies principles affecting group behavior, effective meeting strategies, conflict resolution principles, and leadership skills. Utilizes small groups in class to apply course material.

Human Services

HUS101 - Introduction to Human Services

3 credits

Catalog Description: Introduces the field of human services through topics such as career options, social policy development, societal changes, and the social welfare system. Includes the nature of the helping process and beginning skill development.

HUS102 - Interpersonal Skills and Relationships

3 credits

Catalog Description: Examines basic dynamics and processes which occur in relationships with others. Exposes students to techniques, skills, and knowledge useful in understanding their own behavior and in comprehending the behavior of others.

HUS103 - Family Crisis Intervention

3 credits

Catalog Description: Differentiate theories and apply models to examine healthy and unhealthy systems (individuals, family, and society). In particular, covers topics related to maltreatment, abuse, violence, and neglect within the family system. Reviews the multidisciplinary approach of human service agencies, law enforcement, and the legal system which either help or hinder client advocacy, empowerment and treatment.

HUS106 - Early Childhood Education - Methods and Materials

3 credits

Catalog Description: In alignment with New York State's Early Learning Guidelines, students will examine the 7 core competencies (child development and growth; family and community relationships; observation and assessment; environment and curriculum; health, safety and

nutrition; professionalism and leadership; administration and management) to assist children (ages birth to eight years) with their development (physical, intellectual, emotional, social and behavioral, etc.) within the context of formal learning environments.

HUS110 - Internship in Human Services 1

3 credits

Catalog Description: Internship placement in conjunction with weekly class seminar designed to integrate theory with practical application to further develop professional Human Services helping values, knowledge, skills and behaviors. Placement must be instructor approved with site supervision by a qualified human services worker. Minimum of 125 internship hours per semester (average of at least 8 hours per week). Prerequisite: HUS101

HUS113 - Alcohol/Drug Use and Abuse

3 credits

Catalog Description: Examines the symptoms, physical, pharmacological, psychological, and social effects of addiction as a disease and the impact on society. Covers treatment programs and options.

HUS114 - Family: Impact of Alcohol and Drugs

3 credits

Catalog Description: Analyzes the effects of alcoholism and drug abuse on the family. Emphasizes family roles, characteristics of children of alcoholics and substance abusers, co-dependence theories, adult children of such families and adaptations made individually and socially by family members. [Note: The New York State Office of Alcohol and Substance Abuse Services has reviewed this course and finds that it is consistent with established standards for alcoholism counselor education and training toward the CASAC credential.] Spring only.

HUS116 - Impact of Alcohol and Substance Abuse

3 credits

Catalog Description: Looks at the different influencing factors surrounding a substance use disorder and some of the possible impact it may have on the individual, family, and society. Basic theories, and self-help style groups are examined and applied to the development of a treatment for a person in recovery. Prerequisites: HUS 113

HUS124 - Gerontology

3 credits

Catalog Description: Examines contemporary issues impacting older adults such as special needs, changing roles experienced with aging, community resources, legislation and programs designed to meet these multifaceted needs.

HUS201 - Internship in Human Services 2

3 credits

Catalog Description: Continuing instructor approved and site supervised internship placement with weekly class seminar to further develop and refine professional helping values, knowledge, skills and behaviors required for job placement and/or continuing education within the field. Minimum of 125 internship hours per semester (average of at least 8 hours per week). Prerequisite: HUS101 and HUS110

HUS204 - Human Diversity

3 credits

Catalog Description: Examines the definition of human diversity in American culture, including ethnicity, race, gender, sexual orientation, poverty, and religion. Identifies the misinformation that perpetuates the exclusion of diverse groups from mainstream opportunities, and differentiates covert acts, institutional policies, and ideologies that promote the exclusion of diverse groups. Provides an awareness of the student's own diversity and how their feelings and worldviews might differ from other diverse groups, and how those differences may influence behaviors positively and/or negatively.

HUS205 - Human Diversity and Social Justice

3 credits

Catalog Description: Examines the definition of human diversity in American culture, including ethnicity, race, gender, sexual orientation, poverty, and religion. Identifies the misinformation that perpetuates the exclusion of diverse groups from mainstream opportunities, and differentiates covert acts, institutional policies, and ideologies that promote the exclusion of diverse groups. Provides an awareness of the student's own diversity and how their feelings and worldviews might differ from other diverse groups, and how those differences may influence behaviors positively and/or negatively.

HUS206 - Alcohol and Drug Treatment

3 credits

Catalog Description: Prepares students with the basic skills to work with individuals with a substance use disorder in a formal treatment setting. Students will develop assessment and diagnostics skills, learn how to read medical and toxicology reports, and build basic skills for promoting positive treatment outcomes. Prerequisite: HUS 113

HUS207 - Generalist Practice Skills

3 credits

Catalog Description: Incorporates theory, evidence-based practices, and best practice standards for paraprofessional human services work in areas of client prevention, intake, interviewing, assessment, treatment, discharge, recovery, follow-up, crisis and wellness. Students will explore micro, macro and mezzo level systems that affect case management and care coordination including but not limited to policy and procedure, legal and ethical guidelines, and cultural awareness. Prerequisite: HUS 101 and PSY 202

HUS208 - Group Facilitation

3 credits

Catalog Description: Examines group behavior and techniques to influence group processes. Studies principles affecting group behavior, effective meeting strategies, conflict resolution

principles, and leadership skills. Utilizes small groups in class to apply course material.

HUS250 - Introduction to Developmental Disabilities

3 credits

Catalog Description: Overview of disabilities encountered when working with infants, children and adults with development disabilities through their lifespan. Focuses on individuals with intellectual, behavioral, sensory, physical or learning difficulties. Emphasizes physiological basis, resulting behavior, treatment typically applied, historical events and future trends. Includes a mandatory field observation. Equivalent to EDF 250.

Integrated Reading and Writing

IRW091 - Building Integrated Reading and Writing Habits

3 credits

Catalog Description: Emphasizes strategic reading and writing skills essential for academic success. Improves basic reading and vocabulary skills. Develops student mastery of basic grammar, paragraph and short essay writing. Focus will be placed on expanding strategies to become successful in the courses which satisfy the college requirements for reading and writing skills. Placement is determined by college placement and proficiency requirements, or permission of instructor.

Journalism

JOU101 - Introduction to Journalism

3 credits

Catalog Description: Introduces the principles and practices of print, digital, radio, and TV journalism. Defines what constitutes news and discusses news gathering, news and feature writing, news editing, and ethical problems of journalists. Prerequisite: ENG101.

Leadership

LDR271 - Ldrship in Community College

3 credits

Catalog Description: This course will engage participants in the identification and refinement of the knowledge and skills necessary to the nurturing of a student-centered community college work environment that promotes integrity, professionalism, high standards of service, and unity-of-purpose. Sample topics to be covered include: the functions and services of a college; student and employee interaction; expectations of external stakeholders; service processes across departments; and current social, political, and economic issues in higher education. Sample skills developed or reinforced include: communicating effectively across constituencies; building and empowering teams; formal and informal collaboration; self-management; and organizational interdependence. Curriculum will include coverage of key institutional policies and procedures; selected policies and procedures from the State University of New York (SUNY) and the New York State Education Department (NYSED); the Middle States Commission of Higher Education (MSCHE) Standards for Accreditation and Requirements of Affiliation; and the American Association of Community Colleges (AACC) Competencies for Community College Leaders.

LDR272 - Organizational Management Skills for Community College Personnel

3 credits

Catalog Description: Developed specifically for community college employees readying for advancement opportunities, this course focuses specifically on the development of skills necessary for a variety of leadership roles. Administrators new to their positions, teaching faculty, and support and professional staff will engage in various knowledge and skills-building activities designed to enhance and build upon current knowledge and skills sets. The curriculum will include foundational management concepts common across all job descriptions, combined with more specialized curriculum focused on the participant's contractual function. Sample topics covered include: Interpersonal

relationship development; negotiations and conflict management; messaging in communication; management of expectations; job performance appraisal; and change leadership. Prerequisite: LDR 271.

LDR273 - Advanced Communication Skills for Community College Personnel

1 credit

Catalog Description: Effective communication underpins every successful endeavor in most organizations. For success in a community college setting, leaders and aspiring leaders must be able to assist others by adeptly applying a variety of communication techniques, and determining which technique to use in which situation. This course will provide students with opportunities for self-reflective learning as a means of encouraging participants to modify their personal communication style to become better leaders. Prerequisites: LDR 271 and 272.

Literature

LIT201 - Introduction to Literature

3 credits

Catalog Description: Introduces the unique characteristics of poetry, fiction, and drama. Investigates the function of literature as a form of communication. Requires use of computer for online course sections. Prerequisite: ENG101.

LIT203 - Children's Literature

3 credits

Catalog Description: Examines classical and contemporary selected works of children's literature from a variety of genres. Develops critical thinking skills to make informed judgments about children's books. Considers a variety of literary criticism models and applies them to representative works. Online course requires computer knowledge. Prerequisite: ENG101.

LIT210 - African American Literature

3 credits

Catalog Description: Examines the binding, common themes of African-American literature from the late eighteenth century to the present.

Establishes useful definitions for the novel, the short story, poetry, drama, and literary nonfiction (e.g. autobiography, essay, oratory) as they apply to African-American literature in particular. Prerequisite: ENG101.

LIT211 - Short Story

3 credits

Catalog Description: Focuses on the unique characteristics of the genre. Explores classical and contemporary representative stories from around the world. Applies a variety of literary criticism models to selected stories. Online course requires computer knowledge. Prerequisite: ENG101.

LIT212 - American Literature 1 - Pre-colonial Period to the Civil War

3 credits

Catalog Description: Focuses on American literature from the pre-colonial era to 1865. Examines the nature of American culture as expressed through a variety of genres and historical periods. Employs different literary critical approaches. Computer use required for online sections. Prerequisite: ENG101.

LIT214 - Play Analysis

3 credits

Catalog Description: Develops ability to carefully read and analyze plays. Employs scripts from various period and genres to explore theatre as a written, visual, and collaborative art form. Prerequisite: ENG 101.

LIT216 - American Literature: Civil War to the Present

3 credits

Catalog Description: Examines American literature from the post-Civil War era (1865) to present day. Looks at the American tradition and culture and how each artist fits within his or her historical context through the literary periods of realism, naturalism, modernism, and post-modernism. Explores how students fit into the American tradition and culture. Teaching methods may include small group discussions, lectures, independent study, and the use of computer labs. Prerequisite: ENG101.

LIT217 - British Literature: Medieval Period through Restoration

3 credits

Catalog Description: Focuses on the study of British literature from the Middle Ages to the Restoration. Examines the development of British culture as expressed through a variety of literary genres from the three major historical periods. Analysis via various literary critical approaches. Computer use required for online sections. Prerequisite: ENG 101.

LIT218 - British Literature : Romantic Period to the Present

3 credits

Catalog Description: Focuses on the study of British literature from the Romantic Period to present day. Examines the nature of British culture as expressed through a variety of literary genres and historical periods. Analysis via various literary critical approaches. Computer use required for online sections. Prerequisite: ENG 101.

Mathematics**MAT091 - Basic Math Skills**

4 credits

Catalog Description: Students move through a series of content modules using a mastery learning approach, making extensive use of computer software for content delivery, practice of skills, and assessment (graded homework, quizzes, and module pre- and post-tests). Topics include operations with whole numbers, fractions, decimals, and signed numbers; ratios, rates, and proportions; percent; measurement conversions within the U. S. Customary System and within the Metric System using Unit Analysis; scientific notation; evaluating and simplifying variable expressions; solving linear equations; and some basic geometry. Prerequisite: By placement.

MAT092 - Algebra 1

4 credits

Catalog Description: Students move through a series of content modules using a mastery learning approach, making extensive use of

computer software for content delivery, practice of skills, and assessment (graded homework, quizzes, and module pre- and post-tests). Topics include simplifying variable expressions, solving linear equations and inequalities, graphing linear equations in two variables, solving systems of linear equations in two variables, operations with exponential expressions and polynomials, factoring polynomials, simplifying radical expressions (square roots), and solving quadratic equations. Prerequisite: MAT 091 or by placement.

MAT102 - Algebra 2

3 credits

Catalog Description: Topics include solving first degree inequalities, introduction to functions, linear equations in two variables and graphing, solving systems of two or three linear equations and inequalities, brief review of polynomial operations and factoring, algebraic fractions, variation, solving rational equations and proportions, rational exponents and radical expressions, complex numbers, solving radical equations, and four methods for solving quadratic equations, with emphasis on problem solving and applications throughout the course. Not open to students with credit in MAT 136 or higher. Prerequisite: MAT 092 or by placement.

MAT108 - Survey of Mathematics

3 credits

Catalog Description: A study of various topics including an introduction to estimation, algebra, geometry, consumer mathematics, probability and statistics, with an emphasis on critical thinking and interpreting results. Other topics may be covered at the discretion of the instructor. MAT108 is a common selection by Liberal Arts students with fewer than three years of high school mathematics. Either MAT108 or MAT092 can be used to satisfy the GCC math proficiency graduation requirement. Either MAT108 or MAT092 can be used to satisfy the prerequisite for MAT129, Statistics. MAT108 does not satisfy the prerequisite for any other math course. Although this course can satisfy your mathematics requirement for some GCC programs and transfer to some baccalaureate

institutions, speak with an academic advisor to ensure that this course meets your goals.

Prerequisite: MAT091 with a grade of C or better, or by placement.

MAT116 - Math for Elementary Teachers 1

3 credits

Catalog Description: Focuses on foundational concepts of number theory, arithmetic, and algebra that underlie the elementary school mathematics curriculum. Emphasizes problem solving and the historical development of numeration systems and other mathematical concepts. Prerequisite: MAT092 with a grade of C or better, or equivalent by placement.

MAT117 - Math for Elementary Teachers 2

3 credits

Catalog Description: Covers fundamental concepts of probability, statistics, measurement and geometry and the historical development of Mathematics. Develops understanding of mathematical concepts that form the foundation for topics included in the elementary mathematics curriculum and further develops creative problem-solving and mathematical communication skills. Prerequisite: MAT116.

MAT121 - Technical Math 1

3 credits

Catalog Description: Reviews basic algebraic operations and solutions of linear equations. Emphasizes applications of linear equations, graphing techniques, units of measurement conversions, exponents and radicals, functions, trigonometric functions, and vectors. Prerequisite: MAT092 or higher or by placement.

MAT122 - Technical Math 2

3 credits

Catalog Description: Emphasizes solutions to systems of linear equations, solutions and applications of quadratic equations, laws of sines and cosines, graphs of trigonometric functions, complex numbers, exponential and logarithmic functions, linear inequalities, and direct and inverse variation. Prerequisite: MAT121 with a grade of C or higher.

MAT129 - Statistics

3 credits

Catalog Description: Studies descriptive data with graphical and numerical techniques, binomial and normal probability distributions, estimation and sampling, hypothesis testing, and linear regression models. Emphasis is on practical applications that include the use of statistical software that must be approved by the full-time faculty course coordinator. (Examples include MINITAB and StatCrunch.). Prerequisite: MAT 092, minimum grade of C in MAT 108, or higher; or by placement; or by permission of instructor.

MAT136 - Algebra 3 and Trigonometry

3 credits

Catalog Description: Topics include absolute value equations and inequalities; solving systems of linear equations using determinants; review of rational exponents, radical expressions and complex numbers; quadratic equations and inequalities; solving equations reducible to quadratic form; quadratic, exponential and logarithmic functions and applications; graphs of functions; algebra of functions; inverse functions; conic sections; nonlinear systems of equations and inequalities; right triangle trigonometry; trigonometric functions and the unit circle. Not open to students with credit in MAT 140 or higher. Prerequisite: MAT 102 with a grade of "C" or higher or by placement.

MAT137 - Calculus for Business

4 credits

Catalog Description: Covers the principal concepts of differential and integral calculus as they relate to business applications. Students will study functions (including exponential and logarithmic), limits, differentiation, and integration. Emphasis will be placed upon the use of calculus in solving problems from the fields of business & economics. Prerequisite: MAT 136 or MAT 140 with a grade of "C" or higher or by placement or instructor permission.

MAT140 - Precalculus

4 credits

Catalog Description: Studies polynomial, rational, exponential, logarithmic, and trigonometric functions and their inverses. Four class hours. Not open for credit to students who have credit in MAT 141 or higher. Prerequisite: MAT 136 (with a minimum grade of C) or equivalent by placement.

MAT141 - Calculus 1

4 credits

Catalog Description: Studies functions of a single variable with regard to limits, continuity, differentiation, anti-differentiation, and applications of these topics. Concludes with a study of the definite integral and the fundamental theorem of calculus. Four class hours. Prerequisite: MAT 140 (with a minimum grade of C) or equivalent by placement.

MAT142 - Calculus 2

4 credits

Catalog Description: Examines applications of the definite integral; analysis of the natural logarithmic, exponential, trigonometric, and hyperbolic functions; introduction to differential equations; techniques of integration; L'Hopital's Rule and indeterminate forms; improper integrals; and infinite series. Prerequisite: MAT 141 with a grade of "C" or higher or by placement.

MAT245 - Calculus 3

4 credits

Catalog Description: Covers infinite series, curves in parametric and polar forms, vectors, partial differentiation, and multiple integrals. Applications of these topics focus on analysis of functions and surfaces in 3 dimensional space. Fall only. Prerequisite: MAT 142 with a grade of "C" or higher or by placement. May be taken concurrently with MAT 142 with instructor permission.

MAT246 - Linear Algebra

4 credits

Catalog Description: Covers systems of linear equations and matrices, determinants, vectors and vector spaces, linear transformations, eigenvectors and eigenvalues, linear

transformations, and numerical methods. Four class hours. Prerequisite: MAT142 with a grade of C or better, or permission of instructor.

MAT247 - Discrete Math

3 credits

Catalog Description: Provides an introduction to discrete mathematical structures and their applications to computer programming. Topics include logic of compound and quantified statements, elementary number theory, direct & indirect proofs, mathematical induction, sets, discrete probability & counting, functions, and an introduction to graph theory. Spring only. Prerequisite: MAT 140 with a grade of "C" or higher or by placement.

MAT255 - Differential Equations

4 credits

Catalog Description: Covers solutions of first order differential equations, Euler's Method, linear differential equations with constant coefficients, non-linear equations, LaPlace transforms, numerical solutions, and series solutions. Applications focus on modeling with first- and second-order linear equations. CAS Software (such as Derive or Maple) will be used for solving a variety of application problems. Spring only. Prerequisite: MAT 142 with a grade of "C" or higher or by placement.

Meteorology

MET101 - Introduction to Meteorology

3 credits

Catalog Description: An introduction to scientific inquiry of how the atmosphere and weather behave. It examines atmospheric parameters (temperatures, humidity, pressure, winds); the formation of clouds, rain and snow; middle-latitude cyclones and hurricanes; and the development of thunderstorms, lightning, hail and tornadoes. Basic weather forecasting, climate change, air pollution, and optical phenomena are also examined. Includes a laboratory component where students learn to analyze meteorological concepts, data, and maps. Two class hours, two lab hours.

Prerequisite: Completion of the Genesee Community College math proficiency.

Music

MUS101 - Music Appreciation

3 credits

Catalog Description: Surveys music as a form of communication with emphasis on developing understanding and awareness of the techniques and means of using musical sounds for communication and expressing human emotions both actively, from a performer's point of view, and passively as an informed, knowledgeable and discriminating listener.

MUS102 - Introduction to Music Theory

3 credits

Catalog Description: Studies scales, intervals, key signatures, meters, rhythmic reading, and chords. This course is for students with little or no background in music performance or theory who wish to obtain the skills necessary to read music and learn to apply the skills in a practical way.

MUS107 - Hip Hop Culture

3 credits

Catalog Description: Studies the development of hip hop styles and techniques and the social, political, and cultural phenomenon associated with them.

MUS108 - Music at the Movies

3 credits

Catalog Description: Surveys the history of film music from the silent era to the present with a focus on Hollywood narrative films. Explores the role and relation of music to the plot and visual elements of film.

MUS109 - Hip Hop Music and Culture

3 credits

Catalog Description: Studies the development of hip hop styles and techniques and the social, political, and cultural phenomenon associated with them.

MUS128 - Applied Music: Private Voice Lessons

1 credit

Catalog Description: Instruction in voice by a qualified private teacher. Hours to be arranged with instructor. Students registered for Private Voice Lessons will be charged an Applied Music fee of \$400 per course to offset the additional costs of private instruction, in addition to the College's standard tuition and fees. This fee is 100% refundable prior to the first day of the term, and non-refundable on or after the first day of term. A minimum of twelve 40-minute lessons is required per semester for 1 academic credit. Students are required to present a performance examination at the end of each term. Prior experience is not necessary. Credit in this course will not satisfy Fine Arts requirements in any degree program. Prerequisite: None.

MUS129 - Applied Music: Private Voice Lessons

1 credit

Catalog Description: Instruction in voice by a qualified private teacher. Hours to be arranged with instructor. Students registered for Private Voice Lessons will be charged an Applied Music fee of \$400 per course to offset the additional costs of private instruction, in addition to the College's standard tuition and fees. This fee is 100% refundable prior to the first day of the term, and non-refundable on or after the first day of term. A minimum of twelve 40-minute lessons is required per semester for 1 academic credit. Students are required to present a performance examination at the end of each term. This course follows up on skills learned in MUS 128. Students are understood to have a basic knowledge of music and singing. Credit in this course will not satisfy Fine Arts requirements in any degree program. Prerequisite: MUS 128

MUS130 - Applied Music: Private Voice Lessons

1 credit

Catalog Description: Instruction in voice by a qualified private teacher. Hours to be arranged with instructor. Students

registered for Private Voice Lessons will be charged an Applied Music fee of \$400 per course to offset the additional costs of private instruction, in addition to the College's standard tuition and fees. This fee is 100% refundable prior to the first day of the term, and non-refundable on or after the first day of term. A minimum of twelve 40-minute lessons is required per semester for 1 academic credit. Students are required to present a performance examination at the end of each term. This course follows up on skills learned in MUS129. Students are expected to have an intermediate understanding of music and singing. Credit in this course will not satisfy Fine Arts requirements in any degree program. Prerequisite: MUS129.

MUS131 - Applied Music: Private Voice Lessons

1 credit

Catalog Description: Instruction in voice by a qualified private teacher. Hours to be arranged with instructor. Students registered for Private Voice Lessons will be charged an Applied Music fee of \$400 per course to offset the additional costs of private instruction, in addition to the College's standard tuition and fees. This fee is 100% refundable prior to the first day of the term, and non-refundable on or after the first day of term. A minimum of twelve 40-minute lessons is required per semester for 1 academic credit. Students are required to present a performance examination at the end of each term. This course follows up on skills learned in MUS130. Students are understood to be at a level suitable for entry into a four-year program. Credit in this course will not satisfy Fine Arts requirements in any degree program. Prerequisite: MUS130.

MUS203 - History of Rock & Roll: Blues and Beyond

3 credits

Catalog Description: Surveys the development of rock and roll through a basic narrative of American culture, politics, and economic history. Examines race, gender, class, technology, and the music business as it relates to the creation of

rock music in the United States and globally. Learning activities include critical analysis of audio and video recordings, attendance at live concerts of various rock and roll styles, group discussions, and research projects. Note: Students wishing to use this course to fulfill the SUNY General Education requirement in American history must have earned an 85 or higher on the US History Regents exam. Three class hours.

MUS204 - Rock and Roll History

3 credits

Catalog Description: Surveys the development of rock and roll through a narrative of American cultural, political, and economic history. Examines race, gender, class, technology, and the music business as it relates to the creation of rock music in the United States and globally. Learning activities include critical analysis of audio and video recordings of various rock and roll styles, group discussions, creative writing projects, and listening assignments. 3 class hours.

Nursing

NUR111 - Nursing 1

5 credits

Catalog Description: Introduces the student to concepts related to professional nursing practice. Emphasis is placed on developing the foundational knowledge and nursing assessments necessary to provide care to diverse individuals and populations. The competencies of patient centered care, safe practice environment, collaboration, healthcare informatics and management of care are introduced at a foundational level. This course provides classroom and online content. Prerequisite: Admission to the Nursing Program. Prerequisite or co-requisite: BIO 152 with a grade of "C" or higher. Co-requisite: NUR LC1

NUR112 - Nursing 2

5 credits

Catalog Description: Introduces the student to concepts related to nursing care of diverse individuals experiencing temporary health status

changes. Emphasis is placed on nursing process and prioritization of patient care to promote optimal wellness. The competencies of patient centered care, safe practice environment, collaboration, healthcare informatics and management of care are developed. This course provides classroom and online content.

Prerequisites: NUR 111 and BIO 152 with a grade of “C” or higher and NUR LC1 with a grade of CP. Prerequisite or co-requisite: BIO 153 with a grade of “C” or higher. Co-requisite: NUR 119 and NUR LC2.

NUR119 - Pharmacology for Nursing

2 credits

Catalog Description: Presents essential concepts of pharmacology. Designed to promote the use of critical thinking in the application of drug therapy. Emphasis is placed on the integration of pharmacologic principles, legal responsibilities of the nurse and the nursing process. Prerequisite: NUR 111, NUR LC1, and BIO 152 with grade of “C” or higher. Prerequisite or corequisite: BIO 153 with a grade of “C” or better. Co-requisites: NUR 112 and NUR LC2.

NUR122 - Pharmacology for Nurses

3 credits

Catalog Description: Presents essential concepts of pharmacology. Designed to promote the use of critical thinking in the application of drug therapy. Emphasis is placed on the integration of pharmacologic principles, legal responsibilities of the nurse and the nursing process. Prerequisites: NUR 111 and BIO 152 with a grade of “C” or higher, and NUR LC1 with a grade of “CP”. Prerequisite or co-requisite: BIO 153 with a grade of “C” or better. Co-requisites: NUR 112 and NUR LC2.

NUR128 - PN to RN Transition 1

3 credits

Catalog Description: This course facilitates transition from the role of Practical Nurse to progression towards the role of Registered Professional Nurse. Concepts related to professional development, assessment, clinical decision making and care of individuals

experiencing changes in health status are introduced. Emphasis is placed on nursing judgment and critical thinking. Classroom and online content are provided as well as designated nursing laboratory activities. Prerequisites: Current LPN nursing license in good standing or documentation of scheduled licensure exam.

NUR129 - PN to RN Transition 2

3 credits

Catalog Description: This course focuses on the care of medical-surgical and maternal-newborn patients for the LPN to RN student. Concepts related to nursing care of individuals experiencing temporary changes in health status are introduced, building on concepts introduced in NUR128. Emphasis is placed on clinical decision making, nursing judgment and prioritization of patient care to promote optimal wellness. This course provides classroom and online content as well as designated nursing laboratory activities. Advanced dosage calculation skills are included in the course. The course activities prepare the student for entry into the clinical sequence of second year nursing courses. Pre-requisites: NUR 128

NUR209 - Professional Issues in Nursing

1 credit

Catalog Description: Introduces the student to professional issues relevant to current trends in nursing, leadership and management. The emphasis is placed on role transition and promoting an environment of quality patient care and safety. Prerequisites: BIO 153, NUR 112, and NUR 119 with a grade of “C” or higher, and NUR LC2 with a grade of “CP”. Prerequisites for PN to RN students: NUR 129 and BIO 153 with a grade of “C” or higher. Co-requisites: NUR 211 and NUR LC3.

NUR211 - Nursing 3

5 credits

Catalog Description: Introduces the student to concepts related to the care of diverse individuals experiencing physiologic and psychological health status changes. Emphasis

is placed on health promotion and management. The competencies of patient centered care, safe practice environment, collaboration, healthcare informatics and management of care continue to be developed. This course provides classroom and online content. Prerequisites: BIO 153, NUR 112, NUR 119 and with a grade of “C” or higher, and NUR LC2 with a grade of “CP”. Prerequisite or co-requisite: BIO 201 with a grade of “C” or higher. Co-requisite: NUR 209 and NUR LC3.

NUR212 - Nursing 4

5 credits

Catalog Description: Introduces the student to concepts related to the nursing care of diverse individuals experiencing prolonged changes in health status. Emphasis is placed on managing and optimizing health. The competencies of patient centered care, safe practice environment, collaboration, healthcare informatics and management of care are applied to clinical practice. This course provides classroom and online content. Prerequisites: BIO 201, NUR 211, and NUR 209 with a grade of “C” or higher and NUR LC3 with a grade of CP. Corequisite: NUR LC4, NUR 222, and NUR LC5.

NUR222 - Nursing 5

2 credits

Catalog Description: Introduces the student to concepts related to the nursing care of diverse individuals with complex health care needs. Emphasis is placed upon integration of the competencies of patient centered care, safe practice environment, collaboration, healthcare informatics and management of care in clinical practice. This course provides classroom and online content. Prerequisites: BIO 201, NUR 211, and NUR 209 with a grade of “C” or higher and NUR LC3 with a grade of CP. Co-requisites: NUR 212, NUR LC4, and NUR LC5.

NUR230 - Professional Issues in Nursing

3 credits

Catalog Description: Introduces the student to professional issues relevant to current trends in nursing, leadership and management. The emphasis is placed on role transition and

promoting an environment of quality patient care and safety. Prerequisites: BIO 153, NUR 112 and NUR122 with a grade of “C” or higher, and NUR LC2 with a grade of “CP”. Prerequisites for PN to RN students: NUR 131 and BIO 153 with a grade of “C” or higher. Co-requisites: NUR 211 and NUR LC3.

NURLC1 - Nursing Lab/Clinical 1

3 credits

Catalog Description: NUR LC1 is the application of didactic instruction for NUR 111 and a required co-requisite. Skills and performance in NUR LC1 are assessed as a component of NUR 111 and therefore, must be successfully completed in addition to all of the requirements for NUR 111. Prerequisite: Admission to the Nursing Program Prerequisite or co-requisite: BIO 152 with a grade of “C” or better Co-requisite: NUR 111

NURLC2 - Nursing Lab/Clinical 2

3 credits

Catalog Description: NUR LC2 is the application of didactic instruction for NUR 112 and a required co-requisite. Skills and performance in NUR LC2 are assessed as a component of NUR 112 and therefore, must be successfully completed in addition to all of the requirements for NUR 112. Prerequisites: NUR 111, BIO 152 with a grade of “C” or better, and NUR LC1 with a grade of “CP”. Prerequisite or co-requisite: BIO 153 with a grade of “C” or better. Co-requisites: NUR 112, NUR 119.

NURLC3 - Nursing Lab/Clinical 3

3 credits

Catalog Description: NUR LC3 is the application of didactic instruction for NUR 211 and a required co-requisite. Skills and performance in NUR LC3 are assessed as a component of NUR 211 and therefore, must be successfully completed in addition to all of the requirements for NUR 211. Prerequisites: NUR 112, NUR 119 with a grade of “C” or better, and NUR LC2 with a grade of “CP”. Prerequisite or co-requisite: BIO 201 with a grade of “C” or better. Co-requisites: NUR 211, NUR 209.

NURLC4 - Nursing Lab/Clinical 4

3 credits

Catalog Description: NUR LC4 is the application of didactic instruction for NUR 212 and a required co-requisite. Skills and performance in NUR LC4 are assessed as a component of NUR 212 and therefore, must be successfully completed in addition to all of the requirements for NUR 212. Prerequisites: NUR 211, NUR 209, and BIO 201 with a grade of “C” or better, and NUR LC3 with a grade of CP. Co-requisites: NUR 212, NUR 222, NUR LC5.

NURLC5 - Nursing Lab/Clinical 5

3 credits

Catalog Description: NUR LC5 is the application of didactic instruction for NUR 222 and a required co-requisite. Skills and performance in NUR LC5 are assessed as a component of NUR 222 and therefore, must be successfully completed in addition to all of the requirements for NUR 222. Prerequisites: NUR 211, NUR 209, BIO 201 with a grade of “C” or better, and NUR LC3 with a grade of “CP”. Co-requisites: NUR 212, NUR LC4, NUR 222.

Office Technology/Secretarial**OFT101 - Keyboarding**

3 credits

Catalog Description: Develops personal computer and keyboarding skills through an individual program of instruction using computer software, including frequent drills to increase speed and accuracy. Introduces simple letters, tabulations, vertical and horizontal centering, and one-page reports. Requires a minimum level of proficiency of 35 words per minute (wpm).

OFT102 - Intermediate Keyboarding

3 credits

Catalog Description: Increases keyboarding techniques. Includes production using word processing software of two-page letters, two-page reports, two-page memos, tables, envelopes, and mail merges. Requires a minimum level of proficiency of 45 words per minute (wpm). Prerequisite: OFT101.

OFT116 - Medical Terminology

3 credits

Catalog Description: Analyzes and applies comprehensive study of medical word to the continual learning of new terminology. Includes root words, prefixes, suffixes, and emphasis on the newly learned words in a variety of exercise formats. Medical terminology skills may be applied to various allied health fields.

OFT135 - Medical Forms and Billing

3 credits

Catalog Description: Emphasize the role of computers in health insurance using computerized patient accounting software. Students will be introduced to medical billing, insurance terminology, and the preparation of insurance claims. Software will simulate medical office situation which includes patient information input, billing operations, and document production. Prerequisite or corequisite: OFT116.

OFT150 - Intro to Health Insurance

3 credits

Catalog Description: This course will introduce students to the history of health insurance, the legal and ethical side of health insurance, and the types of health insurance. Topics will include the claims process, HIPPA, and reimbursement.

OFT155 - Medical Coding 1 (CPT)

3 credits

Catalog Description: Students are introduced to procedural coding using the American Association’s Current Procedural Terminology (CPT) and Healthcare Common Procedure Coding System (HCPCS) coding systems. Students will learn how the CPT and HCPCS coding procedures interact with medical billing in office and hospital settings. Prerequisites: OFT116. Additional courses are required in order to be certified as a Medical Coder.

OFT210 - Medical Transcription

3 credits

Catalog Description: Builds the skills necessary to produce accurate medical records and correspondence from dictated materials. Emphasizes punctuation, spelling, grammar,

medical vocabulary, and efficiency.

Prerequisites: OFT116 and OFT101.

OFT244 - Medical Office Procedures

3 credits

Catalog Description: Examines responsibilities and duties of the medical office assistant through the use of projects and simulations that include medical law and ethics, preparation of records and records management, telephone procedures and appointment scheduling, health insurance and billing, office management, professional reports, and medical meetings.

OFT255 - Medical Coding 2 (ICD 10)

3 credits

Catalog Description: Students are introduced to diagnostic coding with emphasize on the International Classification of Diseases (ICD-10) classification system. Students will learn how the diagnostic coding procedures, interact with medical reimbursement and office operations.

Prerequisite: OFT116.

Physical Education

PED104 - Teaching Methodologies in Sport Skill Studies

3 credits

Catalog Description: Introduces the fundamental skills and rules to a variety of sports. Provides basic knowledge of skill breakdown, activity plan development and implementation, rubric writing and lesson analysis.

PED105 - Beginning Swimming

1 credit

Catalog Description: Introduces nonswimmers to fundamental water and swimming skills. One and one-half class hours.

PED109 - Lifeguarding

3 credits

Catalog Description: Develops active water rescue skills and knowledge. The American Red Cross pre-requisites requires successful completion of the following swimming competencies in order to take the course: swim 300 yards using front crawl or breaststroke, tread

water for 2 minutes legs only, swim 20 yards, surface dive, recover a 10 lb. brick and swim back 20 yards within 1 minute 40 seconds. Lifeguarding Certification available upon successful course performance. Four class hours.

PED111 - Beginning Scuba Diving

3 credits

Catalog Description: Focuses on beginning scuba diving skill development, equipment terminology and safety for the inexperienced scuba participant. Certification available. Two class hours, two laboratory hours. Prerequisite: Demonstration of sufficient water skill.

PED113 - Beginning Indoor Soccer

1 credit

Catalog Description: Focuses on beginning indoor soccer skill development for the inexperienced soccer participant. One and one-half class hours.

PED117 - Outdoor Education

1 credit

Catalog Description: Introduces students to the health concepts and benefits of outdoor activities, as well as the teaching of outdoor activities. Focuses on lifelong wellness programs that fit the individual's needs, interests, abilities, and goals. Includes a variety of activities and locales.

PED120 - Foundations of Volleyball

1 credit

Catalog Description: Focuses on volleyball skill development. Includes individual and team skills and game rules.

PED121 - Teaching Methods in Volleyball

1 credit

Catalog Description: Presents major skills, strategies, etiquette, and safety consideration in volleyball. Provides opportunity to analyze skills and plan and implement drills and activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards. Prerequisite: PED 104 or PED 120

PED123 - Foundations of Soccer

1 credit

Catalog Description: Focuses on soccer skill development. Includes individual and team skills and game rules.

PED125 - Intermediate Swimming

1 credit

Catalog Description: Focuses on advanced swimming skill and stroke development for the experienced swimmer. Includes personal safety and rescue skills. One and one-half class hours. Prerequisite: PED105.

PED127 - Introduction to Movement and Dance

3 credits

Catalog Description: Develops awareness of individual movement characteristics through the experiential learning of movement skills on the introductory level. Surveys elementary modern dance techniques, elements of rhythm and spatial awareness, and simple composition and improvisational dance studies.

PED129 - Aquatics

1 credit

Catalog Description: Presents basic etiquette and safety considerations for pool activities. Swim strokes such as freestyle, backstroke, breaststroke, sidestroke will be introduced. Floating and treading strategies will be introduced. Students will be introduced to the basic dive.

PED131 - Foundations of Basketball

1 credit

Catalog Description: Focuses on basketball skill development. Includes individual and team skills and game rules.

PED132 - Beginning Karate

1 credit

Catalog Description: Focuses on achieving the physical and mental conditioning and training required to execute a variety of basic martial arts techniques and forms or kata and engages in effective sparring and self-defense. Acquaints students with the historical and philosophical and

spiritual aspects of the martial arts. Designed for students with little or no background in the martial arts. One and one-half class hours.

PED135 - Hip-Hop Dance

3 credits

Catalog Description: Develops awareness of movement in different levels and space. Focuses on rhythm, syncopation and stage presence. Derived from a combination of jazz funk and street jazz, this style of dance requires high energy, attention to detail and an understanding of complex rhythms. Students will develop an appreciation and understanding of the art of hip-hop dance through physical exercise, floor work, partnering, and floor movement to better understand the technique of hip-hop. Using movement improvisation and choreographed work, and researching its origins, students will understand the history, use of, and terms of hip-hop dance.

PED136 - Beginning Yoga

1 credit

Catalog Description: Introduces basic yoga postures, breathing techniques, meditation and relaxation.

PED137 - Intermediate Yoga

1 credit

Catalog Description: Intermediate yoga postures, breathing techniques, meditation, and relaxation.

PED138 - Team Sports 1

1 credit

Catalog Description: Presents skills, strategies, etiquette, and safety considerations in a variety of team sports such as soccer, basketball and volleyball. Provides opportunity to analyze skills and plan and implement drills and activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards.

PED139 - Team Sports 2

1 credit

Catalog Description: Presents skills, strategies, etiquette, and safety considerations in a variety

of team sports such as flag football, lacrosse and softball. Provides opportunity to analyze skills and plan and implement drills and activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards.

PED140 - Teaching Methods in Basketball

1 credit

Catalog Description: Presents major skills, strategies, etiquette, and safety consideration in basketball. Provides opportunity to analyze skills and plan and implement drills and activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards. One and One-half class hours. Prerequisite: PED 104 or PED 131

PED141 - Teaching Methods in Soccer

1 credit

Catalog Description: Presents major skills, strategies, etiquette, and safety consideration in soccer. Provides opportunity to analyze skills and plan and implement drills and activities while conforming to the New York State Physical Education Standards and to the National Physical Education Standards. One and One-half class hours. Prerequisite: PED 104 or PED 123

PED143 - Principles of Fly Tying and Fly Fishing

2 credits

Catalog Description: Catalog Description: Provides students of all experience levels with a practical introduction to the lifetime sport of fly fishing. Presents students with the many aspects of fly tying and fly fishing for salmon, trout and bass so that they can enjoy fishing success for the remainder of their active adult lives.

PED144 - Hiking, Walking & Backpacking

2 credits

Catalog Description: Introduces students to the lifetime benefits of hiking, backpacking and walking for Fitness. Focuses on creative exercise programs that fit the individual's needs,

interests, abilities and goals. Includes a variety of workout formats and locales.

PED146 - Beginning Bowling

1 credit

Catalog Description: Focuses on beginning bowling skill development for the inexperienced bowler. Fee associated with course. One and one-half class hours.

PED147 - Intermediate Bowling

1 credit

Catalog Description: Focuses on advanced bowling skill development and techniques for the experienced participant. Emphasizes strategies of competitive bowling. Fee associated with course. One and one-half class hours. Prerequisite: PED 146.

PED148 - Foundations of Golf

1 credit

Catalog Description: Presents the basic skills of golf including grip, stance, swing, rules, and etiquette. One and one-half class hours.

PED149 - Teaching Methods in Golf

1 credit

Catalog Description: Presents major skills, strategies, etiquette, and safety consideration in golf. Provides opportunity to analyze skills and plan and implement drills and activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards. One and One-half class hours. Prerequisite: PED 104 or PED 148

PED150 - Foundations of Racket Sports

1 credit

Catalog Description: Focuses on skill development in racket sports including tennis, badminton and pickleball. Includes individual and team skills and game rules.

PED151 - Teaching Methods in Racket Sports

1 credit

Catalog Description: Presents major skills, strategies, etiquette, and safety consideration in tennis, badminton and pickleball. Provides opportunity to analyze skills and plan and

implement drills and activities while conforming to the New York State Physical Education Standards and to the National Physical Education Standards. Prerequisite: PED 104 or PED 150

PED152 - Beginning Badminton

1 credit

Catalog Description: Develops game skills and court strategies for match play in singles and doubles for beginning and advanced players. One and one-half class hours.

PED153 - Foundations of Softball

1 credit

Catalog Description: Focuses on softball skill development. Includes individual and team skills and game rules.

PED154 - Teaching Methods in Softball

1 credit

Catalog Description: Present major skills, strategies, etiquette, and safety consideration in softball. Provides opportunity to analyze skills and plan and implement drills and activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards. One and half class hours. Prerequisite: PED 104 or PED 153

PED155 - Begin. Skiing & Snowboarding

1 credit

Catalog Description: Focuses on beginning skiing or snowboarding skill development, equipment terminology and safety. Students will be responsible for providing or renting their equipment, fees for lift passes, as well as transportation to the ski resort. One and one-half class hours.

PED157 - Intermediate Skiing

1 credit

Catalog Description: Builds on basic skiing knowledge with a focus on advanced skill development and techniques for the experienced participant. Students ski on local slopes during evening. One class hour, one off-campus laboratory hour. Prerequisite: PED 155.

PED158 - Intermediate Karate

1 credit

Catalog Description: Focuses on the advanced aspects of the martial arts and expands physical and mental aspects of martial arts training. Concentrates on perfecting sparring, kata, and self-defense learned in Beginning Karate. Deepens understanding of historical and philosophical and spiritual aspects of the martial arts. One and one-half class hours. Prerequisite: PED 132.

PED171 - Body Conditioning

1 credit

Catalog Description: Designed for students with minimal workout experience. Emphasizes weight control techniques, nutritional recommendations, safety precautions, warming up and cooling down, and cardiovascular training. Provides the opportunity to work out and learn new techniques including plyometrics, speed and agility exercises, balance exercises, and stability ball exercises.

PED172 - Weight Training

1 credit

Catalog Description: Designed for the inexperienced participant. Introduces fitness center safety, warm up and cool down, weight training adaptations, and nutritional considerations. Provides the opportunity to learn and practice common weight training techniques.

PED178 - Tap Dance 1

3 credits

Catalog Description: Introduces tap dance as an art form through exploration of tap technique, history and aesthetics. Includes studio classes in basic tap technique as well as observation of tap dance on video and live in concert (when possible) and discussion of reading assignments and research.

PED179 - Jazz Dance 1

3 credits

Catalog Description: Introduces jazz dance as an art form through exploration of traditional jazz technique, history and aesthetics. Includes studio classes in traditional jazz as well as

observation of jazz dance on video and live in concert (when possible) and discussion of reading assignments and research.

PED180 - Rhythmic Movement and Dance

1 credit

Catalog Description: Introduces students to the lifetime benefits of rhythmic movement and dance. Focuses on creative movement programs that teach about movement through time and space with force and flow to music. Includes a variety of movement formats and music.

Provides opportunity to analyze skills and plan and implement drills and activities while adhering to the New York State and National Physical Education Standards.

PED181 - Lifetime Activities 1

1 credit

Catalog Description: Presents skills, etiquette and safety considerations in a variety of lifetime activities or individual sports such as track and field, lawn games and racket sports. Provides opportunity to analyze skills, plan and teach activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards.

PED182 - Lifetime Activities 2

1 credit

Catalog Description: Presents skills, etiquette and safety considerations in a variety of lifetime activities or individual sports such as golf, archery and ultimate frisbee. Provides opportunity to analyze skills, plan and teach activities while adhering to the New York State Physical Education Standards and to the National Physical Education Standards.

PED250 - Introduction to Physical Education

3 credits

Catalog Description: Introduces careers in physical education and sport, contemporary concepts, and new approaches to physical education and sport activities. Examines careers in teaching, coaching, sport administration, sport information, and related areas.

PED251 - Introduction to Sports Management

3 credits

Catalog Description: Examines career opportunities within the sport industry and provides knowledge relevant to the management, marketing, legal, and financial operations of sport organizations. Incorporates management applications in a variety of sport entities including intercollegiate athletics, recreation, event and facility management, health and fitness clubs, professional as well as international sport.

PED255 - Athletic Training

3 credits

Catalog Description: Presents the foundation of athletic training. Studies contemporary principles and methods of conditioning, prevention, and first-aid care of injuries occurring in athletics. Introduces the fundamentals of taping and wrapping techniques, inspection and physical examination, and training room procedures.

PED256 - Athletic Training Practicum 1

1 credit

Catalog Description: Provides students with direct experience in injury prevention, treatment, and rehabilitation of athletes under the supervision of an athletic trainer. Prepares students who wish to transfer into a four-year athletic training program. One and one-half class hours. Prerequisites: PED 255 and HED 205 each with a grade of "C" or higher, and interview with and permission of the College's head athletic trainer during the second half of the student's first semester.

PED257 - Athletic Training Practicum 2

1 credit

Catalog Description: Provides academic and practical experience in injury evaluation and the development and implementation of rehabilitation programs. Prerequisite: PED 256 with a grade of "C" or higher.

PED258 - Sport Marketing

3 credits

Catalog Description: Introduces students to marketing, promotion and advertisement, sales,

and the elements of the marketing mix as they pertain to the sport enterprise, including the coverage of decision making and planning from the sport manager's perspective and sponsorship strategies utilized in the sports industry. Specific topics include: the nature of sport marketing, studies of sport consumers and consumer behaviors, data based marketing research, the sport product, managing sport brands, licensing, pricing and promotion, sales, electronic media, public relations, and the marketing mix. Also examined will be the legal aspects of sports marketing and ideas for future trends.

PED259 - Beginning Personal Fitness

2 credits

Catalog Description: Focuses on fitness theory, basic fitness training and conditioning principles, while working toward specific individual fitness goals. Also emphasizes personal behaviors for optimal wellness.

PED261 - Sport Management Internship

3 credits

Catalog Description: Allows students to practice sport management theory in a practical setting oriented toward professional development, leadership, and management. Provides sport management and administrative work experience (promotions, planning, organization, media support, etc.) in the community. Studies professional character development, communication skills, ethics, and etiquette. Promotes career preparation and provides opportunities for learners to develop skills necessary to become leaders in the athletic profession. Prerequisites: PED 251 & PED 258

PED271 - Principles of Coaching

3 credits

Catalog Description: Introduces high school and college level coaching. Presents coaching philosophy, roles and responsibilities, legal requirements, discipline, respect, motivation, practice planning, teaching methodology, conditioning and coaching ethics. Includes New York State mandated Child Abuse Prevention

Workshop, SAVE Legislation (Schools Against Violence in Education), Alcohol and Tobacco Use and Abuse, and Signs and Symptoms of Drug Use. Mandated Reporter and SAVE Legislation Certification available.

PED272 - Theory and Techniques of Coaching

3 credits

Catalog Description: Introduces the history of interscholastic athletics in New York State. Presents the objectives, rules, regulations and policies of athletics, as well as performance skills, technical information, and organization and management practices. The special training and conditioning of the athletes in specific sports, the fitting of equipment, specific safety precautions and officiating methods will also be examined. An internship that will include practical experience as a coach in the specific sport and periods of observing other approved coaches in that specific sport will also be required.

PED273 - Principles Personal Training

3 credits

Catalog Description: Introduces the foundations of personal training. Prepares students for certification in personal training or for pursuing a career in fitness center management. Discusses basic principles including functional anatomy of the human body, biomechanics, exercise physiology, nutrition for performance and health, and weight management techniques. Provides hands-on training in pre-exercise assessment, flexibility assessment, resistance training techniques, and cardiovascular training techniques. Introduces design of an individualized workout plan for varying populations.

PED275 - Personal Training Experience

3 credits

Catalog Description: Promotes opportunity to practice and improve skills to become effective personal trainers. Provides students with direct experience in pre-exercise assessment, flexibility assessment, resistance training techniques, and

cardiovascular training techniques. Encourages professional interaction with clientele and opportunities to design and implement fitness and nutritional programs. Prerequisite: PED273.

PED277 - Sport Facility Management

3 credits

Catalog Description: Introduces students to Sport Facility Management, Facility Development, Facility Systems and Operations, Facility Administration and Event and Activity Management. Specific topics include History and Future of Sport Facilities, Facility Management Basics, Human Resources, Facility Planning, Site, Design and Construction, Maintenance Systems, Sport Facility Operations, Marketing and Sales, Finance and Budget, Legal Responsibilities and Security, and Sport Facility Preparation and Event Management.

PED285 - Exercise Physiology

4 credits

Catalog Description: Examines the functional capacity and the adaptations of the human body to the demands of sport and exercise. Metabolic, cardiovascular, and neuromuscular adjustments in relationship to exercise of varying intensities and duration will be studied. Additional topics include the relationship between physical activity and various diseases, as well as, the effects of ergogenic aids commonly used in sport and exercise.

PED296 - Dance for Musical Theatre

3 credits

Catalog Description: Introduces student to contemporary/popular musical theatre movement techniques and choreographers. Surveys history and aesthetics of the time period selected through studio work, video, film, text and discussion. Includes rehearsal and performance of a final dance project.

Phlebotomy

PHB101 - Phlebotomy

4 credits

Catalog Description: This course is designed to gain the knowledge in technical and procedural

aspects of both adult and pediatric phlebotomy required to become a Phlebotomy technician. Concepts in infection control, legal issues, supplies, special collection and basic clerical skill used for patient interaction are included. This course prepares students to take the national certification exam to become a Phlebotomist.

Philosophy

PHI101 - Introduction to Philosophy

3 credits

Catalog Description: Introduces major ideas and philosophers of the Western Hemisphere. Defines and analyzes a number of these ideas and develops a historical progression.

PHI102 - Logic

3 credits

Catalog Description: Introduces principles of good argument and techniques developed by logicians for use in mathematics, philosophy, and the other sciences. Practices defining and solving problems in informal fallacies, logical reasoning and symbolic expression.

PHI103 - Ethics

3 credits

Catalog Description: Engages in dialog to work toward a definition of good and evil as expressions of society's evolving values. Examines a variety of controversial moral issues from daily experience and explains the contradictory solutions people reach by appealing to different philosophical premises.

PHI104 - Philosophy of Religion

3 credits

Catalog Description: Engages in dialectic among students and demonstrates the art of countering an argument with an argument. Enquires into the meaning, nature, and problems concerning the existence of God and the religious experience. Explores both evidential and non-evidential justifications for the existence of God, as well as atheistic justification for the non-existence of God.

Photography

PHO103 - Introduction to Black & White Photography

3 credits

Catalog Description: Presents fundamentals of camera operation and principles of visualization and composition. Emphasizes darkroom procedures, film processing, and selective printing techniques. Two class hours, two lab hours. Students must provide their own photographic supplies.

PHO105 - Intermediate Photography

3 credits

Catalog Description: Explores precise control of exposure, image processing workflow, and location/studio lighting techniques. Discusses artistic and commercial aspects of photography. Portfolio development. Two class hours, two lab hours. Students must provide their own fully adjustable manual shutters speed and aperture camera and photographic supplies. Prerequisite: PHO103 or PHO118.

PHO118 - Introduction to Digital Photography

3 credits

Catalog Description: Presents the fundamentals of digital image capture using cameras and scanners. Emphasizes the making of images and the interpretation of their character in terms of subject and form: Classical photography with digital technology. Emphasizes the post-production work needed to bring images to an audience electronically, rather than intensive post-production experience with image manipulation, special effects, “new media,” or animation. Student to supply his or her own adjustable manual shutters speed and aperture digital camera and photographic supplies, batteries, memory cards and any necessary hardware accessories or software accessories to make the camera functional. Two class hours, two lab hours.

Physics

PHY100 - How Things Work

3 credits

Catalog Description: Explores the physical world and its impact on human life, including the basic principles of mechanics, thermodynamics, electricity, magnetism, waves, optics, and atomic physics. Recommended for students pursuing nontechnical majors. Two class hours and two laboratory hours. Prerequisite: Basic arithmetic skills equivalent to MAT091.

PHY121 - College Physics 1

4 credits

Catalog Description: An algebra/trigonometry based introduction to physics for career or transfer students with majors somewhat, but not closely, related to physics. Topics include one and two dimensional motion, Newton's laws, energy, momentum, rotation, statics, fluid mechanics, heat and thermodynamics, and special relativity. Three class hours, three lab hours. Fall only. Prerequisite: MAT 121 or MAT 136 or higher or by placement.

PHY122 - College Physics 2

4 credits

Catalog Description: An algebra/trigonometry based introduction to physics for career or transfer students with majors somewhat, but not closely, related to physics. Topics include Coulomb's law, potential, Kirchhoff's laws, capacitance, magnetic fields, induction, RC, RL and LC circuits, alternating currents, sound, electromagnetic waves, standing waves, interference, optics, atomic and nuclear physics. Three class hours, three lab hours. Spring only. Prerequisite: MAT 121 or MAT 136 or higher or by placement.

PHY131 - Physics With Calculus 1

4 credits

Catalog Description: Introduces fundamental principles of physics. Includes one and two dimensional motion, Newton's laws, energy, momentum, rotation, statics, harmonic motion, waves, gravitation, fluid mechanics, heat, and ideal gases. A calculus based physics course for students in science and engineering related programs. Three class hours, three lab hours.

Fall only. Prerequisite or corequisite: MAT 141 or higher or by placement.

PHY132 - Physics With Calculus 2

4 credits

Catalog Description: Introduces electric fields of discrete and continuous charges, Gauss's law, potential, DC circuits, capacitance, magnetic fields, Ampere's law, induction, Maxwell's equations, AC circuits, and thermodynamic processes and laws. Three class hours, three lab hours. Spring only. Prerequisites: PHY131 and MAT 142 (MAT 142 can be taken concurrently with PHY 132).

PHY133 - Physics With Calculus 3

4 credits

Catalog Description: Introduces waves, standing waves, optics, interference and diffraction, electromagnetic waves, special relativity, wave-particle duality, the Bohr atom, wave functions, Schrodinger's equation and hydrogen molecules, solids, radioactivity and nuclear physics, and elementary particles. Three class hours, three lab hours. Spring only. Prerequisite or corequisite: PHY 132.

PHYLB1 - Physics 1 Lab

0 credit

Catalog Description:

PHYLB2 - Physics 2 Lab

0 credit

Catalog Description:

PHYLB3 - Physics 3 Lab

0 credit

Catalog Description:

PHYLB6 - College Physics 2 Lab

0 credit

Catalog Description: This is the required lab for PHY 122, College Physics 2.

Paralegal

PLG114 - Introduction to Legal Studies

3 credits

Catalog Description: Introduces structure and procedures of the American federal and state judicial systems, the legislative process, legal

reasoning and research, the litigation process, and several substantive areas of law. Includes the canons of legal ethics and the role and responsibilities of a paralegal.

PLG116 - Commercial Law

3 credits

Catalog Description: Provides in-depth analysis of contract law. Introduces Article 2 of the Uniform Commercial Code, agency relationships, and sole proprietorships, partnerships and corporations. Prerequisite: PLG 114 or consent of program director. Students cannot earn credit for both PLG116 and for either BUS205 or BUS206.

PLG122 - Tort Law

3 credits

Catalog Description: Examines the principles of premises and personal liability, including intentional tort law, negligence law, product liability, strict liability, mass tort liability and affirmative defenses to causes of action sounding in tort liability.

PLG125 - Civil Litigation

3 credits

Catalog Description: Examines civil procedure in state and federal courts and provides indepth analysis of the litigation process emphasizing the function of the paralegal within the process. Applies the rules of civil procedure by analyzing fact patterns, drafting pleadings, and organizing information for trial preparation. Prerequisite: PLG 114 or consent of the program director

PLG201 - Legal Research and Writing

4 credits

Catalog Description: Uses a law library, performs legal research, analyzes legal problems, and writes a legal memorandum. Locates and uses both primary and secondary legal resources to solve legal problems and to present solutions in the appropriate legal format. Introduces use of databases and the Internet as legal research tools and resources. Prerequisite: PLG 114 or consent of the program director.

PLG203 - Legal Technology & e-Discovery

3 credits

Catalog Description: This course will cover the fundamentals of computer technology to accomplish tasks performed by professionals in the legal industry. Topics examined include software applications involving document creation, assembly and management. Practical experience will be gained with Microsoft Office, presentation tools, legal timekeeping and billing software, case management, docket control software and litigation support software that includes E-filing, electronic discovery and ethical considerations.

PLG221 - Real Estate Law

3 credits

Catalog Description: Examines the law of real property including the common types of concurrent ownership, surveys, easements, encumbrances, zoning ordinances, real estate contracts, mortgages, deeds, title examination, title insurance, closing preparation, closing documents and leases. Prerequisite: PLG 114 or the consent of program director.

PLG225 - Trusts and Estates

3 credits

Catalog Description: Study the essential legal requirements of last wills and testaments, trusts and estate planning. Procedures for the probate and administration of estates will be covered in detail. Prerequisite: PLG114 or consent of program director.

PLG231 - Family Law

3 credits

Catalog Description: Examines the laws of marriage, separation, annulment, divorce, paternity and adoption, with special attention given to spousal support, property distribution, child support, child custody and visitation. Emphasizes document preparation and court procedures. Prerequisite: PLG 114 or consent of the program director.

PLG253 - Paralegal Internship

3 credits

Catalog Description: Provides opportunity to use and refine paralegal, organization and communication skills in a supervised, law-related work site. Prerequisite: An overall average of C or better in all paralegal courses and a grade of B or higher in PLG 201, and consent of the program director.

Prior Learning Portfolio**PLP190 - Learning at the College Level**

1 credit

Catalog Description: This course will provide students with the basic tools necessary to compile and assemble a learning portfolio, which may be used as the basis for the awarding of college credit for learning acquired outside of the classroom.

Political Science**POS101 - American Government**

3 credits

Catalog Description: Introduces constitutional development and present practice of American government. Emphasizes the functional operation of the legislative, executive, and judicial branches of government. Examines the role of political parties and the individual.

POS103 - American State and Local Government

3 credits

Catalog Description: Introduces organization, structure, and function of state, county, regional, and municipal government, with special attention given to New York State government.

POS105 - Rights, Liberties, and Justice

3 credits

Catalog Description: Examines the role of the U.S. Supreme Court as guardian and interpreter of the Constitution. Situates landmark cases within their historical and political context, and builds the critical thinking skills necessary for students to reflect on the significance of the Court's rulings for their own lives.

POS107 - American Political Parties

3 credits

Catalog Description: Introduces the theoretical and practical perspectives of American political parties. Examines the origin, structure and operation of the parties. Lecture: 3 hrs.

POS108 - Rights, Liberties and Justice for All: Constitutional Law for a Changing America

3 credits

Catalog Description: Highlights the centrality of law and legal discourse in American history and society with particular attention given to the role of the U.S. Supreme Court as guardian and interpreter of the Constitution. Situates landmark cases within their historical and political context, and builds the critical thinking skills necessary for students to reflect on the significance of the Court's rulings for their own lives.

POS203 - International Relations

3 credits

Catalog Description: Examines the collective interactions of a range of actors on the global stage from nations and states to non-governmental organizations and multinational corporations. Introduces and applies theories and concepts to help students discern recurring patterns. Topics include the rise and decline of great powers, nuclear proliferation, terrorism, the globalization of trade and finance, global inequalities, human rights, and ecological sustainability.

POS210 - The American Presidency

3 credits

Catalog Description: Examines the historical foundations, theoretical aspects, and the powers of the presidency. Students will explore the various models of presidential power, the major issues scholars are investigating, and will complete a project based on observation, hypothesis development, collection of data, evaluation of evidence, and interpretive analysis. (This course will only be offered in the spring semester of a presidential election year.)

Psychology

PSY101 - General Psychology

3 credits

Catalog Description: Introduces the scientific study of human and animal behavior. Topics include basic methodology, motivation, emotion, learning, memory, human development, personality, psychological disorders, and therapy. Prerequisite: completion of the Genesee Community College reading proficiency.

PSY104 - Introduction to Psychology

3 credits

Catalog Description: Introduces the power and potential of psychology in real world contexts through an examination of the five pillars of psychological science: biological, cognitive, developmental, social, mental and physical health. Emphasizes the importance of critical thinking, scientific research, ethical standards and sociocultural competence. Prerequisite: Completion of the Genesee Community College reading proficiency.

PSY106 - Human Sexuality

3 credits

Catalog Description: Comprehensive survey of research in human sexuality. Topics include childhood and adolescent sexuality, marital and extramarital sex, sexual orientation, self-pleasuring, pornography, prostitution, and the sexuality of the elderly. Presents the research methodology employed in this field and the fundamental findings that have been discovered. Fall only.

PSY201 - Social Psychology

3 credits

Catalog Description: Examines individual behavior in social settings. Discusses research methodology, social cognition, attitudes, group behavior, social influence, prejudice, aggression, altruism, and interpersonal attraction. Prerequisite: PSY104 or SOC101.

PSY202 - Survey of Psychopathology

3 credits

Catalog Description: Surveys mental and behavioral pathologies observed in western society. Explores causes, characteristic symptoms, and treatments, historical perspectives, diagnosis and classification, and relevant research. Prerequisite: PSY104.

PSY203 - Dev Psychology Across Lifespan
3 credits

Catalog Description: A study of the development of human behavior throughout the life cycle (conception to death). Emphasizes the principles of physical, social/emotional, and cognitive development as well as the interaction of heredity and the environment. Prerequisite: PSY 104.

PSY204 - Psychology of Adulthood and Aging
3 credits

Catalog Description: Analyzes theories and research in adult development. Emphasizes the interactive effects of all areas of development along with the interaction of heredity and environment. Prerequisite: PSY104.

PSY210 - Child Development
3 credits

Catalog Description: This course reviews human cognitive, psychosocial, and physical/motor development from conception through pre-adolescence. Effects of the interaction of heredity and environment are considered, with special emphasis upon the latter. Prerequisite: PSY 104.

PSY211 - Adolescent Development
3 credits

Catalog Description: Examines the unique nature and course of adolescent development including biological, cognitive, emotional and social development within the contexts of family, peers, school and society. Emphasizes the interactive effects of heredity and environment on all aspects of development, with special emphasis on the latter. Prerequisite: PSY 104

PSY250 - Statistics for the Social Sciences
3 credits

Catalog Description: Presents an overview of techniques used by social scientists for organizing, computing, interpreting, presenting and reporting data in American Psychological Association (APA) documentation style. Emphasis will be on analysis within the context of social science research paradigms. Specific topics include: measures of central tendency, variability, and shape; tests of association and inference. Prerequisites: C or higher in PSY 104. Completion of the Genesee Community College Math Proficiency. B- or higher in MAT 092 or C or higher in MAT 102 or C or higher in MAT 121 or permission from instructor.

Physical Therapist Assistant

PTA101 - Physical Therapy Interventions 1
3 credits

Catalog Description: Introduces medical terminology, common pathologies, abbreviations, and documentation pertinent to the role of the physical therapist assistant. Develops skills for fundamental physical therapy treatments. Includes draping and positioning of patients, transferring and lifting of patients, palpation of anatomical landmarks, goniometry, massage, gait training with assistive devices, and utilization of selected thermal agents. Prerequisite: Acceptance into the PTA program. Corequisites: PTA 106 and PTA LB1.

PTA102 - Physical Therapy Interventions 2
3 credits

Catalog Description: Acquires cognitive and psychomotor skills in orthopedics, therapeutic exercises, vital signs, infection control practices, traction, intermittent compression, ultrasound and hydrotherapy. Integrates knowledge of clinically relevant pathological conditions into treatment of orthopedic patients with co-morbidities. Prerequisites: BIO 152, PTA101, PTALB1 and PTA 106 each with a grade of 'C' or higher. Corequisite: PTA LB2.

PTA106 - Introduction to Physical Therapy
2 credits

Catalog Description: Introduces students to the field of physical therapy and the role of the

Physical Therapist Assistant (PTA). Explores interpersonal skills and professionalism relevant to the health care environment. Addresses interactions between PTA and patients, therapists, and other health care team members. Advances concepts of social and cultural competency, confidentiality, HIPAA, and professional responsibilities. Addresses state laws and professional therapy association positions and their integration into clinical policies and procedures. Covers computer literacy, on-line medical research, effective study skills, and continuing professional development. Prerequisite: Acceptance into the PTA program. Co-requisites: PTA 101 and PTALB1.

PTA110 - Kinesiology

2 credits

Catalog Description: Introduces mechanical concepts (e.g., force and torque) integral to the understanding of resisted exercise systems. Explores selected biomechanical principles, especially those related to musculoskeletal performance during exercise and gait. Includes regional functional anatomy, with emphasis on normal joint and muscle function, clinical pathologies, and acquisition of skill in palpating superficial anatomic structures. Prerequisite: BIO 152 with a grade of “C” or higher. Corequisite: PTALB3.

PTA121 - Clinical Experience 1

3 credits

Catalog Description: The student will apply physical therapy procedures to patients, under the supervision of a licensed physical therapist or physical therapist assistant, at a physical therapy clinical affiliation site. Emphasis is placed on safe, professional, ethical, and competent treatment implementation and patient interactions. Students will develop personal communication skills and take an active role and responsibility for their professional development. Prerequisites: PTA 102, PTALB2, PTA 110, PTA LB3 and BIO 153 each with a grade of C or better. Student must have current certification in Adult & Pediatric 1st Aid/CPR/AED or equivalent.

PTA202 - Applied Neurology

3 credits

Catalog Description: Provides a basic understanding of how the human nervous system works and explores common neuropathies that impair health and functioning. Presents clinically relevant aspects of normal neuroanatomy and basic neurophysiology as a background for understanding disorders of the human nervous system. Assists in comprehending important clinical concepts related to abnormal neurological conditions in order to substantiate therapeutic rationale for physical therapy treatment techniques taught in the PTA curriculum. One lecture and two seminar hours a week. Prerequisite: BIO152. Corequisite: PTA203 and PTALB4.

PTA203 - Physical Therapy Interventions 3

3 credits

Catalog Description: Explores the principles in the selection of procedural interventions, associated data collection, and communication, including written documentation associated with safe, effective, and efficient practice. Identifies common 'Red Flags' and their implications for the safe delivery of interventions, will be highlighted. Explores the clinical presentation of pain, integumentary pathologies (including burn trauma) and common pathologies/conditions of the pulmonary and cardiac systems. Application and clinical decision making of procedural interventions using electrotherapy, electromagnetic and light therapies, wound/burn care, and cardiopulmonary rehabilitation are explored. Reviews the biopsychosocial model to health and wellness and reviews the foundations of clinical decision making and the impact of related comorbidities within other body systems including the endocrine, metabolic, gastrointestinal, and lymphatic systems. Prerequisites: PTA102, PTALB2 and BIO 153 with grade of C or higher. Corequisites: PTA 202 and PTA LB4.

PTA208 - Physical Therapy Interventions 4

3 credits

Catalog Description: Explores principles of motor behavior in neurological rehabilitation throughout the lifespan. Emphasizes motor control, motor learning, locomotor training and neurological therapeutic exercises. Addresses architectural barriers, training in daily living activities, orthotics, and prosthetics. Integrates the biopsychosocial model and knowledge of clinically relevant pathological conditions into clinical decision making for the performance of data collection, selection of interventions, and related communications in treatment of neurological patients with co-morbidities. Highlights safe, effective, and efficient practice through delineation of common 'Red Flags' to terminate unsafe interventions or practice conditions. Prerequisite: PTA 203 and PTA LB4 with a grade of "C" or better. Corequisite: PTA LB5.

PTA222 - Clinical Experience 2

4 credits

Catalog Description: The student will apply physical therapy procedures to patients under the supervision of a licensed physical therapist or physical therapist assistant at a physical therapy clinical affiliation site. The student will be expected to expand on the skills developed during their first clinical experience. Emphasis is placed on safe, professional, and competent treatment implementation and patient interactions. Students will continue to develop personal communication skills and are responsible for continued professional development. Prerequisite: PTA 121, PTA 202, PTA 203, and PTALB4 each with a grade of 'C' or higher. Student must have current certification in Adult & Pediatric 1st Aid/CPR/AED or equivalent.

PTA223 - Clinical Experience 3

5 credits

Catalog Description: The student will apply physical therapy assessments and interventions to patients / clients under the supervision of a licensed physical therapist or physical therapist assistant at a physical therapy clinical affiliation site. The student will be expected to expand on

the skills developed during their first two clinical experience and didactic instruction. Emphasis is placed on reaching entry-level performance in preparation for entrance into the work force. The student will educate clinic staff through a professional in-service on a topic appropriate for the clinical setting. Student must have current certification in Adult & Pediatric 1st Aid/CPR/AED or equivalent.

PTALB1 - Lab for PTA101

2 credits

Catalog Description: PTA LB1 is the application of didactic instruction for PTA101 and a required co-requisite. Skills and performance in PTA LB1 are assessed as a component of PTA 101 and therefore, must be successfully completed in addition to all the requirements for PTA 101. Co-requisites: PTA101 and PTA106

PTALB2 - Lab for PTA102

2 credits

Catalog Description: PTA LB2 is the application of didactic instruction for PTA102 and a required co-requisite. Skills and performance in PTA LB2 are assessed as a component of PTA 102 and therefore, must be successfully completed in addition to all the requirements for PTA 102. Co-requisite: PTA 102

PTALB3 - Kinesiology Lab

1 credit

Catalog Description:

PTALB4 - Lab for PTA203

2 credits

Catalog Description: PTALB4 is the application of didactic instruction for PTA203 and a required co-requisite. Skills and performance in PTALB4 are assessed as a component of PTA203 and therefore, must be successfully completed in addition to all the requirements for PTA203. Co-requisite: PTA203

PTALB5 - Lab for PTA208

2 credits

Catalog Description: PTALB5 is the application of didactic instruction for PTA208 and a required co-requisite. Skills and performance in PTALB5

are assessed as a component of PTA208 and therefore, must be successfully completed in addition to all the requirements for PTA208. Co-requisite: PTA208.

Solar (Photovoltaic)

PVO101 - Intro to Solar Electric

4 credits

Catalog Description: Intro to Solar Electric covers the fundamentals of solar energy collectors including various components, system architectures, and applications for photovoltaic systems. Topics include basic electricity and electrical design characteristics such as wiring, overcurrent protection, and grounding; a detailed look at module and inverter specifications and characteristics; mounting methods for various roof structures and ground-mounts; and an introduction to safely and effectively commissioning grid-direct systems.

PVO102 - Solar Design and Installation

4 credits

Catalog Description: Solar Design & Installation covers site analysis and load analysis for solar electric systems including application factors such as climate and orientation for stand-alone and grid-tied systems. Topics include site evaluation, load analysis, solar radiation fundamentals, energy efficiency, battery installation, and system sizing. Pre-requisite: PVO 101.

PVO103 - Solar Codes and Standards

4 credits

Catalog Description: Solar Codes & Standards provides a thorough study of the National Electric Codes (NEC) as applied to the installation and maintenance of solar electric grid-tied and stand-alone systems and advanced troubleshooting techniques. Topics will include: wire coding, types, gauge, sizing, ampacity and voltage limitations, conduit, weatherproofing, grounding, high voltage and low voltage rapid shut-downs. Electrical safety is reinforced and emphasized. Students will be familiarized with the national solar organizations and standard setting agencies including National Fire

Protection Association (NFPA). Pre-requisite: PVO 101.

PVO104 - Solar Business and Finance

3 credits

Catalog Description: Solar Business and Finance is a comprehensive examination and orientation to working in the solar electric / photovoltaic industry. Topics will include marketing and sales; electricity rates, savings, and incentive structures; financial cost benefit analysis and financing options. Orientation and preparation for industry certifications in the Solar industry are provided. Pre-requisite: PVO 101.

Respiratory Care

RCP101 - Respiratory Care 1

2 credits

Catalog Description: Introduces major concepts of respiratory care, including cardiopulmonary assessment, oxygen therapy, pulmonary function testing, and the therapeutic rationale for these procedures. Laboratory includes hands-on practice of respiratory care procedures and critical thinking skills. Prerequisite or corequisite: BIO 152 with a grade of "C" or higher. Corequisite: RCP LB1.

RCP103 - Cardiopulmonary Anatomy/Physiology

3 credits

Catalog Description: Examines the control and function of the cardiopulmonary system and how it relates to other body organ systems. Explores cardiac and pulmonary physiology and pathophysiology in the neonatal, pediatric, adult, and geriatric patient. Prerequisite or corequisite: BIO 105 or BIO 152 with a grade of "C" or higher.

RCP108 - Medical Terminology for Health Studies

1 credit

Catalog Description: Provides an overview of medical terminology. This includes prefixes, suffixes, word roots, terms, and abbreviations.

RCP114 - Respiratory Care 2

2 credits

Catalog Description: Provides rationale and delivery of airway management, bronchial hygiene therapy, hyperinflation therapy, humidity and aerosol medication procedures. Prerequisite or corequisite: BIO153 with a grade of “C” or higher. Prerequisites: RCP101, RCPLB1 and RCP103 each with a grade of “C” or higher. Corequisite: RCPLB2.

RCP115 - Mechanical Ventilation 1

2 credits

Catalog Description: Introduces the principles, effects, and classification of mechanical ventilation. Discusses current theory relative to modes, initiation, monitoring, and graphical interpretation. Corequisite RCPLB3.

Prerequisites: RCP101, RCPLB1 and RCP103 with a grade of “C” or higher. Prerequisites or corequisites: BIO153 with a grade of “C” or higher.

RCP116 - Mechanical Ventilation 2

1 credit

Catalog Description: A continuation of RCP115. Discusses current theory in the management of a patient on mechanical ventilation, weaning from life support, and home care ventilation issues. Case studies involving all aspects of RCP115 and RCP116 in the management of multiple disease states and trauma care. Corequisite: RCPLB4. Prerequisite: RCP114 and RCP115 each with a grade of “C” or higher.

RCP117 - Respiratory Pharmacology

1 credit

Catalog Description: Introduces general and specific respiratory pharmacological principles, including drug calculations, the autonomic nervous system, and delivery methods. Explores drugs used in the treatment of asthma, chronic bronchitis, chronic obstructive pulmonary disease (COPD) and other pulmonary disorders. Prerequisites RCP114 and RCP115 with a C or better Lecture: 1 hr.

RCP118 - Clinical Practice 1

2 credits

Catalog Description: Opportunity to practice cardiopulmonary assessments, respiratory care procedures, critical thinking, and professionalism in a supervised clinical rotation at an area hospital. Prerequisite RCP114 and RCP115 each with a grade of “C” or higher.

RCP202 - Cardiopulmonary Pharmacology

2 credits

Catalog Description: Introduces general pharmacological principles and management relative to the cardiopulmonary system. Includes management and treatment of specific cardiopulmonary disorders and drugs used in advanced cardiac life support (ACLS).

Prerequisite: RCP117.

RCP203 - Neonatal and Pediatric Respiratory Care

3 credits

Catalog Description: Explores neonatal and pediatric respiratory care beginning with the developmental changes in utero, the transition at birth, and the continuing development thereafter. Examines the risks and problems associated with these developments and the procedures and rationales for delivering the appropriate respiratory care. Reviews specific neonatal and pediatric disease states, and their treatment relative to respiratory care. Prerequisite: RCP116, RCP 117, and RCP 118 each with a grade of “C” or higher.

RCP204 - Cardiopulmonary Disease

2 credits

Catalog Description: Examines categories of pulmonary diseases including etiology, detection, management, treatment, and prognosis.

Prerequisite: RCP114 and RCP 116 each with a grade of “C” or higher.

RCP209 - Cardiopulmonary Diagnostics

3 credits

Catalog Description: Introduces equipment used to monitor patients and diagnose cardiopulmonary diseases. Interprets clinical information obtained from pulmonary function testing, electrocardiography, and

hemodynamics. Prerequisite: RCP114 and RCP 116 each with a grade of “C” or higher.

RCP210 - Clinical Practice 2

5 credits

Catalog Description: Provides respiratory care clinical experiences at specialty sites such as hospital operating rooms, sleep medicine clinics, and pulmonary function testing areas. Applies cardiopulmonary assessment, critical thinking and respiratory care knowledge to adult patients. Requires demonstration of knowledge by completing a mock certification exam.

Supervised respiratory care at adult critical care rotation sites. Prerequisite: RCP118 with a grade of “C” or higher.

RCP216 - Clinical Practice 3

5 credits

Catalog Description: Provides respiratory care clinical experiences in home care, hyperbaric oxygen therapy, neonatal/pediatric intensive care, pulmonary rehabilitation, long-term care and adult critical care sites. Fine-tunes cardiopulmonary assessment skills by applying four academic terms of respiratory care knowledge to patient care. Specialized supervised respiratory care rotations (384 hours required). Prerequisite: RCP210 with a grade of “C” or higher.

RCP218 - Respiratory Care 3

2 credits

Catalog Description: Reinforces the total respiratory education through the use of prior national board exam questions in an interactive format. Introduces teaching skills through preparation and presentation of a classroom lecture. Requires demonstration of knowledge by completing a mock registry exam. Prerequisite: RCP 210 with a grade of “C” or higher.

RCPLB1 - Lab for RCP101

1 credit

Catalog Description: RCPLB1 is the application of didactic instruction for RCP101 and a required co-requisite. Skills and performance in RCPLB1 are assessed as a component of RCP101 and therefore must be successfully completed in

addition to all the requirements for RCP101. Corequisite: RCP101. Prerequisite or corequisite: BIO152 with a grade of “C” or higher.

RCPLB2 - Lab for RCP114

1 credit

Catalog Description: RCPLB2 is the application of didactic instruction for RCP114 and a required co-requisite. Skills and performance in RCPLB2 are assessed as a component of RCP114 and therefore must be successfully completed in addition to all the requirements for RCP114. Prerequisite or corequisite: BIO153 with a grade of “C” or higher. Prerequisites: RCP101, RCPLB1 and RCP103 each with a grade of “C” or higher. Corequisite: RCP114

RCPLB3 - Lab for RCP115

1 credit

Catalog Description: RCPLB3 is the application of didactic instruction for RCP115 and a required co-requisite. Skills and performance in RCPLB3 are assessed as a component of RCP115 and therefore must be successfully completed in addition to all the requirements for RCP115. Corequisite RCP115. Prerequisites: RCP101, RCPLB1 and RCP103 with a grade of “C” or higher. Prerequisites or corequisites: BIO153 with a grade of “C” or higher.

RCPLB4 - Lab for RCP116

1 credit

Catalog Description: RCPLB4 is the application of didactic instruction for RCP116 and a required co-requisite. Skills and performance in RCPLB4 are assessed as a component of RCP116 and therefore must be successfully completed in addition to all the requirements for RCP116. Corequisite: RCP116. Prerequisite: RCP114 and RCP115 each with a grade of “C” or higher.

RCPLB5 - Mechanical Ventilation 1 Lab

0 credit

Catalog Description:

Reading

REA091 - Building Successful Reading Habits

3 credits

Catalog Description: Improves basic reading and vocabulary skills. Expands reading comprehension from literal to inferential understanding of text. Advances effective dictionary use and spelling accuracy and promotes personal lifelong reading habits. This class carries institutional credit but cannot be applied toward any degree or certificate program. Prerequisite: Placement test score or permission of instructor.

REA101 - Reading in the Disciplines

3 credits

Catalog Description: Introduces literal and critical reading skills essential for successful collegiate level course work. Increases vocabulary and critical thinking skills for comprehending text in all discipline areas. Promotes personal lifelong reading habits. Requires demonstration of ability to read beyond twelfth-grade level, based on standardized measures and class work. This course may be used as a general elective. Successful completion of this course meets the College's reading requirement for graduation. Prerequisite: REA 091 or IRW 091 with a grade of "C" or higher, or concurrent enrollment in IRW 091, or by placement.

Sociology

SOC101 - Introductory Sociology

3 credits

Catalog Description: Introduces the scientific study of human society and social life. Provides students with a general overview of the basic concepts, theoretical perspectives, and methods used within the discipline of sociology. Analyzes social and cultural processes, group interaction in everyday life, and the structure, patterns, and organization of society. Describes the historical and contemporary societal factors that shape inequality based on class, race, gender, and

sexuality, both in the U.S. and globally. Examines subfields such as, crime and deviance, the economy, politics, family, aging, health and medicine, collective behavior, and social movements. Prerequisite or corequisite: Completion of the Genesee Community College reading proficiency.

SOC102 - Social Problems

3 credits

Catalog Description: Examines social problems such as racism, inequality, sexism, delinquency, deviancy, urban growth, over-population, and global stratification. Studies social problems and their sources, theoretical approaches to the study and potential resolution of social problems. Prerequisite: SOC101.

SOC103 - Marriage and the Family

3 credits

Catalog Description: Examines patterns of marriage, family, and intimate relationships from a variety of perspectives. Emphasizes functions and alternative structures of American marriage and family patterns. Explores problems and potential adjustments confronting marriage and family within the context of social change. Prerequisite: SOC101.

SOC204 - Human Diversity

3 credits

Catalog Description: Examines the definition of human diversity in American culture, including ethnicity, race, gender, sexual orientation, poverty, and religion. Identifies the misinformation that perpetuates the exclusion of diverse groups from mainstream opportunities, and differentiates covert acts, institutional policies, and ideologies that promote the exclusion of diverse groups. Provides an awareness of the student's own diversity and how their feelings and worldviews might differ from other diverse groups, and how those differences may influence behaviors positively and/or negatively.

SOC205 - Human Diversity and Social Justice

3 credits

Catalog Description: Examines the definition of human diversity in American culture, including ethnicity, race, gender, sexual orientation, poverty, and religion. Identifies the misinformation that perpetuates the exclusion of diverse groups from mainstream opportunities, and differentiates covert acts, institutional policies, and ideologies that promote the exclusion of diverse groups. Provides an awareness of the student's own diversity and how their feelings and worldviews might differ from other diverse groups, and how those differences may influence behaviors positively and/or negatively.

SOC210 - Criminology

3 credits

Catalog Description: Presents an interdisciplinary analysis of criminal and delinquent behavior in contemporary society. Familiarizes students with theories of causation and control, types of delinquency and criminality, and the basics of the criminal justice system. Examines the definition and measurement of crime, types of crime, theories of crime causation and social policy issues involving crime prevention. Prerequisite: SOC101.

Spanish

SPA101 - Elementary Spanish 1

3 credits

Catalog Description: Develops Spanish listening, speaking, reading and writing skills at the novice level. Develops cultural awareness and introduces concepts of cultural diversity and tolerance. Emphasizes ability to use and understand basic Spanish in context. See placement guidelines on Advisement Homepage. Instructor determines final placement.

SPA102 - Elementary Spanish 2

3 credits

Catalog Description: Strengthens Spanish listening, speaking, reading and writing skills acquired in Elementary Spanish I. Emphasizes the ability to use and understand Spanish in context at the high-novice level. Prepares students to interact with members of diverse

cultures. See Advisement Homepage for Placement Guidelines. Instructor determines final placement. Prerequisite: SPA 101 or equivalent.

SPA201 - Intermediate Spanish 1

3 credits

Catalog Description: Enhances Spanish listening, speaking, reading and writing skills at the intermediate level. Prepares students to interact with native speakers in everyday settings. Increases depth and breadth of linguistic and cultural understanding. Instruction occurs in Spanish with some explanation in English. See placement guidelines on Advisement Homepage. Instructor determines final placement. Prerequisite: SPA 102 or equivalent. Typically offered Fall only.

SPA202 - Intermediate Spanish 2

3 credits

Catalog Description: Strengthens Spanish listening, speaking, reading and writing skills acquired in Intermediate Spanish I. Prepares students to use real-world application of language and cultural skills and knowledge in their chosen field at the high-intermediate level. See placement guidelines on Advisement Homepage. Instructor determines final placement. Prerequisite: SPA 201 or equivalent. Typically offered Spring only.

Speech

SPE102 - Voice and Articulation

3 credits

Catalog Description: Enables public speakers to improve voice, articulation, analysis of performance pieces, and stage presence. Covers both the process used in creating voice and the application of process to use and control pitch, loudness, quality, and rate. Includes aspects of nonverbal communication, and use of the International Phonetic Alphabet to explore dialects. Increases the ability to form the proper placement and sounds of the IPA so the speaker can speak with a General American Dialect. Develops critical thinking through analyzing texts through research and performance.

SPE108 - Public Speaking

3 credits

Catalog Description: Develops listening and organizational skills and the ability to present messages effectively in public speaking situations. Primary instructional strategies are theory-model-practice and evaluation.

SPE109 - Interpersonal Communication

3 credits

Catalog Description: Introduces communication theories affecting interpersonal and small group situations. Students participate in a limited number of group and role-playing activities in order to demonstrate the theoretical aspects of the process of interpersonal communication.

Theatre**THE101 - Introduction to Theatre**

3 credits

Catalog Description: Introduces literature, history, production practices, and musical theatre components of theatre arts.

THE103 - Fundamentals of Acting

3 credits

Catalog Description: Introduces basic acting techniques with emphasis on personal characterization. Student actors strengthen their self-knowledge and determine a unique point of view through individual and group improvisations, sensory exploration and text work.

THE105 - Introduction to Musical Theatre

3 credits

Catalog Description: Introduces musical theatre form, personnel involved in the making of a musical, and a brief history. Includes audition techniques, song preparation from various stylistic periods, and performances of musical repertoire.

THE106 - Stagecraft

3 credits

Catalog Description: Familiarizes students with the techniques and materials of theater set construction. Explores the responsibilities of technical personnel, safety practices and the

organization of a backstage run crew. Introduces CAD drawing within a theater context.

Corequisite: THE 116.

THE116 - Theatre Practicum

1 credit

Catalog Description: Introduces technical, performance, and front-of-house activities in college theatrical productions. Students may enroll four times for a maximum of four credits but may not enroll in more than two theatre practicum courses in the same term. Forty-five (45) activity hours to be arranged. Credit in this course will not satisfy Fine Arts requirement in any degree program and will transfer only as a general elective credit.

THE117 - Theatre Practicum

1 credit

Catalog Description: Introduces technical, performance, and front-of-house activities in college theatrical productions. Students may enroll four times for a maximum of four credits but may not enroll in more than two theatre practicum courses in the same term. Forty-five (45) activity hours to be arranged. Credit in this course will not satisfy Fine Arts requirement in any degree program and will transfer only as a general elective credit.

THE118 - Theatre Practicum

1 credit

Catalog Description: Introduces technical, performance, and front-of-house activities in college theatrical productions. Students may enroll four times for a maximum of four credits but may not enroll in more than two theatre practicum courses in the same term. Forty-five (45) activity hours to be arranged. Credit in this course will not satisfy Fine Arts requirement in any degree program and will transfer only as a general elective credit.

THE119 - Theatre Practicum

1 credit

Catalog Description: Introduces technical, performance, and front-of-house activities in college theatrical productions. Students may enroll four times for a maximum of four credits

but may not enroll in more than two theatre practicum courses in the same term. Forty-five (45) activity hours to be arranged. Credit in this course will not satisfy Fine Arts requirement in any degree program and will transfer only as a general elective credit.

THE120 - Theatre Practicum

1 credit

Catalog Description: Introduces technical, performance, and front-of-house activities in college theatrical productions. Students may enroll four times for a maximum of four credits but may not enroll in more than two theatre practicum courses in the same term. Forty-five (45) activity hours to be arranged. Credit in this course will not satisfy Fine Arts requirement in any degree program and will transfer only as a general elective credit.

THE161 - Technical Theatre Prod. 1

3 credits

Catalog Description:

THE162 - Technical Theatre Prod. 2

3 credits

Catalog Description:

THE163 - Fundamentals of Directing

3 credits

Catalog Description: Introduces basic directing skills with emphasis on script interpretation, scoring, casting, blocking, working with actors /technical staff, rehearsal and performance.

THE202 - Theatre History 1: Greek Origins to European Renaissance

3 credits

Catalog Description: Surveys the history and development of western theatre from its Greek origins to the European Renaissance (fifteenth century) by examining the influences of architecture, politics, society, religion, and the economy in shaping theatre as an art form. Studies a variety of play genres, production practices, and theatre architecture in their historical contexts.

THE203 - Developing A Character

3 credits

Catalog Description: Explores the acting process through physical and vocal exercises, script analysis, and character interpretation. Rehearsal and performance of scenes. Prerequisite: THE103.

THE204 - Theatre History 2: Elizabethan through the Contemporary Era

3 credits

Catalog Description: Surveys history, literature, architecture and production practices of western theatre from Elizabethan England through the twentieth century.

THE205 - Audition Techniques

3 credits

Catalog Description: Explores the audition process. Prepares students to choose appropriate material for the individual actor. Reviews and continues the exploration of a variety of acting styles (Stanislavski, Method, Meisner). Teaches resume writing techniques, how to select a photographer and appropriate pictures, and interviewing skills for working with producers and directors. Works on the audition process: breaking a monologue into objectives and beats and performing several monologues in an array of genres. Prerequisites: THE103, THE203, and instructor approval

THE206 - Advanced Projects in Theatre

1 credit

Catalog Description: Offers advanced opportunities to showcase talents and gain additional expertise in an aspect of theatre-playwriting, directing, acting, scene design, costume and makeup design, lighting design, sound design, properties design, stage management, or dramaturgy. Completed projects may be submitted to the Kennedy Center American College Theatre Festival Region II Festival. Prerequisite: THE101 or THE105, and THE103 and THE106, or permission of instructor.

THE207 - Stage Management

3 credits

Catalog Description: Introduces the duties and responsibilities of stage managers, detailing best

practices for running auditions, building rehearsal reports, writing blocking notation, creating a prompt book, and calling cues. Focuses on the organizational and managerial skills required in the position of a stage manager, with emphasis on their role as the liaison between the director and the production team. Includes development of related skills, such as building rehearsal kits, documentation, mediation, and team communication.

THE210 - Introduction to Theatrical Design

3 credits

Catalog Description: Introduces theories and practices of theatrical design. Emphasizes scene design, property design, costume and/or makeup design, lighting design, and design collaboration skills. One lecture, four lab hours. Prerequisite: THE 106.

THE212 - Play Analysis

3 credits

Catalog Description: Develops ability to carefully read and analyze plays. Employs scripts from various periods and genres to explore theatre as a written, visual, and collaborative art form. Prerequisite: ENG 101

THE214 - Writing for Stage and Screen

3 credits

Catalog Description: Introduces basic techniques of writing for the stage and screen, with emphasis on structure/development, storytelling through dialogue, dramatic action, characterization, and continuous revision through workshop process. Prerequisite: Completion of ESL/ENG 100 or by placement.

THE221 - Children's Theatre

3 credits

Catalog Description: Participation in auditions, rehearsals, and production of a Children's Theatre play. Includes reading, analysis, and interpretation of children's theatre literature. Play performed before children in one of several possible settings, e.g., at the College, area schools, recreational sites, or hospital. One lecture hour, four laboratory hours.

THE236 - Lighting the Stage for Theatre and Entertainment

3 credits

Catalog Description: Introduces principles and procedures in designing and executing theatre and concert lighting. Examines the operation of lighting instruments and equipment. Two lecture, three laboratory hours.

THE238 - Live Sound for Theatre and Stage

3 credits

Catalog Description: Emphasizes sound reinforcement for live theatre and concert productions. Examines sound design and the production of sound effects in a theatrical context. Introduces basic audio recording for sound designers. Two Lecture, three lab hours as arranged with instructor.

THE256 - Field Study Placement

1 credit

Catalog Description: Introduces students to professional practical experience in production and/or performance aspects of theatre in an off-campus setting. Prerequisites: THE 101, THE 103, THE 106.

THE257 - Field Study Placement

1 credit

Catalog Description: Introduces students to professional practical experience in production and/or performance aspects of theatre in an off-campus setting. Prerequisites: THE 101, THE 103, THE 106.

THE258 - Field Study Placement

1 credit

Catalog Description: Introduces students to professional practical experience in production and/or performance aspects of theatre in an off-campus setting. Prerequisites: THE 101, THE 103, THE 106.

THE298 - Theatrical Makeup 2

2 credits

Catalog Description:

Tourism & Hospitality Management

THM101 - Introduction to Tourism and Hospitality

3 credits

Catalog Description: Overview of the tourism and hospitality industries and the role of customer service in the industry. Studies industry leaders and the different forms of industry businesses, such as independent, chain, franchised and e-commerce. Covers the daily functions of lodging and food service: management, marketing, physical facilities, human resources, cost controls and technology. Presents career options within attractions, catering, casinos, cruise ships, club management, meetings and events, resorts, restaurant management and exhibitions. Fall Face to Face only; Spring online only.

THM103 - Hotel Operations

3 credits

Catalog Description: Focuses on the organization and structure of hotel operations. Addresses organization and management responsibilities within each department, including the front office, housekeeping, engineering, and security. Examines the role of the sales and marketing department in the financial success of the hotel, and food and beverage services for their important part in the overall hotel product. Fall only.

THM114 - Food and Beverage Management

3 credits

Catalog Description: Explores all aspects of management and service of food and beverages from the customer's viewpoint as a means of understanding what makes a successful food service business. Provides a basis for understanding the responsibilities and challenges in the management of food and beverage businesses. Spring only.

THM116 - Global Destinations

3 credits

Catalog Description: Examines each major geographic region of the world, studying the geographic character of specific regions as a

tourism setting. Analyzes cultural, physical, and tourism characteristics of the locations to determine what attracts visitors to the area. Fall only.

THM118 - Principles of Event Management

3 credits

Catalog Description: Examines all aspects of event management, ranging from feasibility studies and operational planning to the importance of customer service. Evaluates marketing strategies that minimize risks and maximize audience satisfaction. The semester project entails producing an event. Spring only.

THM201 - Meeting and Convention Planning

3 credits

Catalog Description: Examines the different segments of the conventions and meetings market. Includes the development of a marketing plan for a specific property, and a service function organization plan, including detailed information on room setups, food and beverage functions, audiovisual equipment, and other aspects of group meeting business. Fall only. Prerequisites: THM101, BUS101, and ENG101 or permission of instructor.

THM202 - Destination and Resort Marketing

3 credits

Catalog Description: Examines marketing in the tourism industry, including collaborative efforts between hotels and resorts, airlines, restaurants, and tourism destinations. Explores differences between service and product marketing to demonstrate the complexities of marketing within the industry. Topics include research and analysis, plans and strategies, marketing segmentation and trends, partnerships, packaging, the distribution mix and the tourism trade, advertising, public relations, and pricing and evaluation. Prerequisites: THM101, ENG101, and BUS101 or permission of instructor.

Veterinary Technology

VET100 - Veterinary Technology Orientation

1 credit

Catalog Description: Catalog Description: The course introduces the student to the profession of the Veterinary Technician. The role of the veterinary technician in private practice and non practice settings will be examined by field trips to various businesses related to the veterinary profession. This course will also look at the history of the profession, certification process, personal and emotional issues confronting veterinary technicians. Fall only. Prerequisite: Acceptance into the Veterinary Technology program. Corequisites: VET 101, BIO 123 and BIO LB3.

VET101 - Intro to Veterinary Technology

2 credits

Catalog Description: Catalog Description: Emphasis will be placed on veterinary medical terminology with an understanding of the construction and analysis of words based on knowledge of prefixes, suffixes, root words, and combining forms. Recognition of the common species of domestic animals and the common breeds within each species. Students will develop an understanding of common husbandry practices and terms used that apply to each species. Fall only. Prerequisite: Acceptance into the Veterinary Technology program. Corequisites: VET 100, BIO 123 and BIO LB3.

VET102 - Introduction to Veterinary Technology

3 credits

Catalog Description: The course introduces the student to the profession of the Veterinary Technician. The role of the veterinary technician in private practice and non-practice settings will be examined. This course will also look at the history of the profession, certification process, personal and emotional issues confronting veterinary technicians. Recognition of the common species of domestic animals and the common breeds within each species will be covered. Students will develop an understanding of common husbandry practices and terms used that apply to each species. Fall only. Prerequisite: Acceptance into Veterinary Technology Program. BIO123/BIOLB3 as co-requisite.

VET114 - Veterinary Clinical Calculations

1 credit

Catalog Description: Emphasizes the mathematical concepts and skills used in the practice of Veterinary Technology. Topics include dosage calculations, fractions, percentages, percent solutions, fluid therapy and CRI's. Emphasis will be placed on how these techniques are used in the administration of medications and treatments for patient use. Co-requisite: VET102 and BIO123/BIOLB3.

VET124 - Veterinary Pharmacy and Pharmacology

3 credits

Catalog Description: Provide study in the area of commonly used veterinary drugs and medications. Emphasis will be placed on the classes of drugs, their use, potential side effects and contraindications, calculating drug doses, administering and dispensing drugs and medications, legal issues and record keeping. Spring only. Prerequisites: VET 102, VET 114, BIO 123, and BIO LB3 each with a grade of "C" or higher. Corequisites: BIO 124, BIO LB4, VET 209, VET LB9, VET 223, and VET LB3.

VET201 - Animal Clinic Externship 1

2 credits

Catalog Description: Catalog Description: Familiarize the student with the veterinary technician's responsibilities in the day to day operation of private /non private practices. Students spend time at private/non private practices observing in the areas of general facility management, anesthesia, routine treatments, radiology, laboratory procedures and surgery. As a result of observation of the veterinary technician in a practical applied atmosphere, students will become more familiar with the scope of the veterinary technician as a professional member of the veterinary team. Prerequisite: BIO 124, BIO LB4, VET 124, VET 223, and VET LB3 each with a grade of "C" or higher.

VET202 - Animal Clinic Externship 2

1 credit

Catalog Description: Familiarize the student with the veterinary technician's responsibilities in the day-to-day operation of private /non private practices. Students spend time at private/non private practices observing in the areas of general facility management, anesthesia, routine treatments, radiology, laboratory procedures and surgery. As a result of observation of the veterinary technician in a practical applied atmosphere, students will become more familiar with the scope of the veterinary technician as a professional member of the veterinary team. Prerequisite: VET201 with a grade of 'C' or higher or BIO124, BIOLB4, VET223, and VETLB3 with a grade of "C" or higher. Corequisites: VET 234, VET LB4, VET 245, VET LB5, VET 246 and VET LB6.

VET203 - Animal Clinic Externship 3

1 credit

Catalog Description: Familiarize the student with the veterinary technician's responsibilities in the day to day operation of private /non private practices. Students spend a time at private/non private practices observing in the areas of general facility management, anesthesia, routine treatments, radiology, laboratory procedures and surgery. As a result of observation of the veterinary technician in a practical applied atmosphere, students will become more familiar with the scope of the veterinary technician as a professional member of the veterinary team. Prerequisite: VET202 with a grade of "C" or higher.

VET212 - Veterinary Nutrition

2 credits

Catalog Description: Identify macronutrients, micronutrients, and their roles in dog and cat health. Understand pet food labels and marketing. Calculate energy requirements for various life stages and perform nutrition assessment. Examine the role of nutrition and feeding goals in disease management. Educate clients in dog and cat nutrition. Prerequisite: VET201 with a grade of "C" or higher.

VET223 - Techniques in Laboratory Animals and Exotics

2 credits

Catalog Description: A general overview of the field of laboratory animals and exotic species will be covered. Emphasis will be on husbandry, humane care, handling, nutrition, restraint, reproduction, recognition of common diseases including zoonoses, and ethical use.

Prerequisites: VET 100, VET 101, BIO 123, and BIO LB3 each with a grade of "C" or higher.

Corequisites: BIO 124, BIO LB4, and VET LB3.

VET234 - Clinical Laboratory Techniques

3 credits

Catalog Description: Introduces the student to the basics of clinical laboratory techniques. The student will develop foundational knowledge in the preparation, handling and submission of appropriate samples for diagnostic analysis, learn about the proper maintenance, quality control and safety procedures required in a laboratory setting and the steps involved in evaluating blood, urine, fecal and cytological samples. Prerequisites: VET 201 with a grade of "C" or higher. Corequisites: VET 202, VET LB4, VET 245, VET LB5, VET 246, VET LB6 and VET 280.

VET245 - Small Animal Pathology&Nursing

3 credits

Catalog Description: Overview of common small animal diseases and the techniques used in the diagnostic process, treatment and care of these patients. The student will become familiar with common infectious and noninfectious diseases with regard to epidemiology, clinical signs, diagnostic testing procedures, therapeutic treatments, measures of prevention, zoonotic potential, and expected outcome. Prerequisite: VET201 with a grade of "C" or higher.

Corequisites: VET 202, VET 234, VET LB4, VET LB5, VET 246, VET LB6 and VET 280.

VET246 - Large Animal Pathology&Nursing

3 credits

Catalog Description: Overview of common large animal diseases and the techniques used

in treatment and care of these patients. The student will become familiar with common diseases with regard to epidemiology, incubation period, contagiousness, therapeutic treatments, measures of prevention, zoonotic potential, and expected outcome. Common behaviors and how they affect animal handling and management, large animal nutrition, poisonous plants, and toxins that affect large animals will be discussed. Prerequisite: VET 201 with a grade of “C” or higher. Corequisites: VET 234, VET LB4, VET 245, VET LB5, VET LB6, and VET 280.

VET268 - Anesthesia & Surgical Nursing

3 credits

Catalog Description: Student will develop foundational knowledge of anesthetic agents, along with a working knowledge of common surgical procedures in small and large animals. Emphasis is on the preparation of the surgical patient, the care of the patient both pre- and post-surgery, pain evaluation, and record keeping. CPR and recognition of emergency situations, and the potential for human and animal hazards associated with anesthetic drugs and anesthetized patients. Prerequisites: VET 201, VET 234, VET LB4, VET 245, VET LB5, VET 246, VET LB6 each with a grade of “C” or higher. Corequisite: VET LB7, VET 279, and VET LB8.

VET279 - Vet Radiology & Dentistry

3 credits

Catalog Description: Introduces the basic principles for the understanding and production of diagnostic imaging including radiographic imaging, MRI and ultrasound. Introduces proper dental techniques and the recognition of species specific normal and abnormal dental conditions. Prerequisite: VET 201, VET 234, VET LB4, VET 245, VETLB5, VET 246, VET LB6 each with a grade of “C” or higher. Corequisite: VET 268, VET LB7, VET LB8.

VET280 - Veterinary Parasitology

3 credits

Catalog Description: Catalog Description: An introductory, multidisciplinary course to the

common internal and external parasites of large and small animals. Life cycles, pathologies, diagnostic protocols, treatment, and management control will be studied while integrating anatomy and pharmacology. Students will be able to provide client education concerning parasite prevention, treatment, management, and public health zoonoses. Laboratory work will include microscopic identification of parasites along with the application of appropriate diagnostic tests used in veterinary practice. Prerequisite: VET 201 with a grade of 'C' or higher. Corequisites: VET 234, VET LB4, VET 245, VET LB5, VET246, and VET LB6.

VETLB3 - Lab for VET 223

1 credit

Catalog Description: VET LB3 is the application of didactic instruction for VET 223 and a required co-requisite. Skills and performance in VET LB3 are assessed as a component of VET 223 and therefore, must be successfully completed in addition to all the requirements for VET 223. Students will apply hands-on knowledge of restraint and handling, injections and blood draw techniques. Students will participate in care, feeding, cleaning and enrichment of animals housed in the vivarium. Prerequisites: VET 102, VET 114, BIO 123 and BIO LB3 each with a grade of “C” or higher. Corequisites: BIO 124, BIO LB4, VET 209, VET LB9, VET 223, and VET 124.

VETLB4 - Lab for VET234

1 credit

Catalog Description: VET LB4 is the application of didactic instruction for VET 234 and a required co-requisite. Skills and performance in VET LB4 are assessed as a component of VET 234 and therefore, must be successfully completed in addition to all the requirements for VET 234. Students will develop skills necessary to properly prepare, handle and submit samples for diagnostic analysis, learn proper maintenance, quality control and safety procedures required in a laboratory setting, how to evaluate blood, urine, fecal and cytological

samples. Prerequisites: VET 201 with a grade of “C” or higher. Corequisites: VET 202, VET 234, VET 245, VET LB5, VET 246, VET LB6 and VET280.

VETLB5 - Lab for VET245

1 credit

Catalog Description: VET LB5 is the application of didactic instruction for VET 245 and a required co-requisite. Skills and performance in VET LB5 are assessed as a component of VET 245 and therefore, must be successfully completed in addition to all the requirements for VET 245. Emphasis will be placed on learning techniques used in practice such as proper patient restraint and animal handling, physical assessment, collection of diagnostic samples, placement and maintenance of intravenous catheters, urethral catheterization, administration of fluids, drugs and medications, applying and removing bandages. Prerequisite: VET 201 with a grade of “C” or higher. Corequisites: VET 202, VET 234, VET LB4, VET 245, VET 246, VET LB6 and VET 280.

VETLB6 - Lab for VET246

1 credit

Catalog Description: VET LB6 is the application of didactic instruction for VET 246 and a required co-requisite. Skills and performance in VET LB6 are assessed as a component of VET 246 and therefore, must be successfully completed in addition to all the requirements for VET 246. Emphasis will be placed on learning techniques used in practice such as proper patient restraint and animal handling, physical assessment, collection of diagnostic samples, placement and maintenance of intravenous catheters, administration of fluids, drugs and medications, applying and removing bandages. Prerequisite: VET 201 with a grade of “C” or higher. Corequisites: VET 234, VET LB4, VET 245, VET LB5, VET 246, and VET 280.

VETLB7 - Lab for VET268

1 credit

Catalog Description: VET LB7 is the application of didactic instruction for VET 268

and a required co-requisite. Skills and performance in VET LB7 are assessed as a component of VET 268 and therefore, must be successfully completed in addition to all the requirements for VET 268. Emphasis on anesthetic procedures along with patient preparation and care, monitoring devices and techniques, maintaining operative room asepsis. Creation of post-op home care instructions. Prerequisite: VET 201, VET 234, VET LB4, VET 245, VET LB5, VET 246, VET LB6 each with a grade of “C” or higher. Corequisite: VET268, VET 279, and VET LB8.

VETLB8 - Lab for VET279

1 credit

Catalog Description: VET LB8 is the application of didactic instruction for VET 279 and a required co-requisite. Skills and performance in VET LB8 are assessed as a component of VET 279 and therefore, must be successfully completed in addition to all the requirements for VET 279. Produce diagnostic quality images using portable and fixed xray machines. Perform comprehensive oral health assessment and prophylaxis including dental radiographs. Prerequisite: VET 201, VET234, VET LB4, VET 245, VET LB5, VET 246, and VET LB6 each with a grade of “C” or higher. Corequisite: VET 268, VET LB7, VET 279.

POLICIES & REGULATIONS

Review the GCC Student Handbook at <https://www.genesee.edu/resources/current-students/student-handbook/> for a list of campus mandates, polices, reports and related consumer information, including the GCC Student Code of Conduct. Additional policies & regulations below:

Dropping or Adding a Course

A student may drop or add a course through the College website, in person, by fax, or email. All add and drop activities should be completed during the first week of the semester. Under special circumstances, a student may add or drop a course in the second or third week.

Adding a course after the first week of class requires the signature of the professor. If a student withdraws from a course after the census date and prior to the completion of 9/16 of the course, a “W” grade is entered on the transcript. Students should talk to the Student Accounts Office, the Financial Aid Office, and their advisor regarding the effect of this withdrawal on tuition payment and financial assistance.

Grading Practices

Grades are used to assess student achievement and report on student progress. Instructors will inform students (in clear performance terms) at the beginning of each course what constitutes minimal requirements for each letter grade applicable to the course.

Grade points are assigned to letter grades as follows:

Grade	Description
A	4.00 points per credit hour
A-	3.67 points per credit hour
B+	3.33 points per credit hour
B	3.00 points per credit hour
B-	2.67 points per credit hour
C+	2.33 points per credit hour
C	2.00 points per credit hour
C-	1.67 points per credit hour
D+	1.33 points per credit hour
D	1.00 points per credit hour
D-	0.67 points per credit hour
F	0.00 points per credit hour

Other notations may also be used:

Grade	Description
H	Honors level course
J	Not yet graded by faculty member
S	Satisfactory completion (used only in non-credit courses)
CP	Clinical - Passed; no quality points (used for credit bearing clinical requirements that have a co-requisite credit course)
CF	Clinical – Failed; no quality points (used for credit clinical

Grade	Description
U	requirements that have a co-requisite credit course) Unsatisfactory completion (used only in non-credit courses)
W	Withdrawal from course
IP	In process
CR	Credit earned by examination
AU	Course registration by audit
TR	Credit transferred from another institution of higher education

Further grading descriptions:

- W - The "W" grade is recorded for students who officially withdraw from a course after the census date (end of the third week of a 34 full-semester course) and before the end of the ninth week. For summer and special sessions, the "W" grade is recorded for students who officially withdraw after the census date and before 9/16 of the course. It is the student's responsibility to officially withdraw from a class by the designated deadline.
- IP - The "IP" grade may be given only in emergency or unusual circumstances at the discretion of the instructor to students who have made good faith progress in courses but who have not completed course requirements by the end of any term (regular semester or special session). The designation "good faith progress" means that the student must have satisfactorily completed most of the course requirements. An "IP" grade is recorded only if it is accompanied by an "IP" contract signed by both the student and faculty member. An "IP" grade is changed automatically to an "F" grade if the Records Office does not have a change of grade by the last day of class of the twelfth week of the first full semester following the session in which the "IP" grade was earned. The responsibility to present a change of grade to the Records

Office is shared by the student and faculty members. Any student accepting an "IP" cannot graduate until the end of the term in which the "IP" is completed and graded.

AU - If a student wishes to audit a course, he/she must register for the class prior to the end of the third week of classes. The student must obtain a request to audit form from the Records Office, have the instructor sign the form, and return it to the Records Office. Students are expected to pay the standard tuition fees appropriate for the class to be audited.

Granting Additional Certificates & Degrees

A graduate of Genesee Community College may earn additional degrees and/or certificates under the following conditions:

1. The degrees and/or certificates are in different areas. Two areas are defined as different if there is a minimum of 12 or 15 credit hours difference in required courses. However, a degree may be in the same area as a previously earned certificate.
2. The student successfully completes all required courses for the additional degrees and/or certificates.
3. All general education courses from the previous degree may be applied to additional degrees.
4. No more than two degrees and/or certificates will be awarded at any one time.
5. Students may concurrently be awarded two degrees only if the discipline areas are separate and distinct, i.e., delineated by different IPED/HEGIS codes. This does not preclude a student from returning later after receiving the first degree to complete a second degree within a single broad area. For example, a student may not concurrently receive an A.A.S. in Fashion Merchandising Management and one in Retail Business Management, but that student may return

a semester after receiving the first degree, complete the 12-15 or more different required hours, and then receive the second degree.

Image Release

As a student, faculty or staff member, or visitor to any of the campus or campus centers of Genesee Community College (GCC) or at an event not on campus, but sponsored by GCC, you grant permission to GCC and/or its assigns, its clients, or agents, full permission to use, publish, and copyright, either in whole or in part, photographs or other images or likenesses of yourself in the form of videotape, film or digital stills, or any other medium. Such material may be used with or without your name in publications, television, billboards, online, social media and other media for promotion and advancement of the College. You give this permission without expectation of any remuneration.

Nondiscrimination Policy

In compliance with the letter and spirit of applicable Federal and State laws and pursuing its own goals of diversity, Genesee Community College is committed to ensuring equal employment and educational opportunity without regard to an individual's race, color, national origin, sex, gender, , gender identity, gender expression, sexual orientation(or perceived sex, gender, gender identity, gender expression, or sexual orientation), pregnancy religion, creed, age, disability predisposing genetic characteristics, familial status, marital status, veteran status, military status, domestic violence victim status, or criminal history. This includes, but is not limited to, student admissions, counseling, housing, grading, financial aid, recruitment, application process, hiring, training, disciplinary actions, compensation, promotion, termination, and all other terms and conditions of employment, educational status, and access to college programs and activities. Genesee Community College will provide accommodations to individuals with disabilities in

accordance with the Americans with Disabilities Act. The College will further provide accommodations to ensure the full participation of individuals in college programs, when such accommodations are reasonable and necessary, due to an individual's religion, pregnancy, maternity, or breastfeeding status. Employees, students, applicants, or other members of the college community (including but not limited to vendors, visitors, and guests) may not be subjected to discrimination or harassment that is prohibited by law or treated adversely based upon a protected characteristic. In this context, sexual discrimination includes sexual harassment and sexual violence. All complaints of sexual violence, including assault, stalking, harassment, intimate partner violence, and other forms of sexually intimidating or threatening conduct will be promptly investigated. Questions and complaints about discrimination or harassment and the College's compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, Title IX of the Education Amendments of 1972, and the Age Discrimination Act of 1975, New York State Human Rights Law, and other federal, state, and local laws should be directed to Christa Aldrich, Executive Director for Human Resources, Affirmative Action Officer and Title IX Coordinator, Genesee Community College, One College Rd, Batavia, NY 14020, Email: cmaldrich@genesee.edu, Phone: (585) 343-0055, ext.6514. Complaint procedures can be found at www.genesee.edu/depts/hr. Inquiries concerning nondiscrimination laws and compliance requirements may also be directed to the Assistant Secretary for Civil Rights, US Department of Education.

Privacy Statement

Genesee Community College (Genesee) is committed to protecting your privacy. This website is designed to make it easier and more efficient for individuals and businesses to interact with Genesee. We recognize that it is critical for individuals and businesses to be confident that

their privacy is protected when they visit the Genesee website.

This statement describes Genesee's privacy practices regarding information collected from users of this website. This statement describes what information is collected and how that information is used. This statement is consistent with the provisions of the Internet Security and Privacy Act, the Freedom of Information Law, the Family Educational Rights & Privacy Act (FERPA), and the Personal Privacy Protection Law.

Genesee does not collect any personal information about you unless you provide that information voluntarily by filing an application, sending an email, responding to a survey, enabling your computer to reveal your username on that system, or completing an online transaction.

Information Collected Automatically When You Visit this Website

Genesee automatically collects and stores the following information about each website visit:

- IP Address - The hostname or Internet Protocol address of the user requesting access to the Genesee website.
- Method - The request method used.
- Referrer - The referrer specifies the web page from which the user accessed the current web page.
- Request - The exact request the user made.
- Status - The status code the server returns to the user.
- System Date - The date and time of the user request.
- Universal Resource Identifier (URI) - The location of a resource on the server.
- URI Query String - Anything after the question mark in a URI.
- User Agent - The user agent information includes the type of browser, its version, and the operating system on which the browser is running.

The information above is collected for internal statistical analysis only and is used to help us improve this website's content, navigation, and user experience. Genesee will neither sell nor otherwise disclose the information collected from our website for non-university commercial marketing purposes.

Cookies

To better serve you, we use 'cookies' to enhance or customize your visit to this website. Cookies are simple text files stored on your web browser to provide a means of distinguishing among users of this website. The use of cookies is a standard practice among Internet websites. To better serve you, we use "session cookies" to enhance or customize your visit to this website. Session cookies can be created automatically on the device you use to access genesee.edu. A session cookie is erased during operation of your browser or when your browser is closed. These session cookies do not contain personal information and do not compromise your privacy or security. We may use the cookie feature to store a randomly generated identifying tag on the device you use to access this website.

Information Collected When You Email Genesee or Complete a Transaction

During your visit to Genesee's website, you may send an email to Genesee. Your email address and the contents of your message will be collected. The information collected is not limited to text characters and may include audio, video, and graphic information formats included in the message. Your email address and the information included in your message will be used to respond to you, to address issues you identify, to improve this website, or to forward your message to another Genesee contact for appropriate action. Your email address is not collected for non-university commercial purposes, and Genesee will not sell or otherwise disclose your email address for non-university commercial purposes.

During your visit to Genesee's website, you may complete a transaction such as a survey, registration, application, or other business

transaction. The information collected by Genesee, including personal information volunteered by you in completing the transaction, is used by Genesee, and may be disclosed by Genesee for those purposes that may be ascertained from the nature and terms of the transaction in which the information was submitted.

Genesee does not knowingly collect personal information from children or create profiles of children through this website. Users are cautioned, however, that the collection of personal information submitted in an email will be treated as though it was submitted by an adult, and may, unless exempted from access by federal or State law, be subject to public access. Genesee strongly encourages parents and teachers to be involved in children's Internet activities and to provide guidance whenever children are asked to provide personal information online.

Information and Choice

As noted above, Genesee does not collect any personal information about you unless you provide that information voluntarily by filing an application, sending an email, responding to a survey, enabling your computer to reveal your username on that system, or completing an online transaction.

You may choose not to engage in any of these activities. While your choice not to participate in these activities may limit your ability to receive specific services or products through this website, it may not normally have an impact on your ability to take advantage of other features of this website, including some browsing or downloading information.

Disclosure of Information Collected Through This Website

The collection of information through this website and the disclosure of that information are subject to the provisions of the Internet Security and Privacy Act. Genesee will only collect personal information through this website or disclose personal information collected through this website if the user has consented to the

collection or disclosure of such personal information. The voluntary disclosure of personal information to Genesee by the user, whether solicited or unsolicited, constitutes consent to the collection and disclosure of the information by Genesee for the purposes for which the user disclosed the information to the Genesee, as was ascertainable from the nature and terms of the disclosure.

Genesee may however collect or disclose personal information without consent if the collection or disclosure is: (1) necessary to perform the statutory duties of Genesee, or necessary for Genesee to operate a program authorized by law, or authorized by state or federal statute or regulation; (2) made pursuant to a court order or by law; (3) for the purpose of validating the identity of the user; or (4) of information to be used solely for statistical purposes that is in a form that cannot be used to identify any particular person.

The disclosure of information, including personal information, collected via this website is subject to the provisions of the Freedom of Information Law, the Family Educational Rights & Privacy Act (FERPA), and the Personal Privacy Protection Law.

Genesee may also disclose personal information to federal, state, or local law enforcement authorities to enforce its rights against unauthorized access or attempted unauthorized access to Genesee's information technology assets.

Retention of Information Collected Through this website

The information collected through genesee.edu is retained by Genesee in accordance with the records retention and disposition requirements of the New York State Arts & Cultural Affairs Law. In general, the Internet services logs of Genesee, comprising electronic files or automated logs created to monitor access and use of Agency services provided through genesee.edu, are archived for future reference. Information, including personal information, that you submit in an e-mail or when you complete a

survey, application, financial transaction, registration form, or order form is retained in accordance with the records retention and disposition schedule established for the records of the program unit to which you submitted the information. Information concerning these records retention and disposition schedules may be obtained through the Internet privacy statement contact listed in this statement.

Access to and Correction of Personal Information Collected Through this Website

Any user may submit a request to Genesee's privacy compliance office to determine whether personal information pertaining to that user has been collected through this website. Any such request shall be made in writing and must be accompanied by reasonable proof of identity of the user. Reasonable proof of identity may include verification of a signature, inclusion of an identifier known only to the user, or similar appropriate identification. The address of the privacy compliance office is:

Internet Privacy Compliance Office
c/o Information Technology Services T-212
Genesee Community College
One College Rd.
Batavia, NY 14020

The privacy compliance office shall, within five (5) business days of the receipt of a proper request, provide access to the personal information; deny access in writing, explaining the reasons therefore; or acknowledge the receipt of the request in writing, stating the approximate date when the request will be granted or denied, which date shall not be more than thirty (30) days from the date of the acknowledgment.

In the event that Genesee has collected personal information pertaining to a user through genesee.edu and that information is to be provided to the user pursuant to the user's request, the privacy compliance office shall inform the user of his or her right to request that the personal information be amended or

corrected under the procedures set forth in section 95 of the Public Officers Law.

Confidentiality and Integrity of Personal Information Collected Through this Website

Genesee is strongly committed to protecting personal information collected through this website against unauthorized access, use or disclosure. Consequently, Genesee limits employee access to personal information collected through this website to only those employees who need access to the information in the performance of their official duties. Employees who have access to this information follow appropriate procedures in connection with any disclosures of personal information. In addition, Genesee has implemented procedures to safeguard the integrity of its information technology assets, including, but not limited to, authentication, authorization, monitoring, auditing, and encryption. These security procedures have been integrated into the design, implementation, and day-to-day operations of this website as part of our continuing commitment to the security of electronic content as well as the electronic transmission of information. For website security purposes and to maintain the availability of the website for all users, Genesee employs software to monitor traffic to identify unauthorized attempts to upload or change information or otherwise damage this website.

User - shall have the meaning set forth in subdivision 8 of section 202 of the State Technology Law.

Probation & Academic Standing

Good Academic Standing

Students are considered in Good Academic Standing during the first eleven (11) credit hours for which they are registered at the College, regardless of GPA. Effective the term in which a student registers for their twelfth credit hour, the following standard is applied to maintain Good Academic Standing:

- Students attempting a cumulative total of twelve (12) credit hours or more must have a cumulative grade point average (GPA) of ≥ 2.0 to be in Good Academic Standing.

Academic standing will be evaluated at the end of the fall term, the end of the spring term, and shortly before the start of the fall term. Students with a cumulative GPA of ≥ 2.0 , but a term GPA of less than 2.0, will be sent a letter reminding them that they must maintain a cumulative GPA of ≥ 2.0 to remain in Good Academic Standing and for graduation eligibility.

Students Not in Good Academic Standing

Academic Warning

Students not meeting the Good Academic Standing guidelines for the first time are placed on Academic Warning. Students on Academic Warning are not limited in registering for credit hours. They must meet with their academic advisor or success coach before the mid-point of the semester to discuss progress and any additional support needs. To return to good academic standing, a student on Academic Warning must raise their cumulative GPA to ≥ 2.0 . Procedure 406: Good Academic Standing Page 2 of 2

- Students on Academic Warning who do not return to good academic standing in a successive semester will be placed on Academic Probation.

Academic Probation

Students not meeting the Good Academic Standing guidelines for the second or subsequent times shall be placed on Academic Probation. Students on Academic Probation are restricted to registering for 14 credits or less. They will have a hold placed on their registration until they speak with an academic advisor or success coach and develop a personalized plan for academic improvement. Students must agree

to, sign, and follow the academic progress plan developed with their success coach or advisor. That plan may require the student to take and pass the course “College Success” (CES101) or have other requirements such as mandated tutoring. To return to Good Academic Standing, students must raise their cumulative GPA to ≥ 2.0 . Students on Academic Probation who successfully complete the term with ≥ 2.0 GPA, but do not raise their cumulative GPA to ≥ 2.0 will have their Academic Probation status extended for 1 full semester. Students on Academic Probation who do not return to Good Academic Standing and do not earn a term GPA of ≥ 2.0 will be placed on Academic Restriction.

Academic Restriction

Students on Academic Probation who do not achieve a term GPA of ≥ 2.0 and raise their cumulative GPA to ≥ 2.0 will be placed on Academic Restriction. Students on Academic Restriction are limited to registering for 7 credit hours or less and will have a hold placed on their registration until they speak with an academic advisor or success coach to develop a plan for academic improvement. Students must agree to, sign, sign, and follow the academic progress plan developed with their success coach or advisor. Students on Academic Restriction who raise their cumulative GPA to ≥ 2.0 will return to Good Academic Standing. Students who earn a term GPA of ≥ 2.0 , but do not bring their cumulative GPA to ≥ 2.0 will return to the Academic Probation level. Students who do not earn a term GPA of ≥ 2.0 and do not bring their cumulative GPA to ≥ 2.0 will remain on Academic Restriction.

If a student feels that extenuating circumstances have affected their academic performance, resulting in their not being in Good Academic Standing, they may appeal against their status in writing to the Academic Standards Committee of the Academic Senate. Faculty members are encouraged to participate in the College’s early intervention systems and strategies to notify

students of unsatisfactory academic performance with adequate time for improvement.

Religious Observance Disclosure

Genesee Community College recognizes the right of students to be absent from classes for religious reasons. Any student who is unable, because of his/her religious beliefs, to attend classes on a particular day or days shall, because of such absence on the day or days, be excused from any examination or any study or work requirements. That student will have an equivalent opportunity to make up any examination, study, or work requirements which he/she may have missed because of such absence. It is the student's responsibility to notify an instructor at least a week in advance that he/she will be absent on a certain day because of a religious holiday. Applicable provisions of the education law which further protect the rights of students in this regard are reprinted below: No person shall be expelled from or be refused admission as a student to an institution of higher education since he is unable, because of his religious beliefs, to attend classes or to participate in any examination, study, or work requirements on a particular day or days. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his religious beliefs, an equivalent opportunity to make up any examination, study, or work requirements which he/she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such an equivalent opportunity. If classes, examinations, study, or work requirements are held on Friday after 4 p.m. or on Saturday, similar makeup classes, examinations, study, or work requirements shall be made available on other days where it is possible and practicable to do so. No special fees shall be charged to the student for these

classes, examinations, study, or work requirements held on other days.

In effectuating this section's provisions, it shall be the faculty and administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because he or she avails himself or herself of the provisions of this section.

Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the supreme court of the county in which such institute of higher education is located for the enforcement of his/her rights under this section.

Repeating a Course

Students may repeat a course for which credit has been received with a grade of A- or lower. If a higher grade is earned upon repeating a course, only the higher of the two grades will be computed to determine a cumulative grade point average (GPA), although both grades will be recorded on transcripts. A student may not repeat a course for which he or she has already received an "A" grade.

No course may be repeated solely to increase the number of credits earned in courses where the credit hours have been changed. The course will only be counted once toward graduation requirements and computation of total hours earned.

Full-time students who repeat a course for which credit has already been received should register for 12 credit hours relevant to their degree program and the repeated course to remain eligible for TAP awards. Full-time students who register for remedial courses should also register for at least six credits of non-remedial credit courses. However, during the first term of funding, a full-time student need only register for at least three credits of non-remedial credit

courses. Students at community colleges are eligible for six semesters of TAP funding.

Statement on Academic Freedom

Genesee Community College is committed to academic and intellectual freedom. The presentation and open discussion of ideas are fundamental aspects of higher education. The College recognizes that exposure to ideas that challenge and may even contradict personal beliefs is an inevitable part of this educational experience. Such exposure does not require acceptance of the ideas in question, but individuals may legitimately be expected to both learn from and respond to these ideas as a part of the educational process. The right of all individuals to hold belief systems of their choice, including systems objectionable to others, must be respected by all members of the College community. Students, faculty, and staff all must honor each person's right to differ and, in doing so, to become all that they are capable of being.

Student Academic Appeals

Students having a complaint concerning an academic matter (for example, a course grade, graduation requirements, transfer credit) may grieve the complaint as follows. (Academic probation status appeals use a separate appeals process.)

Before the appeal process begins, the student must discuss the complaint with the faculty or staff member whose action prompted the complaint. If the complaint is not resolved, the student must discuss it with the appropriate academic director or supervising dean. When a complaint is not resolved to the student's satisfaction, (s)he may appeal to the Academic Standards Committee of the Academic Senate for a decision on the complaint (The appeals chair will verify that these discussions have taken place or facilitate them.)

1. The student must initiate contact with the Academic Standards Committee by submitting a Request to Appeal form

either electronically via the Genesee Community College website or by U.S. mail addressed to: Office of the Associate Vice President for Student Success, ATTN.: Academic Standards Committee. The form can be found at <http://faculty.genesee.edu/senate/appeal.htm>, or a copy may be obtained from the Office of the Associate Vice President for Student Success. A copy of the appeal form will be forwarded to the Academic Standards Committee Appeals Chair, the Vice President for Academic Affairs, and the course instructor. There is a fifteen-day statute of limitations to initiate contact with the Academic Standards Committee on all student academic appeal issues. This statute of limitations period begins on the first day of the next full semester (Fall or Spring) following the post date of the disputed grade. Exceptions to this statute of limitations may be made on a case-by-case basis. This decision will be made by the appeals chair.

2. The student will be contacted by the Academic Standards Appeals Chair, and the appeal process will begin. Copies of the appeal procedure details are available in the Office of the Vice President of Student and Enrollment Services.
3. Decisions of the Academic Standards Committee may be appealed by the student to the Vice President for Academic Affairs. The decision by the Vice President for Academic Affairs will be final.

Transcript Request

- 1.

The following instructions are available by navigating to:

<https://www.genesee.edu/academics/transcripts/>

Order an OFFICIAL transcript through myGCC – available to current students and recent graduates:

6. [Log in to your myGCC](#) account. (For login help call the GCC Central Helpdesk 24 hours a day at 1-866-614-5004 — choose Option #1)
7. Select **My Account**
8. Select **Banner Self-Service**
9. Select **Request Transcript** under the **Student Records Access** menu
10. Follow the instructions to place a transcript order

Order an OFFICIAL/UNOFFICIAL transcript without a myGCC account – available to any former student:

Students who attended Genesee prior to 1995 may not have electronic records available; transcript requests for these dates may require additional processing time, please plan accordingly.

11. Navigate to [Transcript Ordering Services](#).
12. Follow the instructions to place a transcript order

Note: All users submitting a transcript request without a myGCC account will be required to sign a consent form.

View an UNOFFICIAL transcript through myGCC – current students and recent graduates:

13. [Log in to your myGCC](#) account.
14. Select **My Account**
15. Select **Banner Self-Service**
16. Select **View Transcript** under the **Student Records Access** menu

Withdrawal from a Course

Students may officially withdraw from a course through the ninth week of classes during a full semester course and prior to the completion of 9/16 of a course during the summer or special classes. Withdrawal deadlines are published each semester. To officially withdraw, a student may withdraw online (through MyGCC) or by

submitting a registration change form to the Records Office. It is the student's responsibility to properly withdraw. Withdrawal grades will be assigned as follows:

- Official withdrawals received by the Records Office prior to the census date (i.e., the end of the third week of classes) will result in the course being deleted from the student's record and no grade will be recorded
- Official withdrawals received by the Records Office after the census date and prior to the end of the ninth week (specific date published each semester) will result in a grade of "W"
- Formal withdrawal may not be initiated after the ninth week of classes (specific date published each semester). Failure to complete course requirements will result in a grade of "F"
- Refunds are not given without advanced withdrawal notice from the student. Refund and charge reductions are determined by the date of written withdrawal notice.

Withdrawal from the College

Students finding it necessary to withdraw from the College before the end of a term in which they are enrolled must follow established withdrawal procedures. Withdrawals may be completed online (through MyGCC) or in person in the Records Office. Refunds are given pro rata and not without advance withdrawal notice from the student. The student should contact the Student Accounts Office immediately if he/she is considering withdrawal from the College.

COLLEGE DIRECTORY

Board of Trustees

Genesee Community College is governed by a 10-member Board of Trustees. Five of the trustees are appointed by the Genesee County Legislature, the sponsoring organization; four are appointed by the governor of the State of New York; and one is elected by the student body.

Terms are for seven years, except for the student trustee who serves a one-year term. The trustees act to set College policy, approve long-range plans, act on approval of the College's annual operating and capital budgets, and make recommendations on administrative, faculty, and student concerns. They also serve as an important link between the College and the community. They work with the local sponsor of the College, the Genesee County Legislature, which approves and shares support for the College budget.

Currently serving as trustees are:

Jacalyn Whiting, Chair
 Mary Alice Panek, Vice Chair
 Sarah Noble-Moag, Secretary
 Phillip DiMartino
 Gary Graber
 Donna Ferry
 David Hagelberger
 Diana Kastenbaum
 Maureen Marshall

Previous Presidents of the College

Dr. Alfred O'Connell, 1967-1970
 Dr. Cornelius Robbins, 1970-1975
 Dr. Stuart Steiner, President Emeritus, 1975-2011
 Dr. James Sunser, President Emeritus, 2011-2024

Administrative Officers of the College

Craig R. Lamb, President
 B.S. St. Lawrence University, M.S. SUNY Plattsburgh, Ph.D. SUNY University at Albany
 Bethany A. Aradine, Executive Assistant to the President
 A.A.S. Genesee Community College, B.S. SUNY Empire State College
 Justin M. Johnston, Vice President for Development, Admissions, and External Affairs
 B.A. Daemen College, M.S. Canisius College

Kathleen Landy, Vice President for Academic Affairs, Provost
 B.A. SUNY College at Geneseo, M.S. Fordham University, Ed.D. Fordham University

Kimberly I. McKinsey-Mabry, Vice President for Student Affairs, Chief Diversity Officer
 A.S. Monroe Community College, B.S. SUNY Empire State University, M.B.A. Metropolitan College of New York, Ed.D. St. John Fisher University, Certificate Reducing Racial Disparities in Health Care, Harvard Online

Nikolas E. Varrone, Vice President for Information Technology Services, Chief Information Officer
 B.S. Temple University, M.B.A. SUNY Polytechnic Institute

Gina M. Weaver, Vice President for Finance and Operations, Chief Financial Officer
 B.A. SUNY College at Potsdam, M.B.A. St. John Fisher College

Lourdes M. Abaunza, Bursar
 A.A.S. Genesee Community College, B.S. SUNY College at Brockport, M.S. Keuka College

Christa M. Aldrich, Executive Director for Human Resources
 A.S. Corning Community College, B.S. SUNY College at Brockport

Joseph A. Bailey, Assistant Dean for Enrollment Services/Director of Financial Aid
 B.A. University of Rochester, M.S. University of Rochester
 Received the State University Chancellor's Award for Excellence in Professional Service, 2004-2005

Amy L. Churchfield, Associate Dean of Campus Centers

B.S. Elmira College, M.A. Indiana University of Pennsylvania

Patricia S. Furness, Assistant Director, Operations

Academic departments and degree programs have advisory committees comprised of area professionals, educators, and Genesee Community College graduates. Members assist program directors in providing curricula that reflect contemporary societal needs, current methods, and procedures occurring in their fields of study
